Table of Contents

Full Papers

Strawson on Intended Meaning and Context 1
V. Akman and F.N. Alpaslan

Epistemic Context, Defeasible Inference and Conversational Implicature . . 15
H. Arló Costa

An Implemented Context System that Combines Belief Reasoning, Metaphor-Based Reasoning and Uncertainty Handling 28
J.A. Barnden and M.G. Lee

Pragmatic Reasoning: Inferring Contexts 42
J. Bell

A Model of Context Adapted to Domain-Independent Machine Translation 54
C. Berthouzoz

Three Forms of Contextual Dependence 67
C. Bianchi

Context Representation for Dialogue Management 77
H. Bunt

Ecological Interfaces: Extending the Pointing Paradigm by Visual Context 91
A. De Angeli, L. Romary and F. Wolff

Formal Context and Morphological Analysis 105
A.-M. Di Sciullo

The Pragmatic Roots of Context 119
B. Edmonds

Non-acceptance: Re- or Un-creating Context 133
A. Fetzer

Modelling (Un)Bounded Beliefs 145
C. Ghidini

A Context-Based Logic for Distributed Knowledge Representation and Reasoning 159
C. Ghidini and L. Serafini

Independence from Context Information Provided by Spatial Signature Learning in a Natural Object Localization Task 173
G. Giraudet and C. Roumes

Contextual Dependence and the Epistemic Foundations of Dynamic Semantics 186
W. Hinzen

Dynamics and Automaticity of Context: A Cognitive Modeling Approach . 200
B. Kokinov

A Mental Space Account for Speaker's Empathy: Japanese Profiling Identity vs. English Shading Identity 214
S. Kozai

On the Role of Context in Relevance-Based Accessibility Ranking of Candidate Referents 228
T. Matsui

Contextual Inference in Computational Semantics 242
C. Monz

Contexts and Views in Object-Oriented Languages 256
R. Motschnig-Pitrik

Objective and Cognitive Context 270
C. Penco

Dynamics between Contextual Knowledge and Proceduralized Context . . . 284
J.-Ch. Pomerol and P. Brézillon

Context-Based Audiovisual Representation Model for Audiovisual Information Systems 296
Y. Prié, A. Mille and J.-M. Pinon

Putting Similarity Assessment into Context: Matching Functions with the User's Intended Operations 310
M.A. Rodríguez and M.J. Egenhofer

Presupposition, Implicature and Context in Text Understanding 324
M. Sbisà

The Formal Structure of Ecological Contexts 339
B. Smith and A.C. Varzi

Type Theoretic Foundations for Context, Part 1: Contexts as Complex Type-Theoretic Objects 351
R.H. Thomason

Violation Contexts and Deontic Independence 361
L. van der Torre

A Model of Explicit Context Representation and Use for Intelligent Agents 375
R.M. Turner

Context-Scanning Strategy in Temporal Reasoning 389
N. Vazov

The Role of Context in the Analysis and Design of Agent Programs 403
W. Wobcke

Context and Supercontext 417
R.A. Young

The Role of Context in Interpreting Perceived Events as Actions 431
E. Zibetti, E. Hamilton and C. Tijus

Short Papers

Contexts, Domains, and Software 443
A.T. Berztiss

Contextual Data and Domain Knowledge for Incorporation in Knowledge Discovery Systems 447
A.G. Büchner, J.G. Hughes and D.A. Bell

The Differential (?) Processing of Literal and Nonliteral Speech Acts: A Psycholinguistic Approach 451
M. Champagne, J. Virbel and J.-L. Nespoulous

Open Theories and Abduction for Context and Accommodation 455
H. Christiansen

Context as Fuzzy Degrees of Acceptability for Knowledge Base Integrity . . 459
J. Debenham

Building Context with Intonation 463
T. Fretheim and W.A. van Dommelen

Parrot-Talk Requires Multiple Context Dimensions 467
S. Geldof

Contextual Divorces: Towards a Framework for Identifying Critical Context Issues in Collaborative-Argumentation System Design 471
A. Giboin

The Role of Context in Pronominal Reference to Higher Order Entities in English and Norwegian 475
J.K. Gundel, K. Borthen and T. Fretheim

Connectionist Analysis and Creation of Context for Natural Language Understanding and Knowledge Management 479
T. Honkela

The Notion of Context in Organisational Memories 483
R. Klemke

The Effect of Context Complexity on the Memorisation of Objects 487
S. Mérand, C. Tijus and S. Poitrenaud

Effects of Discourse Context on Inference Computation during Comprehension 491
Y. Morishima

Counterfactual Reasoning by Means of a Calculus of Narrative Context . . . 495
R. Nossum and M. Thielscher

Context and Decision Graphs for Incident Management on a Subway Line 499
L. Pasquier, P. Brézillon and J.-Ch. Pomerol

Using Context to Guide Information Search for Preventive Quality Management 503
G. Peter and B. Grote

The Context-Dependency of Temporal Reference in Event Semantics 507
F. Pianesi and A.C. Varzi

How Context Contributes to Metaphor Understanding 511
B. Pudelko, E. Hamilton, D. Legros and C. Tijus

Exploiting Context in Gesture Recognition 515
J. Sherrah and S. Gong

The Use of Context in the Analysis of Negative Concord and N-words 519
L. M. Tovena

Aspects of Context for Understanding Multi-modal Communication 523
E.H. Turner, R.M. Turner, J. Phelps, M. Neal, C. Grunden and J. Mailman

Author Index **527**
