

Landolt-Börnstein
Group V: Geophysics

Volume 1
Physical Properties of Rocks

Subvolume A

	Title Page, Contributors, Preface, Survey	
0	The rocks of the earth (H.-G. HUCKENHOLZ)	1
0.1	Introduction	1
0.2	The igneous rocks	3
0.3	The metamorphic rocks	26
0.4	The sedimentary rocks	44
0.5	References for Introduction	65
1	Density	66
1.1	Densities of minerals (J. WOHLBERG)	66
1.1.0	Introduction	66
1.1.1	Density and X-ray density of minerals	67
1.1.2	References for 1.1	113
1.2	Densities of rocks (J. WOHLBERG)	113
1.3	Density of minerals and rocks under shock compression (D. STÖFFLER)	120
1.3.1	Theory of shock waves in solids	120
1.3.2	Experimental techniques	126
1.3.3	Tables	127
1.3.4	References for 1.3	181
2	Porosity and permeability	184
2.1	Porosity of rocks (J.R. SCHOPPER)	184
2.1.0	Introduction	184
2.1.1	Definitions	184
2.1.2	Origin and different types of porosity	185
2.1.3	Direct effect of temperature on porosity	188
2.1.4	Effect of pressure on porosity	188
2.1.5	Relation to density	189
2.1.6	Measurement	190
2.1.7	List of symbols	192
2.1.8	Tables and diagrams	192
2.1.9	References for 2.1	262
2.2	Specific internal surface and capillarity of rocks (J.R. SCHOPPER)	267
2.3	Permeability of rocks (J.R. SCHOPPER)	278
2.3.1	Definitions	278
2.3.2	Origin and different types of permeability	282

2.3.3	Relations to other petrophysical quantities	282
2.3.4	Measurement	284
2.3.5	List of symbols	285
2.3.6	Tables and figures	286
2.3.7	References for 2.3	303
3	Elasticity and inelasticity (See Vol. 1B)	
4	Thermal properties	305
4.1	Thermal conductivity and specific heat of minerals and rocks (V. CERMAK, L. RYBACH)	305
4.1.1	Introductory remarks	305
4.1.2	Tables	310
4.1.2.1	Minerals	310
4.1.2.2	Rocks	315
4.1.3	References for 4.1	341
4.2	Thermal conductivity of soil (M. SCHUCH)	344
4.3	Melting temperatures of rocks (R. SCHMID)	345
4.4	Radioactive heat generation in rocks (L. RYBACH, V. CERMAK)	353
4.4.1	Introduction	353
4.4.2	Data	356
4.4.3	References for 4.4	371
	Subject index for volumes 1A, 1B and 2A, 2B (see Vol. 2B)	

Physical Properties of Rocks

Czermak, V.; Huckenholz, H.G.; Rybach, L.; Schmid, R.;
Schopper, J.R.; Schuch, M.; Stöffler, D.; Wohlenberg, J.
1982, 373 p., Hardcover
ISBN: 978-3-540-10333-2
