I. Clinical Assessment of Lymph Node Metastases

Efficacy of Immunoscintigraphy for Detection of Lymph Node Metastases	3
<i>K.E. Britton, H. Jan, A.R. Al-Yasi, L. Biassoni, M.J. Carroll, and M. Granowska</i>	
Sensitivity and Specificity of Positron Emission Tomography (PET) for the Diagnosis of Lymph Node Metastases	12
<i>L.G. Strauss</i>	
Diagnosis and Staging of Lymph Node Metastases	20
<i>Ch. Wittekind</i>	
Detection and Relevance of Immunohistochemically Identifiable Tumor Cells in Lymph Nodes	29
<i>B. Passlick and K. Pantel</i>	

II. Principles of Lymphatic Metastasis

Cell Biology of Lymphatic Metastases: The Potential Role of <i>c-erbB</i> Oncogene Signalling	41
<i>S.A. Eccles</i>	
The Lymph Node as a Bridgehead in the Metastatic Dissemination of Tumors	55
<i>J.P. Sleeman</i>	
Functional Anatomy of Lymphatic Vessels Under the Aspect of Tumor Invasion	82
<i>A.-A. Duenne and J.A. Werner</i>	

Molecular Diagnosis of Head and Neck Cancer	90
<i>V.M.M. van Houten, M.W.M. van den Brekel, F. Denkers, D.R. Colnot, J. Westerga, P.J. van Diest, G.B. Snow, and R.H. Brakenhoff</i>	

III. Principles of Lymphatic Mapping and Sentinel Node Detection

The Concept of the Sentinel Lymph Node	109
<i>R.M. Cabanas</i>	

Sentinel Node Localization by Lymphoscintigraphy: A Reliable Technique with Widespread Applications	121
<i>G. Paganelli, C. De Cicco, and M. Chinol</i>	

Vital Dye and Radiolabelled Colloids – Complement or Alternative .	130
<i>R. Pijpers, P.J. Borgstein, G.J.J. Teule, and S. Meijer</i>	

IV. Sentinel Node Detection in Urogenital Cancer

Application of the Sentinel Node Concept in Urogenital Cancer ...	141
<i>R.M. Cabanas</i>	

Intraoperative Lymphatic Mapping and Sentinel Node Identification: Gynecologic Applications	150
<i>C. Levenback</i>	

V. Sentinel Node Detection in Malignant Melanoma

Sentinel Node Detection in Malignant Melanoma	161
<i>A.D. Chan and D.L. Morton</i>	

Adjuvant Therapy of Malignant Melanoma and the Role of Sentinel Node Mapping	178
<i>A.M.M. Eggermont</i>	

VI. Sentinel Node Detection in Neck and Thyroid Cancer

- Selective Neck Dissection and Sentinel Node Biopsy
in Head and Neck Squamous Cell Carcinomas 193
G. Mamelle
- Sentinel Lymph Node Dissection for Thyroid Malignancy 201
P.I. Haigh and A.E. Giuliano
- Lymphoscintigraphy and Ultrasound Guided Fine Needle Aspiration
Cytology of Sentinel Lymph Nodes in Head
and Neck Cancer Patients. 206
*E.J.C. Nieuwenhuis, D.R. Colnot, H.J. Pijpers,
J.A. Castelijns, P.J. van Diest, R.H. Brakenhoff, G.B. Snow,
and M.W.M. van den Brekel*

VII. Sentinel Node Detection in Breast Cancer

- Present and Future of Sentinel Node Lymphadenectomy
in Breast Cancer 221
U. Veronesi and S. Zurrida
- Specification of Potential Indications and Contraindications
of Sentinel Lymph Node Biopsy in Breast Cancer 228
P.M. Schlag and A. Bembenek
- Potential and Pitfalls of Sentinel Node Detection in Breast Cancer . 237
K.U. Chu and A.E. Giuliano

VIII. Sentinel Node Detection in Gastric Cancer

- Gastric Lymphography and Detection of Sentinel Nodes 253
T. Sano, H. Katei, M. Sasako, and K. Maruyama
- Potential and Futility of Sentinel Node Detection for Gastric Cancer 259
J.R. Siewert and A. Sendler

IX. Sentinel Node Detection in Colorectal Cancer

- Probe Guided Surgery for Colorectal Cancer 273
P. Lechner, P. Lind, M. Snyder, and H. Haushofer

Identification of Lymph Node Metastases in Recurrent Colorectal Cancer	281
<i>S. Schneebaum, A. Troitsa, S. Avital, R. Haddad, H. Kashtan, G. Gitstein, M. Baratz, E. Brazovsky, M. Papo, and Y. Skornick</i>	
Fluorescence as a Concept in Colorectal Lymph Node Diagnosis	293
<i>K. T. Moesta, B. Ebert, T. Handke, H. Rinneberg, and P.M. Schlag</i>	
Subject Index	305

Lymphatic Metastasis and Sentinel Lymphonodectomy

Schlag, P.M.; Veronesi, U. (Eds.)

2000, XII, 309 p., Hardcover

ISBN: 978-3-540-66642-4
