## Part I: Food

Introduction	
<i>Hendrik N. J. Schifferstein, Lynn Frewer, Einar Risvik</i>	3
1	Development and Acquisition of Food Likes
<i>David J. Mela</i>	9
1.1	What do we Mean by “Liking” and “Preference”? 9
1.2	“Innate” Aspects and Early Acquisition of Likes 11
1.3	Mere Exposure of More Exposure? 13
1.3.1	Mere Exposure? 14
1.3.2	Associative Conditioning? 14
1.3.3	Liking, Desire and Boredom. 16
1.3.4	Short-Term Effects on Food Acceptance 16
1.3.5	Food Desire, “Boredom” and Monotony. 17
1.4	Conclusions: HOW do we Acquire Specific Food Likes? 19
References 19	
2	The Food and I
Sensory Perception as Revealed by Multivariate Methods	
<i>Einar Risvik</i>	23
2.1	Introduction 23
2.2	Brief Introduction to Perception 23
2.3	Sensory Science 24
2.4	Descriptive Sensory Analysis 26
2.5	Sensory Profiling of Whole Meat as an Example. 26
2.6	Sensory Profiling of Coffee as an Example. 27
2.7	Affective Sensory Analysis 27
2.8	The Role of the Product 28
2.9	Multivariate Analysis. 30

2.10	Consumer Preferences .....	31
2.11	A Strategy for Segmenting Consumers – Segmentation by Taste Preference.....	31
2.11.1	Apples as an Example .....	31
2.11.2	Future Perspectives .....	35
2.12	Conclusions .....	36
	References.....	36
3	Beliefs About Fat Why do we Hold Beliefs About Fat and why and how do we Study these Beliefs? <i>Johannes Brug, Patricia van Assema</i> .....	39
3.1	Introduction: Beliefs About Foods or Nutrients? .....	39
3.2	Why Fat? .....	40
3.2.1	How Concerned are we About Fat. ....	41
3.3	Investigating Beliefs About Fat in Order to Design Planned Nutrition Education Aimed at Fat Reduction .....	42
3.4	Theories that have Been Used to Study Beliefs as Determinants of Fat Intake .....	44
3.5	Four Belief Categories Related to Fat Intake .....	46
3.5.1	Health Beliefs and Risk Perception.....	47
3.5.2	A Weighing of Pros and Cons .....	47
3.5.3	What we Think Others Would Like us to do and what we Think Others Do .....	48
3.5.4	What we Think we can Do .....	48
3.6	Are These Beliefs Really Important?.....	49
3.6.1	Environmental Factors .....	50
3.6.2	Awareness of our Personal Intake of Fat .....	50
3.7	Summary .....	51
	References.....	52
4	Product Packaging and Branding <i>Rosira Deliza, Hal MacFie</i> .....	55
4.1	Introduction.....	55
4.2	General Packaging Effects on the Expected Sensory Attributes..	56
4.3	Packaging Effects and Labelled Product Perception .....	61
4.4	Branding Effect on Consumers' Intention to Purchase Vegetable Oil .....	67
	References.....	71
5	Effects of Product Beliefs on Product Perception and Liking <i>Hendrik N. J. Schifferstein</i> .....	73

5.1	Introduction .....	73
5.1.1	Expectations in the Sensory Evaluation of Foods .....	74
5.2	Theories .....	76
5.2.1	Information Integration .....	76
5.2.2	Assimilation and Contrast .....	77
5.2.3	Asymmetrical Assimilation .....	81
5.2.4	Processing Affect .....	82
5.2.5	Variations of the Expectancy-Disconfirmation Model .....	87
5.3	Moderating Variables .....	89
5.4	Methodological Issues .....	90
5.5	Conclusion .....	92
	References .....	93
6	Consumers' Quality Perception <i>Anne C. Bech, Klaus G. Grunert, Lone Bredahl, Hans J. Juhl, Carsten S. Poulsen</i> .....	97
6.1	Introduction .....	97
6.1.1	The Importance of Quality .....	97
6.2	Quality from a Means-End Perspective .....	98
6.3	Types of Quality Dimensions .....	99
6.4	Quality Expectations, Quality Experience and Physical Product Characteristics .....	100
6.5	Perspectives and Future Research .....	111
	References .....	111
<b>Part II: People</b>		
7	Does Taste Determine Consumption? Understanding the Psychology of Food Choice <i>Richard Shepherd</i> .....	117
7.1	Introduction .....	117
7.2	The Impact of Taste on Intake .....	118
7.3	Questionnaire Studies .....	120
7.4	Relative Importance of Taste in Questionnaire Studies .....	121
7.5	Influences on Choice Beyond Belief-Based Attitudes .....	123
7.5.1	The Role of Self-Identity .....	123
7.5.2	Moral and Ethical Concerns .....	125
7.6	Conclusions .....	128
	References .....	129
8	Food Choice, Phytochemicals and Cancer Prevention <i>Nigel Lambert</i> .....	131

