

# Table of Contents

## Invited Talk

Present and Future Trends of Mobile Agent Technology .....	1
<i>D. B. Lange</i>	

## Mechanisms for Mobile Agent Systems

The Shadow Approach: An Orphan Detection Protocol for Mobile Agents .....	2
<i>J. Baumann, K. Rothermel</i>	
An Approach for Providing Mobile Agent Fault Tolerance .....	14
<i>F. M. Assis Silva, R. Popescu-Zeletin</i>	
Transparent Migration of Java-Based Mobile Agents: Capturing and Reestablishing the State of Java Programs .....	26
<i>S. Fünfroeken</i>	

## Mobile Agent Architectures

Infrastructure for Mobile Agents: Requirements and Design .....	38
<i>Y. Aridor, M. Oshima</i>	
MASIF: The OMG Mobile Agent System Interoperability Facility .....	50
<i>D. Milojicic, M. Breugst, I. Busse, J. Campbell, S. Covaci, B. Friedman, K. Kosaka, D. Lange, K. Ono, M. Oshima, C. Tham, S. Virdhagriswaran, J. White</i>	
Automatic State Capture of Self-Migrating Computations in MESSENGERS .....	68
<i>C. Wicke, L. F. Bic, M. B. Dillencourt, M. Fukuda</i>	

## Invited Talk

Mobile Agent Applicability .....	80
<i>D. Johansen</i>	

## Applications I

An Agent Based Application for Personalised Vehicular Traffic Management .....	99
<i>A. Schill, A. Held, W. Böhmak, T. Springer, T. Ziegert</i>	
Stationary vs. Mobile User Agents in Future Mobile Telecommunication Networks .....	112
<i>A. Küpper, A. S. Park</i>	
Integrating Mobile Agents into the Mobile Middleware .....	124
<i>E. Kovacs, K. Röhrle, M. Reich</i>	

## **Mobile Agent Systems**

A Mobile Object Workbench .....	136
<i>M. Bursell, R. Hayton, D. Donaldson, A. Herbert</i>	
An Overview of AgentSpace: A Next-Generation Mobile Agent System .....	148
<i>A. Silva, M. Mira da Silva, J. Delgado</i>	
muCode: A Lightweight and Flexible Mobile Code Toolkit .....	160
<i>G. P. Picco</i>	

## **Security**

Mobile Agents and Intellectual Property Protection .....	172
<i>S. G. Belmon, B. S. Yee</i>	
Ensuring the Integrity of Agent-Based Computations by Short Proofs .....	183
<i>I. Biehl, B. Meyer, S. Wetzel</i>	
Protecting the Computation Results of Free-Roaming Agents .....	195
<i>G. Karjoth, N. Asokan, C. Gülcü</i>	

## **Invited Talk**

Wide-Area Languages .....	208
<i>L. Cardelli</i>	

## **Communication**

Agent-User Communications: Requests, Results, Interaction .....	209
<i>A. Lingnau, O. Drobniak</i>	
A Plug-in Architecture Providing Dynamic Negotiation Capabilities for Mobile Agents .....	222
<i>M. T. Tu, F. Griffel, M. Merz, W. Lamersdorf</i>	
Reactive Tuple Spaces for Mobile Agent Coordination .....	237
<i>G. Cabri, L. Leonardi, F. Zambonelli</i>	

## **Applications II**

Enabling a Mobile Network Manager (MNM) through Mobile Agents .....	249
<i>A. Sahai, C. Morin</i>	
Scalable Service Deployment Using Mobile Agents .....	261
<i>L. Bernardo, P. Pinto</i>	
Designing a Videoconference System for Active Networks .....	273
<i>M. Baldi, G. P. Picco, F. Risso</i>	

<b>Author Index</b> .....	285
---------------------------	-----

Mobile Agents

Second International Workshop, MA'98, Stuttgart,  
Germany, September 9-11, 1998

Rothermel, K.; Hohl, F. (Eds.)

1998, VIII, 288 p., Softcover

ISBN: 978-3-540-64959-5
