

TABLE OF CONTENTS

ACKNOWLEDGMENTS	ix
INTRODUCTION	xi
CHAPTER 1. MORAL RESPONSIBILITY AND MORAL IMAGINATION	1
1. The Metaphor of Moral Responsibility	1
2. Engineering or 'Tinkering' in Moral Reasoning?	15
3. Imaginative Casuistry vs. Other Normative Positions	25
4. Imaginative Casuistry in Bioethics	41
CHAPTER 2. MORAL RESPONSIBILITY IN SCIENCE	51
1. Research Ethics	51
2. Responsibility 'of'	54
3. Responsibility 'to'	64
4. Responsibility 'for': Choice of Subject	69
5. Responsibility 'for': Research and Publication	73
6. Responsibility 'for': Application	76
7. Content and Form of Responsibility: General Proposals	84
CHAPTER 3. THE HUMAN GENOME PROJECT: JUSTIFICATION, PROMOTION, AND ACCESS TO RESULTS	91
1. Summary and Application: Responsible Genetics	91
2. Dialogue and the Human Genome Project	92
3. Justification of the HGP	96
4. Promotion of the HGP	105
5. Genetic Knowledge: Open Access or Private Patents?	114
CHAPTER 4. GENE HUNTING, GENETIC TESTING, AND GENETICALLY TAILOR-MADE DRUGS	127
1. Dialogue in Genetic Research and Application	127
2. Gene Hunting in Families	130
3. Gene Hunting in Ethnic Groups	136
4. Genetic Testing and Genetic Counseling	146
5. Genetic Screening and Public Health Work	156
6. Genetic Information in Employment and Insurance	160
7. Genetically Tailor-Made Drugs	165

CHAPTER 5. GENETIC MODIFICATION OF HUMANS AND LABORATORY ANIMALS	171
1. Dialogue and Gene Therapy	171
2. Germline Gene Therapy	182
3. Genetic Enhancement	199
4. Animals Used in Human Genetics Research	200
CHAPTER 6. EUGENICS AND THE LONG TERM GOALS OF REPROGENETIC MEDICINE	215
1. Responsibility for Applications of Genetics: Professional Policy	215
2. Dialogue on the Long Term Goals of Reprogenetic Medicine	218
3. Learning from History: Eugenics	223
4. Genotypic Prevention vs. Reproductive Autonomy: Three Prototypical Views	229
5. Proposals regarding the Long Term Goals of Reprogenetic Medicine	248
BIBLIOGRAPHY	261
INDEX	271

Responsible Genetics

The Moral Responsibility of Geneticists for the
Consequences of Human Genetics Research

Nordgren, A.

2001, XIX, 276 p., Hardcover

ISBN: 978-1-4020-0201-4