8.1	Cancer Incidence and Mortality .....	131
8.1.1	Cancer Rates in Europe. ....	133
8.2	Phytochemicals and Cancer Prevention. ....	134
8.2.1	Problems Currently Facing Researchers .....	137
8.3	Psycho-Social Determinants of Fruit and Vegetable Consumption .....	140
8.3.1	Barriers to Eating Fruits and Vegetables .....	141
8.4	How to get “us” to Eat more Fruit and Veg! .....	142
8.4.1	Theoretical Models .....	143
8.4.2	Individual Level .....	143
8.4.3	Environmental Level .....	143
8.5	Nutritional Intervention Strategies. ....	143
8.6	Interventions to Specifically Increase Fruit and Vegetable Consumption .....	145
8.6.1	Problems Associated with 5 — a—Day Campaigns. ....	146
8.6.2	Why F+V interventions are not working. ....	147
8.7	Summary .....	148
8.7.1	Considerations for the Future .....	149
8.7.2	Addendum .....	150
	References. ....	150
9	Private Body Consciousness <i>Øydis Ueland</i> .....	155
9.1	Private Body Consciousness .....	155
9.2	The Private Body Consciousness Scale. ....	156
9.3	Application of the Private Body Consciousness Scale .....	157
9.4	Conclusion. ....	158
	References. ....	158
10	Food Neophobia and Variety Seeking – Consumer Fear or Demand for New Food Products <i>Liisa Lähteenmäki, Anne Arvola</i> .....	161
10.1	Novelty and Variety in Food Choices .....	161
10.2	Food Neophobia and Variety Seeking Tendency as Individual Traits .....	162
10.2.1	What is Food Neophobia .....	162
10.2.2	What is Variety Seeking Tendency .....	163
10.2.3	Scales to Measure Food Neophobia and Variety Seeking Tendency in Food Choices .....	164
10.2.3.1	Food Neophobia Scale (FNS). ....	164
10.2.3.2	The VARSEEK-scale .....	166
10.2.4	Stability of the Measurements .....	166

10.2.5	Relations of Food Neophobia, Variety Seeking and Other Behavioural Tendencies .....	167
10.2.6	Food Neophobia and Variety Seeking—Opposite Ends of One Dimension or Separate Dimension? .....	167
10.3	Factors Influencing Expression of Food Neophobia .....	168
10.3.1	Type of Food.....	168
10.3.2	Contextual Factors and Mood Influencing Food Neophobia ....	168
10.3.3	Decreasing Neophobia .....	169
10.4	Expressing Variety Seeking in Food Choices.....	170
10.5	Sticking with the Familiar or Exploring New Territories—Scheme for Integrating New Foods into Diet.....	171
	References.....	173
11	Convenience-Oriented Shopping: A Model from the Perspective of Consumer Research <i>Bernhard Swoboda, Dirk Morschett</i> .....	177
11.1	Introduction and a Descriptive Analysis Model for the Convenience Phenomenon.....	177
11.2	Types of Convenience Offers .....	179
11.2.1	Convenience Products.....	179
11.2.2	Convenience Retail Formats.....	179
11.2.3	Convenience Services .....	180
11.2.4	Fusing of Convenience Products, Retail Formats and Services ..	181
11.3	Convenience as an Underlying Social Trend In Europe.....	181
11.3.1	Factors that Influence Convenience Orientation.....	181
11.3.2	Empirical Findings on Social Determining Factors .....	182
11.4	Convenience-Oriented Purchasing Behaviour .....	185
11.4.1	Synopsis of Approaches .....	185
11.4.2	Gratification Approach as Heuristics .....	187
11.4.3	Empirical Findings .....	189
11.5	Summary and Outlook .....	193
11.5.1	Systematically with an Overview of the Types of Convenience Offers .....	193
11.5.2	Initial Approaches to Describe the Social Phenomenon .....	194
11.5.3	Analysis of Purchasing Behaviour.....	194
	References.....	194
12	Food Intake and the Elderly – Social Aspects <i>Christina Fjellström, Birgitta Sidevall, Margaretha Nydahl</i> .....	197
12.1	The Ageing Society .....	197
12.2	Food and Culture.....	198
12.3	Social Theory and Old Age.....	199
12.4	Nutrition and Health.....	200

