## Part I: Design of Business Processes

Techniques for Modeling Workflows and Their Support of Reuse .....	1
<i>Gerrit K. Janssens, Jan Verelst, Bart Weyn</i>	
Modeling Processes and Workflows by Business Rules.....	16
<i>Gerhard Knolmayer, Rainer Endl, Marcel Pfahrer</i>	
Guidelines of Business Process Modeling .....	30
<i>Jörg Becker, Michael Rosemann, Christoph von Uthmann</i>	
A Knowledge-Based Approach for Designing Robust Business Processes.....	50
<i>Chrysanthos Dellarocas, Mark Klein</i>	
The "Organized Activity" Foundation for Business Processes and Their Management .....	66
<i>Anatol W. Holt</i>	
Evaluation of Generic Process Design Patterns: An Experimental Study .....	83
<i>Michael Zapf, Armin Heinzl</i>	
Management-Oriented Models of Business Processes.....	99
<i>Anastasia Pagnoni Holt</i>	

## Part II: Formalisms and Analysis

Validation of Process Models by Construction of Process Nets .....	110
<i>Jörg Desel</i>	
Modeling, Simulation and Analysis of Business Processes .....	129
<i>Jörg Desel, Thomas Erwin</i>	
Using Formal Analysis Techniques in Business Process Redesign .....	142
<i>Kees M. van Hee, Hajo A. Reijers</i>	
Workflow Verification: Finding Control-Flow Errors Using Petri-Net-Based Techniques.....	161
<i>Wil M.P. van der Aalst</i>	
Compositional Modeling and Verification of Workflow Processes .....	184
<i>Marc Voorhoeve</i>	

A Workflow Change Is a Workflow .....	201
<i>Clarence A. Ellis, Karim Keddara</i>	
Improving Flexibility of Workflow Management Systems .....	218
<i>Alessandra Agostini, Giorgio De Michelis</i>	
Inter-operability of Workflow Applications: Local Criteria for Global Soundness.....	235
<i>Ekkart Kindler, Axel Martens, Wolfgang Reisig</i>	
Object Oriented Petri Nets in Business Process Modeling .....	254
<i>Daniel Moldt, Rüdiger Valk</i>	

### **Part III: Systems and Applications**

Information Gathering and Process Modeling in a Petri Net Based Approach.....	274
<i>Wolfgang Deiters</i>	
Why Modellers Wreck Workflow Innovations.....	289
<i>Stef M.M. Joosten</i>	
The Effects of Workflow Systems on Organizations: A Qualitative Study .....	301
<i>Peter Kueng</i>	
On the Practical Relevance of an Integrated Workflow Management System - Results of an Empirical Study .....	317
<i>Martin Meyer</i>	
Configurable Business Objects for Building Evolving Enterprise Models and Applications .....	328
<i>Mike P. Papazoglou, Willem-Jan van den Heuvel</i>	
Workflow Management Between Formal Theory and Pragmatic Approaches.....	345
<i>Stefan Jablonski</i>	
Documentary Petri Nets: A Modeling Representation for Electronic Trade Procedures .....	359
<i>Ronald M. Lee</i>	
ARIS Architecture and Reference Models for Business Process Management .....	376
<i>August-Wilhelm Scheer, Markus Nüttgens</i>	
<b>Author Index</b> .....	391
