

# Table of Contents

## Part 1 Language Support for Exception Handling

Fault Tolerance and Exception Handling in BETA.....	1
<i>Jørgen Lindskov Knudsen</i>	
A Fully Object-Oriented Exception Handling System: Rationale and Smalltalk Implementation.....	18
<i>Christophe Dony</i>	
Condition Handling in the Lisp Language Family.....	39
<i>Kent M. Pitman</i>	

## Part 2 Design and Modeling of Exception Handling Structures

Exception Safety: Concepts and Techniques.....	60
<i>Bjarne Stroustrup</i>	
Exceptions in Object Modeling: Finding Exceptions from the Elements of the Static Object Model.....	77
<i>Yolande Ahronovitz, Marianne Huchard</i>	
Supporting Evolution of Interface Exceptions.....	94
<i>Anna Mikhailova, Alexander Romanovsky</i>	

## Part 3 Exception Handling in Concurrent and Distributed Systems

Concurrent Exception Handling.....	111
<i>Valérie Issarny</i>	
Exception Handling in Agent-Oriented Systems.....	128
<i>Anand Tripathi, Robert Miller</i>	
Action-Oriented Exception Handling in Cooperative and Competitive Concurrent Object-Oriented Systems .....	147
<i>Alexander Romanovsky, Jörg Kienzle</i>	

Exception Handling and Resolution for Transactional Object Groups..... 165  
*Marta Patiño-Martínez, Ricardo Jiménez-Peris, Sergio Arévalo*

**Part 4 Applications of Exception Handling Techniques**

Experiences with Error Handling in Critical Systems..... 181  
*Charles Howell, Gary Vecellio*

An Architectural-Based Reflective Approach to Incorporating Exception  
Handling into Dependable Software..... 189  
*Alessandro F. Garcia, Cecília M. F. Rubira*

Adapting C++ Exception Handling to an Extended COM Exception Model..... 207  
*Bjørn Egil Hansen, Henrik Fredholm*

Portable Implementation of Continuation Operators  
in Imperative Languages by Exception Handling..... 217  
*Tatsurou Sekiguchi, Takahiro Sakamoto, Akinori Yonezawa*

**Part 5 Exception Handling in Information Systems**

Exception Handling in Object-Oriented Databases..... 234  
*Elisa Bertino, Giovanna Guerrini, Isabella Merlo*

Error Handling in Process Support Systems..... 251  
*Fabio Casati, Gianpaolo Cugola*

ADOME-WFMS: Towards Cooperative Handling of Workflow Exceptions..... 271  
*Dickson K.W. Chiu, Qing Li, Kamalakar Karlapalem*

**Author Index**..... 289

Advances in Exception Handling Techniques

Romanovsky, A.; Dony, C.; Lindskov Knudsen, J.; Tripathi, A. (Eds.)

2001, XII, 292 p., Softcover

ISBN: 978-3-540-41952-5
