About the Author	xxix
Preface	xxxi
Acknowledgments	xxxiii
Introduction	xxxv
Organization of the Book	xxxv
Conventions Used in This Book	xxxvi
 Part One AOL Features and Tools.....	1
 Chapter 1 Getting Started with AOL	3
Setting Up AOL and Connection Tips	3
1 Installing AOL	3
2 Launching AOL	3
3 Using AOL for the first time	4
4 Choosing local telephone numbers	4
5 Picking a screen name	4
6 Selecting a password	4
7 Protecting your AOL password	4
8 Storing a password	5
9 Signing onto AOL as a guest	5
10 Connecting tips for the frequent traveler	5
11 Accessing AOL's Anywhere Web site	6
12 Changing your local telephone access number online	6
13 Changing your local telephone access number offline	6
14 Accessing AOL from anywhere in the U.S. toll free	7
15 Storing alternate access numbers in a new location file	7
16 Disconnecting from AOL	7
Screen Name and Password Management	7
17 Assigning additional screen names	7
18 Designating an additional master screen name	8
19 Switching between screen names	8
20 Changing your password	9
21 Help! I've forgotten my password	9

22	Removing a stored password	9
23	Deleting a screen name	9
24	Restoring a screen name	9
My AOL and Welcome Screen		10
25	Arranging the windows in My AOL	10
26	Customizing My AOL	10
27	Adding more content to My AOL	10
28	Refreshing the contents of My AOL	10
29	Customizing the Welcome screen with your favorite places	10
30	New Place categories for My Places	11
'X' Marks Your Spot		12
31	Bookmarking your favorite places	12
32	Creating new favorite places folders	12
33	Organizing favorite places	12
34	Returning to your favorite places	13
35	Renaming your favorite places	13
36	Saving/replacing your favorite places	13
The AOL Interface		14
37	Understanding the AOL interface	14
38	Understanding the AOL Menu bar	14
39	Understanding File menu options	14
40	Organizing your Filing Cabinet	14
41	Keeping track of those downloaded files from AOL	15
42	Establishing download preferences	15
43	Recording and saving a session chat log	16
44	Understanding AOL Web browser controls	17
45	Returning to a previously viewed Web site	17
46	Understanding the AOL toolbar	17
47	Using navigation buttons	17
48	Watching the spinning AOL logo	17
49	Finding out what AOL version you're using	18
50	Understanding the Status Bar	18
51	Stopping the presses	18
52	Reloading the current Web page	18
53	Showing/hiding the channel selection window	18
54	Understanding the navigation bar history trail	19
55	Is there a spy in my computer?	19
56	Clearing the history trail immediately	19
57	Clearing the history trail when signing off	19
Using Netscape with AOL		19
58	Downloading Netscape for free	19
59	Understanding Navigation buttons	20
Keyboard Shortcuts		20
60	Creating keyboard shortcuts	20
61	Using AOL keyboard shortcuts	21
62	Changing Macintosh keyboard shortcuts	22
Getting Help 24/7		23
63	Getting the Help you need	23
64	Exploring the Help categories	23
65	Searching and finding in Help	23
66	Using the Help search tool	23
67	Calling AOL for assistance	23
68	Checking out Accounts and Billing	24

Chapter 2 Communicating to the World with E-mail	25
Setting Up Your E-Mail	25
1 The AOL e-mail interface	25
2 Setting up your e-mail account	25
3 Securing your AOL password	26
4 Picking mail preferences	26
5 Setting preferences to automatically save e-mail	26
6 Turning on white e-mail headers	27
7 Showing e-mail addresses as hyperlinks	27
8 Opening e-mail containing pictures	27
9 Displaying your next message	27
10 Storing old e-mail	27
11 Confirming when e-mail has been sent	28
12 Closing the e-mail window after the message has been sent	28
13 Confirming when e-mail is marked to send later	28
14 Spell-checking your message	28
15 Setting a reminder when e-mail is waiting to be sent	28
16 Having AOL resize pictures in e-mail	29
17 Using the address book to auto-complete e-mail addresses	29
18 Sending e-mail from the "Mail Waiting to be Sent" folder	29
19 Putting unread e-mail in an "Incoming Mail" folder	30
20 Blocking e-mail attachments	30
21 Scheduling file downloads	31
22 Selecting the frequency of file downloads	32
23 Retrieving downloaded files	32
Reading E-mail	32
24 Checking for new e-mail	32
25 Understanding e-mail addresses	33
26 Exploring the world of domain designations	33
27 Ignoring e-mail messages	34
28 Sorting messages	34
29 Reading e-mail messages online	34
30 Reading e-mail messages sent to another screen name	34
31 Reading e-mail messages offline	34
32 Navigating between New Mail, Old mail, and Sent Mail	34
33 Creating a folder for your e-mail messages	35
34 Saving e-mail messages to a folder of your choice	35
35 Printing e-mail messages	35
36 Marking e-mail messages as unread	36
37 Saying goodbye to those unwanted messages	36
38 Undeleting deleted e-mail messages	36
39 Handling attachments	36
Creating E-mail Messages	37
40 Writing an e-mail message	37
41 Using e-mail message fields	37
42 Getting the address right	37
43 Using the carbon copy (CC) text box	37
44 Describing the e-mail subject	37
45 Creating your message text	38
46 Pasting message text	38
47 Composing e-mail messages offline	38

