Preface	v
Contributors	ix
1 Purification of Archaeal Chaperonin from <i>Sulfolobus shibatae</i> Elsie Quaite-Randall and Andrzej Joachimiak	1
2 Purification of Hsp60 from <i>Thermus thermophilus</i> Elsie Quaite-Randall and Andrzej Joachimiak	15
3 Purification of GroEL from an Overproducing <i>E. coli</i> Strain Elsie Quaite-Randall and Andrzej Joachimiak	29
4 Purification of GroES from an Overproducing <i>E. coli</i> Strain Elsie Quaite-Randall and Andrzej Joachimiak	41
5 Purification of the Gp31 Co-chaperonin from Bacteriophage T4 Saskia M. van der Vies	51
6 Removing Trace Fluorescent Contaminants from GroEL Preparations Frank Weber	63
7 Assembly and Disassembly of GroEL and GroES Complexes Jörg Martin	65
8 GroEL/GroES Interaction Assayed by Protease Protection Jörg Martin	71
9 Determination of Chaperonin Activity In Vivo Saskia M. van der Vies and Peter A. Lund	75
10 Interaction of Nonnative Polypeptide Substrates with the <i>Escherichia coli</i> Chaperonin GroEL Wanda K. Hartmann and Edward Eisenstein	97
11 Prevention of Rhodanese Aggregation by the Chaperonin GroEL Frank Weber and Manajit Hayer-Hartl	111
12 Refolding of Bovine Mitochondrial Rhodanese by Chaperonins GroEL and GroES Frank Weber and Manajit Hayer-Hartl	117
13 Assay of Malate Dehydrogenase: A Substrate for the <i>E. coli</i> Chaperonins GroEL and GroES Manajit Hayer-Hartl	127

14	Assay of Chaperonin-Assisted Refolding of Citrate Synthase N. Kalaya Steede, Stacy L. Temkin, and Samuel J. Landry	133
15	Purification of Yeast Mitochondrial Hsp60 Yves Dubaquié, Renate Looser, and Sabine Rospert	139
16	Preparation of Recombinant Hsp10 N. Kalaya Steede, Jesse J. Guidry, and Samuel J. Landry	145
17	Purification of the Cytosolic Chaperonin TRiC from Bovine Testis Raul G. Ferreyra and Judith Frydman	153
18	Monitoring Actin Folding: <i>Purification Protocols for Labeled Proteins and Binding to DNase I-Sepharose Beads</i> Vanitha Thulasiraman, Raul G. Ferreyra, and Judith Frydman ...	161
19	Folding Assays: <i>Assessing the Native Conformation of Proteins</i> Vanitha Thulasiraman, Raul G. Ferreyra, and Judith Frydman ...	169
20	Purification of Prefoldin Sally A. Lewis and Nicholas J. Cowan	179
21	Purification of GimC from <i>Saccharomyces cerevisiae</i> Katja Siegers and Elmar Schiebel	185
22	Analysis of Eukaryotic Molecular Chaperone Complexes Involved in Actin Folding Michel R. Leroux	195
	Index	207
