Part I	
Special Contribution	1
Advances in the Immunopathogenesis of Behçet's Disease	3
T. LEHNER	

Part II	9
Clinical Understanding of Behçet's Disease	

Chapter 1	
Introduction	11
1.1 Definition	11
1.2 Synonyms	11
1.3 Other Common Terms	11
1.4 History	11
1.5 Epidemiology	12

Chapter 2	
Etiopathogenesis	15
2.1 Viral Infection	15
2.2 Bacterial Infection	15
2.3 Heat Shock Protein	15
2.4 Environmental Pollution	15
2.5 Autoimmune Theory	16
2.6 Immunogenetics	16
2.6.1 Familial Occurrence	17
2.6.2 Immunogenetic Aspect	17

Chapter 3	
Clinical Manifestations	19
3.1 Major and Minor Symptoms	19
3.1.1 Occurrence	19
3.1.2 Initial Manifestations	19
3.2 Oral Ulcers	21
3.2.1 Clinical Manifestations	21
3.2.2 Clinical Course of Oral Ulcers	23
3.2.3 Experimentally Induced Oral Ulcers	23
3.2.4 Sequelae from Recurrent Episodes of Oral Ulcers	23
3.2.5 Pediatric Oral Ulcers	23
3.2.6 Prognosis of Recurrent Oral Ulcers	24
3.3 Genital Ulcers	25

3.3.1	Clinical Features	25
3.3.2	Clinical Course of Genital Ulcers	29
3.3.3	Other Urogenital Features	29
3.4	Cutaneous Manifestations	31
3.4.1	Clinical Features	31
3.5	Ocular Manifestations	37
3.5.1	Clinical Features	38
3.5.2	Clinical Course	39
3.5.3	Pediatric Ocular Manifestations	39
3.5.4	Prognosis	40
3.6	Joint Manifestations	40
3.6.1	Clinical Features	40
3.6.2	Clinical Course	41
3.6.3	Joint Involvement in Pediatric Patients	41
3.6.4	Operative Findings	41
3.7	Gastrointestinal Involvement	41
3.8	Vascular Manifestations	44
3.9	Neurologic and Psychiatric Manifestations	45
3.9.1	Clinical Features	46
3.9.2	Clinical Progress	47
3.10	Other Organ Manifestations	49
3.11	Pregnancy-Associated Manifestations	50
Chapter 4		
	Diagnosis	51
4.1	Diagnostic Criteria	51
4.2	Pathergy (Skin Hyperreactivity)	53
4.3	Laboratory Findings	55
4.4	Differential Diagnosis	55
Chapter 5		
	Immunologic Aspects	59
5.1	Cell-Mediated Immunity	59
5.1.1	DNCB Responsiveness	59
5.1.2	T and B Cells	59
5.1.3	Antibody-Dependent Cellular Cytotoxicity (ADCC) and Natural Killer (NK) Cells	59
5.1.4	Cytokines	59
5.2	Humoral Immunity	61
5.2.1	Serum Immunoglobulins	61
5.2.2	Circulating Immune Complexes	62
5.2.3	Autoantibodies	62
Chapter 6		
	Histopathology	63
6.1	Characteristics	63
6.2	Light Microscopic Findings	63
6.3	Electron Microscopic Findings	63
Chapter 7		
	Interdepartmental Cooperation Approach System	67
Chapter 8		
	Therapy	69

Chapter 9	
Prognosis	71
Chapter 10	
Prevention	73
Chapter 11	
Animal Models	75
11.1 Environmental Pollution	75
11.2 HLA-B51	75
11.3 Heat Shock Protein	76
11.4 Herpes Simplex Virus Infection	76
<hr/>	
Appendix	
Special issue on Behçet's Disease of Yonsei Medical Journal (Vol 38, No. 6, December 1997)	
Appendix 1	
Life Story of Dr. Hülusi Behçet	81
TÜRKAN SAYLAN	
Appendix 2	
Molecular Genetics (HLA) of Behçet's Disease	87
NOBUHISA MIZUKI, HIDETOSHI INOKO, SHIGEAKI OHNO	
Appendix 3	
Behçet's Disease Etiopathology: Immunological Aspects*	101
TSUYOSHI SAKANE, MITSUHIRO TAKENO	
Appendix 4	
Etiopathology of Behçet's Disease: Herpes Simplex Virus Infection and Animal Model	109
SEONGHYANG SOHN	
Appendix 5	
Diagnostic Criteria of Behçet's Disease: Problems and Suggestions	115
SUNGNACK LEE	
Appendix 6	
Recurrent Aphthous Stomatitis in the Diagnosis of Behçet's Disease*	119
ROY S. ROGERS, III	
Appendix 7	
Dermatologic Manifestation of Behçet's Disease	129
EUN-SO LEE, DONGSIK BANG, SUNGNACK LEE	
Appendix 8	
Ophthalmologic Manifestations of Behçet's Disease	137
HONG BOK KIM	

*Revised especially for this book

Appendix 9	
Behçet's Disease – A Rheumatologic Perspective	141
SOO KON LEE, JISOO LEE	
Appendix 10	
Treatment of Behçet's Disease	147
DONGSIK BANG	
Appendix 11	
Adamantiades-Behçet's Disease:	
Epidemiology in Germany and in Europe*	157
CHRISTOS C. ZOUBOULIS, INA KÖTTER, DJALIL DJAWARI, WILHELM KIRCH, PETER K. KOHL, FALK R. OCHSENDORF, WOLFGANG KEITEL, RUDOLF STADLER, UWE WOLLINA, EHRHARDT PROKSCH, ROLF SÖHNCHEN, ROLF KEITZER, HARALD P.M. GOLLNICK, ERHARD HÖLZLE, KLAUS FRITZ, GERD E. GROSS, HARALD BORGMANN, RAINER GLOSEMEYER, CONSTANTIN E. ORFANOS	
Appendix 12	
Clinical Manifestations of Behçet's Disease:	
An Analysis of 2147 Patients*	171
AYSEL GÜRLER, AYSE BOYVAT, ÜMIT TÜRSEN	
Appendix 13	
Epidemiological and Clinical Features of Behçet's Disease in Korea	177
DONGSIK BANG, KYEONG HAN YOON, HAN GIL CHUNG, EUNG HO CHOI, EUN-SO LEE, SUNGNACK LEE	
Appendix 14	
The Influence of Pregnancy on Behçet's Disease	187
DONGSIK BANG, YOON SUN CHUN, IK BYEONG HAAM, EUN-SO LEE, SUNGNACK LEE	
Appendix 15	
Immunological Aspects of Hyperreactivity	
to Streptococcal Antigens in Behçet's Disease*	193
FUMIO KANEKO, NORITAKA OYAMA	
Appendix 16	
Surgical Treatment of Intestinal Behçet's Disease	201
KYONG SIK LEE, SEI JOONG KIM, BYUNG CHAN LEE, DONG SUP YOON, WOO JUNG LEE, HOON SANG CHI	
<hr/>	
Subject Index	207

*Revised especially for this book

Behçet's Disease

A Guide to its Clinical Understanding Textbook and
Atlas

Bang, D.; Lee, E.-S.; Sohn, S.

2001, XVII, 210 p., Hardcover

ISBN: 978-3-540-66761-2
