

	Introductory material	
	General introduction (H. FISCHER)	
7	Oxyl-, carbonyloxy and related radicals (J. LUSZTYK)	1
7.0	General introduction	1
7.1	Alkoxy radicals	1
7.1.0	Introduction	1
7.1.1	Unimolecular reactions	3
7.1.2	Radical-molecule reactions	10
7.2	Siloxy radicals	175
7.3	Carbonyloxy radicals	175
7.3.0	Introduction	175
7.3.1	Unimolecular reactions	176
7.3.2	Radical-molecule reactions	183
7.4	Phosphinoyloxy radicals	225
7.5	Sulfonyloxy radicals	226
	References for 7	228
8	Phenoxy and related radicals (J.A. HOWARD)	231
8.0	Introduction	231
8.1	Radical-radical reactions	232
8.1.1	Self-reactions	232
8.1.2	Radical-dimer equilibria	260
8.1.3	Reactions involving different phenoxy radicals	261
8.1.4	Radical-dimer equilibria involving different phenoxy radicals	266
8.1.5	Reactions involving a different radical	268
8.1.6	Reactions involving oxygen and O ₂ ⁻	269
8.1.7	Reactions involving a peroxy radical	277
8.2	Unimolecular reactions	284
8.2.1	Isomerization	284
8.2.2	Scission	301
8.2.3	Miscellaneous unimolecular reactions	301
8.3	Radical-molecule reactions	305
8.3.1	Reactions with alkenes	305
8.3.2	Reactions with phenols	311
8.3.3	Reactions with hydroperoxides	348
8.3.4	Electron and proton transfer reactions	357
8.3.5	Reactions with biological molecules	378
	References for 8	394
	Index of substances for Vols. 13 and 18	

Alkoxyl, Carbonyloxyl, Phenoxy, and Related Radicals

Howard, J.A.; Luszyk, K.

1997, XII, 395 p., Hardcover

ISBN: 978-3-540-56057-9
