Preface ..... v

Contributors ..... ix

1 Overview of Human Growth Hormone:  
*Research and Clinical Practice* ..... 1

*Roy G. Smith*

**Part I Research**

2 GHRP Historical Perspective:  
*Basic and Clinical* ..... 17

*C. Y. Bowers*

3 The Design of Peptidomimetic Growth Hormone  
Secretagogues ..... 45

*Arthur A. Patchett and Matthew J. Wyvratt*

4 Molecular Characterization of Growth Hormone  
Secretagogue Receptors ..... 69

*Andrew D. Howard, Scott D. Feighner, Roy G. Smith,  
and Lex H. T. Van der Ploeg*

5 Central Actions of Peptide and Nonpeptide  
Growth Hormone Secretagogues ..... 85

*Suzanne L. Dickson and Gareth Leng*

6 Pharmacology of Growth Hormone-Releasing Hormone  
and Its Peptide Analogs ..... 97

*David H. Coy*

7 Somostatin Receptor Subtypes and Regulation  
of GH Secretion ..... 109

*Gurkeerat Singh, George Liapakis, and Terry Reisine*

8 Mathematical Modeling of the GH Release Axis ..... 119

*David Brown, Elinor A. Stephens, Gareth Leng,  
and Roy G. Smith*

9 Activation of the Human Growth Hormone Receptor:  
*Structure and Function of the Ligand-Receptor Complex* ..... 131

*Kenneth H. Pearce, Jr. and James A. Wells*

10 The Central Nervous System as a Direct Target  
for Growth Hormone Action ..... 145

*Pamela A. Bennett and Iain C. A. F. Robinson*

## Part II Clinical Practice

11	Molecular Defects of the Growth Hormone Axis .....	169
	<i>Linda Anne DiMeglio, Paul L. Hofman, and Ora Hirsch Pescovitz</i>	
12	Growth Hormone: <i>Relevance to Pediatrics</i> .....	191
	<i>Barry B. Bercu and Howard J. Heinze</i>	
13	Growth Hormone Deficiency in Adults: <i>The Rationale for Growth Hormone Replacement</i> .....	221
	<i>Paul V. Carroll, Emanuel R. Christ, and Peter H. Sönksen</i>	
14	Growth Hormone and Osteoporosis .....	233
	<i>Howard B. A. Baum and Anne Klibanski</i>	
15	Growth Hormone and Syndrome X .....	247
	<i>Gudmundur Johannsson, Per Mårin, Jan-Ove Johansson, and Bengt-Åke Bengtsson</i>	
16	Interactions Between Growth Hormone Secretion and Sleep .....	261
	<i>Eve Van Cauter and Georges Copinschi</i>	
17	Growth Hormone in AIDS .....	285
	<i>Kathleen Mulligan and Morris Schambelan</i>	
18	Clinical and Physiological Studies With Growth Hormone-Releasing Hormone .....	297
	<i>George R. Merriam and Fernando Cassorla</i>	
19	Clinical Use of Growth Hormone Secretagogues .....	315
	<i>Mark A. Bach and Glenn J. Gormley</i>	
	Index .....	335
