|---|----|
| Preface .....   | v  |
| Contributors .....  | xi |
| 1 Introduction to Supercritical Fluids and Their Applications<br><b>Anthony A. Clifford and John R. Williams</b> .....  | 1  |
| 2 Supercritical Fluid Extraction of Caffeine from Instant Coffee<br><b>John R. Dean, Ben Liu, and Edwin Ludkin</b> .....  | 17 |
| 3 Supercritical Fluid Extraction of Nitrosamines from Cured Meats<br><b>John W. Pensabene and Walter Fiddler</b> .....  | 23 |
| 4 Supercritical Fluid Extraction of Melengestrol Acetate<br>from Bovine Fat Tissue<br><b>Robert J. Maxwell, Owen W. Parks, Roxanne J. Shadwell,<br/>Alan R. Lightfield, Carolyn Henry, and Brenda S. Fuerst</b> ..... | 31 |
| 5 Supercritical Fluid Extraction of Polychlorinated Biphenyls<br>from Fish Tissue<br><b>Michael O. Gaylor and Robert C. Hale</b> .....  | 41 |
| 6 Isolation of Polynuclear Aromatic Hydrocarbons from Fish Products<br>by Supercritical Fluid Extraction<br><b>Eila P. Järvenpää and Rainer Huopalahti</b> .....  | 55 |
| 7 Supercritical Fluid Extraction of Mycotoxins from Feeds<br><b>Rainer Huopalahti and Eila P. Järvenpää</b> .....   | 61 |
| 8 Supercritical Fluid Extraction of Pigments from Seeds<br>of <i>Eschscholtzia californica</i> Cham.<br><b>Maria L. Colombo and Andrea Mossa</b> .....  | 67 |
| 9 Supercritical Fluid Extraction of Flumetralin from Tobacco Samples<br><b>Fernando M. Lanças, Mário S. Galhiane,<br/>and Sandra R. Rissato</b> .....   | 75 |
| 10 Supercritical Fluid Extraction and High Performance Liquid<br>Chromatography Determination of Carbendazim<br>in Bee Larvae<br><b>José L. Bernal, Juan J. Jiménez, and María T. Martín</b> .....                    | 83 |

|    |   |     |
|----|---|-----|
| 11 | Supercritical Fluid Extraction Coupled with Enzyme Immunoassay<br>Analysis of Soil Herbicides<br><b>G. Kim Stearman</b> .....   | 89  |
| 12 | The Supercritical Fluid Extraction of Drugs of Abuse<br>from Human Hair<br><b>Pascal Kintz and Christian Staub</b> .....  | 95  |
| 13 | Application of Direct Aqueous Supercritical Fluid Extraction<br>for the Dynamic Recovery of Testosterone Liberated<br>from the Enzymatic Hydrolysis of Testosterone- $\beta$ -D-Glucuronide<br><b>Edward D. Ramsey, Brian Minty, and Anthony T. Rees</b> .....                                  | 105 |
| 14 | Analysis of Anabolic Drugs by Direct Aqueous Supercritical Fluid<br>Extraction Coupled On-Line with High-Performance Liquid<br>Chromatography<br><b>Edward D. Ramsey, Brian Minty, and Anthony T. Rees</b> .....  | 113 |
| 15 | Detection of Beta-Blockers in Urine and Serum by Solid-Phase<br>Extraction–Supercritical Fluid Extraction and Gas<br>Chromatography–Mass Spectrometry<br><b>Kari Hartonen and Marja-Liisa Riekkola</b> .....  | 119 |
| 16 | On-Line SFE–SFC for the Analysis of Fat-Soluble Vitamins<br>and Other Lipids from Water Matrices<br><b>Francisco J. Señoráns and Karin E. Markides</b> .....  | 127 |
| 17 | Determination of Artemisinin in <i>Artemisia annua</i> L. by Off-Line<br>Supercritical Fluid Extraction and Supercritical Fluid Chromatography<br>Coupled to an Evaporative Light-Scattering Detector<br><b>Marcel Kohler, Werner Haerdi, Philippe Christen,<br/>and Jean-Luc Veuthey</b> ..... | 135 |
| 18 | Analysis of <i>Cannabis</i> by Supercritical Fluid Chromatography<br>with Ultraviolet Detection<br><b>Michael D. Cole</b> .....   | 145 |
| 19 | Direct Chiral Resolution of Optical Isomers of Diltiazem Hydrochloride<br>by Packed Column Supercritical Fluid Chromatography<br><b>Koji Yaku, Keiichi Aoe, Noriyuki Nishimura, Tadashi Sato,<br/>and Fujio Morishita</b> .....   | 149 |
| 20 | Determination of Salbutamol Sulfate and Its Impurities<br>in Pharmaceuticals by Supercritical Fluid Chromatography<br><b>María J. del Nozal, Laura Toribio, José L. Bernal,<br/>and María L. Serna</b> .....  | 157 |

|    |   |     |
|----|---|-----|
| 21 | Packed Column Supercritical Fluid Chromatographic Determination of Acetaminophen, Propyphenazone, and Caffeine in Pharmaceutical Dosage Forms<br><b>Urmila J. Dhorda, Viddeh R. Bari, and M. Sundaresan</b> ..... | 163 |
| 22 | Analysis of Shark Liver Oil by Thin-Layer and Supercritical Fluid Chromatography<br><b>Christina Borch-Jensen, Magnus Magnussen, and Jørgen Møllerup</b> .....  | 169 |
| 23 | Enzymatically Catalyzed Transesterifications in Supercritical Carbon Dioxide<br><b>Rolf Marr, Harald Michor, Thomas Gamse, and Helmut Schwab</b> .....  | 175 |
| 24 | Transesterification Reactions Catalyzed by Subtilisin Carlsberg Suspended in Supercritical Carbon Dioxide and in Supercritical Ethane<br><b>Teresa Corrêa de Sampaio and Susana Barreiros</b> .....               | 179 |
| 25 | Enzymatic Synthesis of Peptide in Water-Miscible Organic Solvent/Supercritical Carbon Dioxide<br><b>Hidetaka Noritomi</b> .....   | 189 |
| 26 | Micronization of a Polysaccharide by a Supercritical Antisolvent Technique<br><b>Alberto Bertucco and Paolo Pallado</b> .....   | 193 |
| 27 | Rapid Expansion of Supercritical Solutions Technology: Production of Fine Particles of Steroid Drugs<br><b>Paolo Alessi, Angelo Cortesi, Ireneo Kikic, and Fabio Carli</b> .....                                  | 201 |
| 28 | Supercritical Fluid Aerosolized Vitamin E Supplementation<br><b>Brooks M. Hybertson</b> .....   | 209 |
| 29 | Extraction of Biologically Active Substances from Wood<br><b>Jeffrey J. Morrell and Keith L. Levien</b> .....   | 221 |
| 30 | The Deposition of a Biocide in Wood-Based Material<br><b>Jeffrey J. Morrell and Keith L. Levien</b> .....   | 227 |
| 31 | Critical Point Drying of Biological Specimens for Scanning Electron Microscopy<br><b>Douglas Bray</b> .....   | 235 |
| 32 | Staining of Fingerprints on Checks and Banknotes Using Ninhydrin<br><b>Anthony A. Clifford and Ricky L. Green</b> .....   | 245 |
|    | Index .....   | 251 |
