

List of Contents

F.D. URNOV, A.P. WOLFFE, and D. GUSCHIN Molecular Mechanisms of Corepressor Function.	1
A. KUZMICHEV and D. REINBERG Role of Histone Deacetylase Complexes in the Regulation of Chromatin Metabolism.	35
J.R. BONE and S.Y. ROTH Corepressor Proteins and Control of Transcription in Yeast	59
M. MANNERVIK Corepressor Proteins in <i>Drosophila</i> Development	79
P. ORDENTLICH, M. DOWNES, and R.M. EVANS Corepressors and Nuclear Hormone Receptor Function . .	101
M.L. PRIVALSKY Regulation of SMRT and N-CoR Corepressor Function .	117
J.W. HARBOUR and D.C. DEAN Corepressors and Retinoblastoma Protein Function	137
D. WOTTON and J. MASSAGUE Smad Transcriptional Corepressors in TGF β Family Signaling	145
F. GUIDEZ and A. ZELENT Role of Nuclear Receptor Corepressors in Leukemogenesis	165
Subject Index.	187

Transcriptional Corepressors: Mediators of Eukaryotic
Gene Repression

Privalsky, M.L. (Ed.)

2001, XIII, 190 p., Hardcover

ISBN: 978-3-540-67611-9
