Preface .....	v
List of Contributors .....	ix
SECTION I. INTRODUCTION .....	1
1 Capillary Electrophoresis: <i>General Overview and Applications in the Clinical Laboratory</i> <i>Manjiri Lele, Subodh M. Lele, John R. Petersen, and Amin A. Mohammad</i> .....	3
2 Basic Principles and Modes of Capillary Electrophoresis <i>Harry Whatley</i> .....	21
SECTION II. PROTEIN ELECTROPHORESIS .....	59
3 Capillary Coatings for Protein Analysis <i>Kamman Srinivasan, Chris Pohl, and Nebojsa Avdalovic</i> .....	61
4 Clinical Serum Protein Capillary Zone Electrophoresis <i>Carl R. Jolliff</i> .....	79
5 Serum and Urine Paraprotein Capillary Electrophoresis <i>Carl R. Jolliff</i> .....	93
6 Cerebrospinal Fluid Protein Electrophoresis <i>John R. Petersen and Amin A. Mohammad</i> .....	105
7 Lipoprotein Analysis <i>Rainer Lehmann</i> .....	113
8 Clinical Analysis of Structural Hemoglobin Variants and Hb A <sub>1c</sub> by Capillary Isoelectric Focusing <i>James M. Hempe, Alfonso Vargas, and Randall D. Craver</i> .....	145
SECTION III. METABOLIC DISEASES .....	165
9 Amino Acid Analysis <i>Mary Kathryn Linde</i> .....	167

10	Organic Acids <i>Kern L. Nuttall and Norberto A. Guzman</i> .....	193
11	Steroids <i>Cecilla Youh, Amin A. Mohammad, and John R. Petersen</i> ...	209
SECTION IV. IMMUNOASSAY .....		221
12	Capillary Electrophoresis Based Immunoassay <i>Bode Adesoji, Amin A. Mohammad, and John R. Petersen</i> .....	223
SECTION V. MOLECULAR DIAGNOSTICS .....		235
13	Quantitation of Viral Load <i>Jill M. Kolesar</i> .....	237
14	The Application of Capillary Electrophoresis in the Analysis of PCR Products Used in Forensic DNA Typing <i>Bruce R. McCord and John M. Butler</i> .....	261
15	Combining Capillary Electrophoresis with Electrospray Ionization Mass Spectrometry <i>Samir Cherkaoui</i> .....	285
SECTION VI. MASS SPECTROMETRY, THERAPEUTIC DRUG MONITORING, AND TOXICOLOGY .....		315
16	Capillary Electrophoresis-Mass Spectrometry of Biologically Active Peptides and Proteins <i>Stephen Naylor and Andy J. Tomlinson</i> .....	317
17	Serum Drug Monitoring by Capillary Electrophoresis <i>Zack K. Shihabi</i> .....	355
18	Applications of Capillary Zone Electrophoresis in the Analysis of Metal Ions of Clinical Significance <i>Lokinendi V. Rao, John R. Petersen, Amin A. Mohammad, and Anthony O. Okorodudu</i> .....	385
19	Clinical and Forensic Drug Toxicology: <i>Analysis of Illicit and Abused Drugs in Urine by Capillary Electrophoresis</i> <i>Wolfgang Thormann and Jitka Caslavská</i> .....	397
20	Screening Biological Specimens for Drugs of Forensic Significance <i>John C. Hudson, Murray J. Malcolm, and Mauro Golin</i> .....	423
	Index .....	437

Clinical and Forensic Applications of Capillary  
Electrophoresis

Petersen, J.; Mohammad, A.A. (Eds.)

2001, X, 454 p., Hardcover

ISBN: 978-0-89603-645-1
