

# Contents of Subvolume I/17A

## **General introduction** (Y. ITIKAWA)

### **1 Photon interactions with atoms** (JOHN W. COOPER)

#### **1.1 Introduction**

#### **1.2 Total photoionization cross sections**

#### **1.3 Cross sections due to resonances, branching ratios, multiple ionization and angular distributions**

#### **1.4 Elastic and inelastic scattering**

### **2 Electron collisions with atoms**

#### **2.1 Introduction** (M. INOKUTI)

#### **2.2 Total scattering cross sections** (M. INOKUTI)

#### **2.3 Elastic scattering cross section** (M. INOKUTI)

#### **2.4 Excitation** (M. INOKUTI)

#### **2.5 Momentum transfer cross sections** (M.T. ELFORD, S.J. BUCKMAN)

#### **2.6 Ionization** (H. TAWARA)
