

Landolt-Börnstein
Group I: Elementary Particles, Nuclei and Atoms

Volume 12
Total Cross-Sections for Reactions of High Energy Particles

Subvolume B

	Introductory material	
	Introduction, conventions adopted, particle dictionary	
I	(π^-) induced reactions	
II	(π^+) induced reactions	
III	(K^-) induced reactions	
IV	(K^+) induced reactions	1
V	Proton/neutron induced reactions	73
VI	Antiproton/antineutron induced reactions	181
VII	Hyperon induced reactions	323
VIII	(K^0)(L) induced reactions	332
IX	Photon induced reactions	345
X	Neutrino/antineutrino induced reactions	401

Total Cross-Sections for Reactions of High Energy
Particles (Including Elastic, Topological, Inclusive and
Exclusive Reactions) / Totale Wirkungsquerschnitte für
Reaktionen hochenergetischer Teilchen (einschließlich
