Acknowledgements	VII
1 Introduction	1
1.1 Why Does the Environment Matter?	2
1.2 Patterns of Environmental Change	5
1.2.1 Data and Techniques	5
1.2.2 Continued Environmental Deterioration	7
1.2.3 Continued Environmental Improvements	10
1.2.4 Environmental Kuznets Curves	11
1.3 Objectives and Methodology	14
1.4 Overview of this Study	16
2 Economic Determinants of Environmental Quality Changes	21
2.1 Emission Accounting	22
2.2 Unintentional Emission Reductions	26
2.2.1 Structural Change	26
2.2.2 Price Shocks	27
2.3 Intentional Emission Reductions	30
2.3.1 Opportunity Cost	30
2.3.2 Materialism Versus Post-Materialism	31
2.4 Valuing Environmental Quality Improvements	33
2.4.1 Assumptions of the Model	33
2.4.2 Shadow Prices as Opportunity Costs	35
2.4.3 Shadow Prices as Net Present Benefits	36
2.4.4 "Green" Net National Product	38
2.4.5 Environmental Quality as a Flow	41
2.5 The Emergence of Demand for Pollution Reductions	43
2.5.1 Corner Solutions of Abatement	43
2.5.2 Abatement Spending in the Course of Growth	45
2.5.3 Emissions and Pollution in the Course of Growth	47
2.5.4 Explaining the N-Curve of Fecal Coliform	50
2.6 Concluding Remarks	51

Appendix	52
A: The Pollution Stock	52
B: The Implicit Abatement Function (Stock Model)	52
C: The Implicit Abatement Function (Flow Model)	53
D: The Implicit Emission Function	54

3 Environmental Preferences, Socially Optimal Growth, and Pollution 55

3.1 The General Model and its Dynamics	56
3.1.1 Assumptions of the General Model	56
3.1.2 The Social Optimum	58
3.1.3 Environmental Quality and Growth in the Development Phase	59
3.1.4 The Environment Phase	62
3.2 Extension to n Dimensions of Environmental Quality	65
3.3 Functional Forms for Utility and Environmental Quality	68
3.3.1 Assumptions and Optimum Conditions	68
3.3.2 The Development Phase	70
3.3.3 The Environment Phase	71
3.3.4 The Post-Environment Phase	74
3.4 Is Environmental Quality a Luxury?	76
3.4.1 Essential and Necessary Goods	76
3.4.2 Engel Curves	77
3.4.3 Preferences, Prices and Technology	78
3.4.4 Why Environmental Quality Is Not An Ordinary Good	80
3.5 Concluding Remarks	81

Appendix	83
A: Concavity of the Generalised Hamiltonian	83
B: Global Saddle-Point Stability 'in the Development Phase'	84
C: Boundedness of Intertemporal Utility	85
D: Capital Growth in the Environment Phase	85
E: Abatement in the Environment Phase	88

4	Income Distribution, Desired Environmental Policy, and Green Middle-Class Elitism	89
4.1	Environmental Policy and Environmental Quality	90
4.1.1	Public Goods and their Provision by the Government	90
4.1.2	Abatement and the Pollution Tax	91
4.2	Distributional Inequality and Pollution	93
4.2.1	Assumptions about the Consumer Side	93
4.2.2	The Households' Environmental Policy Choice	95
4.2.3	Does Distributional Inequality Matter for Desired Policy?	96
4.3	The Middle Class and Environmental Protection Issues	98
4.3.1	The Middle Class as Environmental Elite	99
4.3.2	Distribution and Public Support of Environmental Policy	100
4.4	Sensitivity of Income to Environmental Policy Changes	101
4.4.1	Assumptions about Income Level and Composition	101
4.4.2	The Households' Environmental Policy Choice	102
4.4.3	The Income Level Effect	103
4.4.4	The Income Composition Effect	104
4.4.5	The Middle Class as Environmental Elite (1)	105
4.4.6	A More General Interpretation of Assumptions and Results	105
4.5	A Private Supplement to Public Environmental Quality	106
4.5.1	Private Defensive Expenditure	108
4.5.2	Policy Choice when Defensive Expenditure is Fixed	110
4.5.3	The Middle Class as Environmental Elite (2)	112
4.6	Concluding Remarks	112
	Appendix	113
	A: Sufficiency of First-Order Condition	113
	B: The Income Level Effect	114
	C: The Income Composition Effect	115
	D: Defensive Expenditure and Its Opportunity Cost	116
	E: Desired Tax Rate and Fixed Defensive Expenditure	116

5	Environmental Concern, Green Campaigning, and Corporate Lobbying	119
5.1	Environmental Concern and Public Environmental Policy	119
5.1.1	Environmental Concern as a Filter of Reality	119
5.1.2	The Concept of Perceived Pollution	120
5.1.3	The Household as Consumer and Voter	122
5.1.4	Government Objective Functions and Endogenous Policy Theory	123
5.1.5	The Government's Environmental Policy	126
5.1.6	A Simple Functional Forms Example	127
5.2	Green Campaigning	129
5.2.1	Green Core and Grey Households	130
5.2.2	Government Policy	130
5.2.3	Optimal Campaigning	131
5.2.4	External Effects of Campaigning	134
5.2.5	A Tax on Campaigning?	136
5.3	Corporate Lobbying	137
5.3.1	Government Policy	138
5.3.2	Optimal Lobbying	140
5.3.3	Lobbying: External Effects and Taxation	141
5.4	Green Campaigning Revisited	142
5.5	Concluding Remarks	143
	Appendix	144
	A: The Opportunity Loss of Campaigning	144
	B: Optimal Campaigning	145
	C: Lobbying and the Opportunity Loss of Campaigning	146
	D: The Effect of Lobbying on Optimal Campaigning	147

6	Endogenous Environmental Policy and its Effects on a Growing Economy	149
6.1	A Multi-Sector Growth Model with Pollution	150
6.1.1	Assumptions about the Consumer Side	151
6.1.2	Welfare Maximisation	152
6.1.3	Assumptions about Production, Pollution, and the Use of Output	154
6.1.4	Profit Maximisation and Optimal Capital Allocation	158
6.1.5	Two Lemmas	161
6.2	Government Objective and Policy	162
6.3	The Development Phase	164
6.3.1	Optimal Growth and Stability	165
6.3.2	Goods Prices, Demand and Sectoral Structure	165
6.3.3	Factor Intensity	166
6.3.4	Pollution Intensity	167
6.4	The Environment Phase	168
6.5	Concluding Remarks	170
	Appendix	171
	A: Consumption and Total Wealth	171
	B: Proof of Lemma I	172
	C: Proof of Lemma 2	173
	D: The Pollution Tax Equation in the Development Phase	174
	E: Stability in the Development Phase	175
	F: Factor Intensity and Factor Price Ratio	177
7	Environmental Kuznets Curves: Limitations and Opportunities	179
7.1	A Simple Concept and its Complex Realisation	179
7.2	Environmental Kuznets Curves: Not a Cure-All	181
7.3	From Cowboy Economy to Spaceman Economy	183
	Symbols and Abbreviations	185
	Figures	189
	References	191

Environmental Kuznets Curves

A Study on the Economic Theory and Political Economy
of Environmental Quality Improvements in the Course of
Economic Growth

Vogel, M.

1999, XIV, 201 p. 1 illus., Softcover
