

Contents

<i>P. Schäfer, J. Thiede, S. Gerlach, G. Graf, E. Suess and B. Zeitzschel</i> The Environment of the Northern North-Atlantic Ocean: Modern Depositional Processes and their Historical Documentation	1
<i>R. O. Ramseier, C. Garrity and T. Martin</i> An Overview of Sea-Ice Conditions in the Greenland Sea and the Relationship of Oceanic Sedimentation to the Ice Regime	19
<i>T. T. Noji, L. A. Miller, I. Skjelvan, E. Falck, K. Y. Børshheim, F. Rey, J. Urban-Rich and T. Johannessen</i> Constraints on Carbon Drawdown and Export in the Greenland Sea	39
<i>R. Peinert, A. Antia, E. Bauerfeind, B. von Bodungen, O. Haupt, M. Krumbholz, I. Peeken, R. O. Ramseier, M. Voss and B. Zeitzschel</i> Particle Flux Variability in the Polar and Atlantic Biogeochemical Provinces of the Nordic Seas	53
<i>R. Peinert, E. Bauerfeind, R. Gradinger, O. Haupt, M. Krumbholz, I. Peeken, I. Werner and B. Zeitzschel</i> Biogenic Particle Sources and Vertical Flux Patterns in the Seasonally Ice-Covered Greenland Sea	69
<i>A. Schröder-Ritzrau, H. Andruleit, S. Jensen, C. Samtleben, P. Schäfer, J. Matthiessen, H. C. Hass, A. Kohly and J. Thiede</i> Distribution, Export and Alteration of Fossilizable Plankton in the Nordic Seas	81
<i>J. Matthiessen, K. - H. Baumann, A. Schröder-Ritzrau, C. Hass, H. Andruleit, A. Baumann, S. Jensen, A. Kohly, U. Pflaumann, C. Samtleben, P. Schäfer and J. Thiede</i> Distribution of Calcareous, Siliceous and Organic-Walled Planktic Microfossils in Surface Sediments of the Nordic Seas and their Relation to Surface-Water Masses	105
<i>L. Thomsen and T. van Weering</i> Particle Transport, Distribution Patterns of Sedimentological Properties and Biological Communities	129
<i>H. Fohrmann, J. O. Backhaus, F. Blaume, B. J. Haupt, J. Kämpf, K. Michels, J. Mienert, J. Posewang, W. Ritzrau, J. Rumohr, M. Weber and R. Woodgate</i> Modern Ocean Current-Controlled Sediment Transport in the Greenland-Iceland-Norwegian (GIN) Seas	135
<i>J. Rumohr, F. Blaume, H. Erlenkeuser, H. Fohrmann, F. - J. Hollender, J. Mienert and C. Schäfer-Neth</i> Records and Processes of Near-Bottom Sediment Transport along the Norwegian-Greenland Sea Margins during Holocene and Late Weichselian (Termination I) Times	155
<i>D. Piepenburg, A. Brandt, K. von Juterzenka, M. Mayer, K. Schnack, D. Seiler, U. Witte and M. Spindler</i> Patterns and Determinants of the Distribution and Structure of Benthic Faunal Assemblages in the Northern North Atlantic	179

<i>W. Ritzrau, G. Graf and M. Schlüter</i> Exchange Processes across the Sediment Water Interface	199
<i>W. Ritzrau, G. Graf, A. Scheltz and W. Queisser</i> Benthic-Pelagic Coupling and Carbon Dynamics in the Northern North Atlantic	207
<i>M. Schlüter, E. J. Sauter, D. Schulz-Bull, W. Balzer and E. Suess</i> Fluxes of Organic Carbon and Biogenic Silica Reaching the Seafloor: A Comparison of High Northern and Southern Latitudes of the Atlantic Ocean	225
<i>M. Köster and L. - A. Meyer-Reil</i> Concentration and Microbial Decomposition of Organic Material in Sediments of the Norwegian-Greenland Sea	241
<i>J. Mienert, J. Posewang and D. Lukas</i> Changes in the Hydrate Stability Zone on the Norwegian Margin and their Consequence for Methane and Carbon Releases Into the Oceanosphere	259
<i>M. Hald</i> Climate Change and Paleoceanography	281
<i>H. C. Hass, H. Andruseit, A. Baumann, K. - H. Baumann, A. Kohly, S. Jensen, J. Matthiessen, C. Samtleben, P. Schäfer, A. Schröder-Ritzrau and J. Thiede</i> The Potential of Synoptic Plankton Analyses for Paleoclimatic Investigations: Five Plankton Groups from the Holocene Nordic Seas	291
<i>M. Weinelt, W. Kuhnt, M. Sarnthein, A. Altenbach, O. Costello, H. Erlenkeuser, U. Pflaumann, J. Simstich, U. Struck, A. Thies, M. H. Trauth and E. Vogelsang</i> Paleoceanographic Proxies in the Northern North Atlantic	319
<i>A. Rosell-Melé</i> Examination of the Use of Biomarker Proxies for the Reconstruction of Paleoceanographic Conditions in the Northern North Atlantic	353
<i>M. Sarnthein, K. Statteger, D. Dreger, H. Erlenkeuser, P. Grootes, B. J. Haupt, S. Jung, T. Kiefer, W. Kuhnt, U. Pflaumann, C. Schäfer-Neth, H. Schulz, M. Schulz, D. Seidov, J. Simstich, S. van Kreveld, E. Vogelsang, A. Völker and M. Weinelt</i> Fundamental Modes and Abrupt Changes in North Atlantic Circulation and Climate over the last 60 ky – Concepts, Reconstruction and Numerical Modeling	365
<i>H. A. Bauch, U. Struck and J. Thiede</i> Planktic and Benthic Foraminifera as Indicators of Past Ocean Changes in Surface and Deep Waters of the Nordic Seas	411
<i>W. R. Peltier and K. Sakai</i> Dansgaard-Oeschger Oscillations: A Hydrodynamic Theory	423
<i>C. Schäfer-Neth and A. Paul</i> Circulation of the Glacial Atlantic: A Synthesis of Global and Regional Modeling	441
<i>J. Thiede, P. Schäfer, W. Ritzrau, M. Schlüter, A. Schröder-Ritzrau and Members of SFB 313</i> Present and Past Oceanographic Controls of Sediment Formation in the North Atlantic – Arctic Gateway (A Critical Appraisal of SFB 313 Scientific Results)	463

The Northern North Atlantic

A Changing Environment

Schäfer, P.; Ritzrau, W.; Schlüter, M.; Thiede, J. (Eds.)

2001, VIII, 500 p. 223 illus., 26 illus. in color., Hardcover

ISBN: 978-3-540-67231-9
