

CONTENTS

PREFACE		ix
CHAPTER 1	INTRODUCTION AND TERMINOLOGY	1
	1. Philosophical Background	1
	2. Popper's Proposal and its Failure	6
	3. Comparison of the Definitions	13
	4. Distinction Between Content and Likeness Proposals	19
	5. More Metatheoretical Properties	28
	6. Conclusions	34
CHAPTER 2	VERISIMILITUDE	35
	1. The Lindenbaum Algebra	36
	2. Miller's Content Definition	37
	3. Kuipers's Content Definitions	43
	4. Comparing the Content Definitions	52
	5. The Properties of the Content Definitions	54
	6. Two Modal Proposals	60
	7. Summary	72
CHAPTER 3	TRUTHLIKENESS	74
	1. Hilpinen	74
	2. Niiniluoto	81
	3. Tichý and Oddie	92
	4. Brink, Burger and Heidema	98
	5. Summary and Prospects	118
CHAPTER 4	THE EPISTEMIC PROBLEM	121
	1. General Introduction	121
	2. Popper	125
	3. Kuipers's Structuralist Approach	128
	4. Niiniluoto's Estimated Truthlikeness	150
	5. General Comparison of the Rules	158
	6. Summary and Prospects	165

CHAPTER 5	THE HIDDEN VARIABLE	168
	1. Introduction	168
	2. Miller's Objection to the "Counting Method"	169
	3. Modelling Miller's "Translation"	177
	4. The Solution to Miller's Problem	181
	5. Summary and Prospects	188
CHAPTER 6	REFINED VERISIMILITUDE	191
	1. Introduction	191
	2. Refined Δ -Verisimilitude: \leq_{Δ}^+	194
	3. The Consequence Definition: \leq^+	203
	4. Refined Verisimilitude: \leq_{Δ}^+	212
	5. Quantitative Refined Verisimilitude: \sqsubseteq^+	220
	6. Summary and Prospects	223