12.5	Shopping, Cooking and Serving Food .....	200
12.6	Food Intake and Meal Patterns .....	202
12.7	Social Aspects on Nutrition and Taste .....	203
12.8	Attitudes to Food in Everyday Life .....	205
12.9	Food in Old Age and Gender .....	205
12.10	The Future .....	206
	References .....	208

13	Food-Related Lifestyle: A Segmentation Approach to European Food Consumers <i>Klaus G. Grunert, Karen Brunso, Lone Bredahl, Anne C. Bech ...</i>	211
13.1	Cross-European Segmentation and International Food Marketing .....	211
13.2	The Food-Related Lifestyle Concept .....	212
13.3	Food-Related Lifestyle Segments in European Countries .....	215
13.4	Food-Related Lifestyle And Food Choice. ....	224
13.5	Applications in Product Development and Market Communication .....	226
13.6	Future Perspectives .....	229
	References .....	229

### Part III: Society

14	Cross-Cultural Differences in Food Choice <i>Saba Anna</i> .....	233
14.1	Dietary Patterns in Europe .....	233
14.2	Factors Influencing Consumers Food Choice .....	234
14.3	Attitudes and Beliefs in Food Choice of Europeans .....	243
14.4	Conclusions .....	245
	References .....	245
15	Appropriateness as a Cognitive-Contextual Measure of Food Attitudes <i>Howard G. Schutz, Magni Martens</i> .....	247
15.1	Introduction .....	247
15.2	Description of Procedures for Appropriateness, Item by use Technique .....	248
15.2.1	Selection of Stimuli .....	249
15.2.1.1	Foods .....	249
15.2.1.2	Uses .....	251
15.2.2	Format of the Questionnaire .....	252
15.2.3	Selection of Respondents .....	253

15.2.4	Collection of Non-Appropriateness Data.....	254
15.2.5	Data Collection.....	254
15.2.6	Analysis of Appropriateness Data.....	255
15.2.6.1	Use of Principal Component Analysis.....	256
15.2.6.2	Use of Partial Least Squares Regression (PLSR).....	262
15.2.6.3	Analyses with Non-Appropriateness Data.....	264
15.3	Conclusions.....	265
	References.....	265
16	The Origin of the Spices: The Impact of Geographic Product Origin on Consumer Decision Making <i>Peter W. J. Verlegh, Koert van Ittersum</i> .....	267
16.1	Introduction.....	267
16.2	The Role of Geographic Origin in Consumer Decision Making: A Framework.....	268
16.2.1	Cognitive Aspects of Geographic Origin.....	270
16.2.1.1	The Predictive Value of Geographic Origin.....	270
16.2.1.1.1	Experiential Beliefs.....	271
16.2.1.1.2	Inferential Beliefs.....	271
16.2.1.2	The Confidence Value of Geographic Origin.....	273
16.2.2	Affective Aspects of Geographic Origin.....	274
16.2.2.1	Feelings Attached to Geographic Origin.....	274
16.2.2.2	Symbolic and Cultural Meaning of Products.....	275
16.2.3	Normative Aspects of Geographic Origin.....	276
16.2.4	Discussion: Interrelations Between Cognitive, Affective and Normative Aspects.....	277
	References.....	278
17	Marketing PDO (Products with Denominations of Origin) and PGI (Products with Geographical Identities) <i>Luis Guerrero</i> .....	281
17.1	Introduction.....	281
17.2	Importance of Food Origin and its Functions.....	283
17.3	Denominations of Origin.....	286
17.4	Consumer Attitudes Towards Food Products with Denomination.....	289
17.4.1	Spain.....	291
17.4.2	Germany.....	292
