## Course and School Timetabling

|  |    |
|--|----|
| A Multiobjective Genetic Algorithm for the Class/Teacher Timetabling Problem .....                   | 3  |
| <i>M.P. Carrasco, M.V. Pato</i>  |    |
| Some Complexity Aspects of Secondary School Timetabling Problems .....                               | 18 |
| <i>H.M.M. ten Eikelder, R.J. Willemen</i>  |    |
| A Generic Object-Oriented Constraint-Based Model for University Course Timetabling .....             | 28 |
| <i>K. Zervoudakis, P. Stamatopoulos</i>  |    |
| A Co-evolving Timeslot/Room Assignment Genetic Algorithm Technique for University Timetabling .....  | 48 |
| <i>H. Ueda, D. Ouchi, K. Takahashi, and T. Miyahara</i>  |    |
| A Comprehensive Course Timetabling and Student Scheduling System at the University of Waterloo ..... | 64 |
| <i>M.W. Carter</i>   |    |

## Examination Timetabling

|   |     |
|---|-----|
| Examination Timetables and Tabu Search With Longer-Term Memory ....         | 85  |
| <i>G.M. White, B.S. Xie</i>   |     |
| Tabu Search Techniques for Examination Timetabling .....                    | 104 |
| <i>L. Di Gaspero, A. Schaerf</i>  |     |
| A Multicriteria Approach to Examination Timetabling .....                   | 118 |
| <i>E.K. Burke, Y. Bykov, and S. Petrovic</i>                                |     |
| A Grouping Genetic Algorithm for Graph Colouring and Exam Timetabling ..... | 132 |
| <i>W. Erben</i>   |     |

## Employee Timetabling

|  |     |
|--|-----|
| Cyclical Staff Scheduling Using Constraint Logic Programming ..... | 159 |
| <i>P. Chan, G. Weil</i>  |     |

|  |     |
|--|-----|
| A Hyperheuristic Approach to Scheduling a Sales Summit ..... | 176 |
| <i>P. Cowling, G. Kendall, and E. Soubeiga</i>               |     |

|  |     |
|--|-----|
| Solving Rostering Tasks as Constraint Optimization ..... | 191 |
| <i>H. Meyer auf'm Hofe</i>                               |     |

|   |     |
|---|-----|
| Assigning Resources to Constrained Activities ..... | 213 |
| <i>A. Meisels, E. Ovadia</i>                        |     |

## Other Timetabling and Related Problems

|   |     |
|---|-----|
| Fleet Scheduling Optimization: A Simulated Annealing Approach ..... | 227 |
| <i>D. Sosnowska, J. Rolim</i>                                       |     |

|  |     |
|--|-----|
| A Schedule-Then-Break Approach to Sports Timetabling ..... | 242 |
| <i>M.A. Trick</i>  |     |

|  |     |
|--|-----|
| Three Methods to Automate the Space Allocation Process in UK<br>Universities ..... | 254 |
| <i>E.K. Burke, P. Cowling, J.D. Landa Silva, and B. McCollum</i>                   |     |

## Practical Considerations and General Issues

|   |     |
|---|-----|
| Resource-Constrained Project Scheduling and Timetabling ..... | 277 |
| <i>P. Brucker, S. Knust</i>                                   |     |

|   |     |
|---|-----|
| Graph Colouring by Maximal Evidence Edge Adding ..... | 294 |
| <i>B. Rising, J. Shawe-Taylor, and J. Žerovnik</i>    |     |

|  |     |
|--|-----|
| Modelling Timetabling Problems with STTL ..... | 309 |
| <i>J.H. Kingston</i>                           |     |

|   |     |
|---|-----|
| A Language for Specifying Complete Timetabling Problems ..... | 322 |
| <i>L.P. Reis, E. Oliveira</i>                                 |     |

|  |     |
|--|-----|
| A Software Architecture for Timetable Construction ..... | 342 |
| <i>J.H. Kingston, B.Y.-S. Lynn</i>                       |     |

## Other Timetabling Presentations

|                                       |     |
|---------------------------------------|-----|
| Other Timetabling Presentations ..... | 353 |
|---------------------------------------|-----|

|                           |     |
|---------------------------|-----|
| <b>Author Index</b> ..... | 359 |
|---------------------------|-----|

Practice and Theory of Automated Timetabling III  
Third International Conference, PATAT 2000 Konstanz,  
Germany, August 16-18, 2000 Selected Papers  
Burke, E.; Erben, W. (Eds.)  
2001, XII, 364 p., Softcover
