The Tectonic and Geological Environment of Coastal South America		1
J.N. Kellog and W.U. Mohriak		
1	Introduction	1
2	The Atlantic Continental Margin	1
2.1	Physiographic Features	1
2.2	Structural and Stratigraphic Evolution	4
3	The Andean Margin	6
3.1	Geomorphology and Active Tectonics	6
3.2	Tectonic History	9
4	The North Andean and Caribbean Margins	10
4.1	Geomorphology and Active Tectonics	10
4.2	Tectonic History	11
References		13
1	The Gulf of Honduras	17
W.D. Heyman and B. Kjerfve		
1.1	Introduction	17
1.2	Hydrometeorology and Oceanography	18
1.3	Habitats, Diversity, and Productivity	21
1.3.1	Coastal Lagoons	22
1.3.2	Coastal Embayments	23
1.3.3	Inner Cays	24
1.3.4	Mid Lagoon Cays	25
1.3.5	Barrier Reef	25
1.3.6	Open Ocean Environment	26
1.4	Land Use and Economic Activities	26
1.5	Marine-Protected Areas	28
1.6	Integrated Coastal Zone Management	29
References		31

2	The Coastal Lagoon Ciénaga Grande De Santa Marta, Colombia	33
	J. Polanía, A. Santos-Martínez, J.E. Mancera-Pineda, and L. Botero Arboleda	
2.1	Introduction	33
2.2	Environmental Setting	33
2.3	Biotic Components	36
2.3.1	Plankton	36
2.3.2	Invertebrates	36
2.3.3	Fishes	37
2.3.4	Birds, Reptiles, and Mammals	38
2.3.5	Mangroves	38
2.4	Trophic Structure	39
2.5	Human Impact and Fisheries	40
2.6	Management	43
	References	44
3	The Maracaibo System, Venezuela	47
	G. Rodríguez	
3.1	Introduction	47
3.2	Environmental Factors	47
3.2.1	Tides and Circulation	49
3.2.2	Physico-chemical Characteristics	50
3.2.3	Nutrients	51
3.3	Biological Components	51
3.3.1	Benthic Communities	51
3.3.2	Plankton Communities	53
3.3.3	Vertebrates	54
3.4	Production Processes	55
3.5	Environmental Issues	56
3.6	Management Considerations	58
	References	59
4	The Orinoco River Delta, Venezuela	61
	J.E. Conde	
4.1	Introduction	61
4.2	Environmental Setting	61

Contents		XI
4.3	Biological Components	64
4.3.1	Phytoplankton Community	64
4.3.2	Vegetation	64
4.3.3	Vertebrate Fauna	65
4.4	Human Impact and Exploitation	66
4.5	Management Considerations	68
References	69
 5	 The Itamaracá Estuarine Ecosystem, Brazil	 71
	C. Medeiros, B. Kjerfve, M. Araujo, and S. Neumann-Leitão	
5.1	Introduction	71
5.2	Environmental Setting	71
5.3	Hydrodynamics	73
5.4	Hydrology	74
5.5	Biota	76
5.6	Trophic Relations	78
5.7	Environmental Problems	78
References	80
 6	 The Abrolhos Reefs of Brazil	 83
	Z.M.A.N. Leão and R.K.P. Kikuchi	
6.1	Introduction	83
6.2	Environmental Setting	85
6.3	Reef Organisms	86
6.3.1	Corals	86
6.3.2	Algae	87
6.3.3	Other Biota	88
6.4	Reef Types	90
6.4.1	Coastal Arc	90
6.4.2	Fringing Reefs of the Abrolhos Archipelago	92
6.4.3	Outer Arc	93
6.5	Environmental Impacts and Management	93
References	95

7	The Cabo Frio Upwelling System, Brazil	97
	J.L. Valentin	
7.1	Introduction	97
7.2	Climate and Hydrology	98
7.3	Biological Community	99
7.3.1	Plankton	99
7.3.2	Benthos	101
7.3.3	Nekton	103
	References	104
8	Baía de Guanabara, Rio De Janeiro, Brazil	107
	B. Kjerfve, L.D. de Lacerda, and G.T.M. Dias	
8.1	Introduction	107
8.2	Geological Setting	108
8.3	Bathymetry and Bottom Sediment	109
8.4	Climate and Weather	110
8.5	Runoff	111
8.6	Tidal Variability	112
8.7	Salinity, Circulation and Flushing	112
8.8	Coastal Ecosystems	113
8.9	Anthropogenic Impacts	114