Minding your E-mail Manners	38
48 Keeping your tone polite and calm	38
49 Making your messages look good and read well	39
50 Being professional in your e-mail messages	39
51 Saving time for your e-mail recipients	39
Sending E-mail	40
52 Sending e-mail messages online	40
53 Forwarding e-mail messages	40
54 Replying to sender	40
55 Replying to everyone	41
56 Quoting from the original message	41
57 Requesting a return receipt on sent e-mails	41
58 Reading date and time stamps	42
59 Checking status of sent e-mail	42
60 Checking when an e-mail message was read	42
61 Unsending an e-mail message	42
Using Courtesy and Blind Courtesy Copies	42
62 Sending a courtesy copy	42
63 Composing and storing e-mail messages offline	43
64 Sending e-mail using blind carbon copies (BCC)	43
65 Replying to everyone except BCC addresses	43
Jazzing Up Your Messages	43
66 Jazzing up your messages	43
67 Justifying your message text	44
68 Changing text formatting	44
69 Adding some color	44
70 Changing your message's background color	44
71 Changing the font	44
72 Inserting a picture into a message	44
73 Inserting a graphic background into a message	45
74 Choosing the right type of graphics for your e-mails	45
Addressing the Address Book	45
75 Setting up your address book	45
76 Adding contact names and addresses	46
77 Editing address book contact names	46
78 Understanding capitalization	46
79 Accessing your address book when sending e-mail	46
80 Adding an e-mail address to the Address Book from a received e-mail	46
81 Selecting multiple addresses for copying into your e-mail	47
82 Printing your entire address book	47
83 Printing individual entries from your address book	47
84 Finding e-mail addresses in the People Directory or Internet White Pages	47
85 Creating group mailing lists	48
86 Adding group mailing list contacts	48
87 Editing group mailing list contacts	49
88 Removing group mailing list contacts	49
89 Auto-completing e-mail addresses using your own address book	49
Benefiting from the Spell Checker	49
90 Spell checking your messages before they are sent	49
91 Replacing a misspelled word	50
92 Ensuring good grammar	50
93 Knowing what AOL's Spell Checker covers	50
94 Spell checking a single word	50
95 Customizing advanced Spell Check features	51
96 Disabling the Spell Checker	51
97 Adding words to your personal dictionary	51

Handling Hypertext Elements	52
98 Turning on Web addresses as hyperlinks	52
99 Embedding hypertext address in e-mail	52
100 Disabling hyperlink addresses	53
101 Testing the mailto hyperlink	53
Expressing Yourself with Signatures, Acronyms, and Emoticons	53
102 Adding a signature to your message	53
103 Creating up to five different signatures	53
104 Setting up a default signature	54
105 Changing your signature	54
106 Deleting unwanted signatures	54
107 Using acronyms in your messages	54
108 Expressing yourself with emoticons (or smileys)	55
109 Picking popular emoticons	56
110 Using (or overusing) emoticons	56
111 Getting to know emoticons	56
Avoiding Junk Mail	57
112 Setting mail controls	57
113 Setting general mail controls for specific screen names	57
114 Customizing mail controls	57
115 Allowing e-mail from AOL members only	58
116 Allowing e-mail from all AOL members and specified e-mail addresses and domains only	58
117 Allowing e-mail from specified AOL members, e-mail addresses, and domains only	59
118 Blocking e-mail from specified AOL members, e-mail addresses, and domains, but allowing e-mail from all others	59
119 Blocking sent and received e-mail containing pictures and files	60
120 Blocking all junk e-mail	60
121 Obtaining a mail controls summary	61
122 Identifying junk e-mail	61
123 Reporting junk e-mail violations	62
124 Reducing the amount of junk e-mail you receive	62
125 Finding value in all that junk e-mail	62
Sending E-mail Greetings, Postcards, and Banners	62
126 Accessing AOL greetings and mail extras	62
127 Sending greetings and mail extras to other AOL members	63
128 Picking e-mail greetings	63
129 Getting to know e-mail greeting categories	63
130 Accessing and sending online greetings	63
Attaching Files, Photos, and Other Things	63
131 Attaching multiple files	63
132 Understanding the size limit of attached files	64
133 Adding mail art to your message	64
134 Adding photos to your message	65
135 Using AOL's Picture Finder to locate and view pictures and images	65
136 Adding sound effects to your message	66
137 Understanding AOL supported image types	66
138 Handling MIME files in AOL	67
139 Encoding and decoding attached files	67
140 Using a MIME decoder to read a MIME file	67
141 Downloading compressed files	68
142 Uncompressing compressed download files	68
143 Finding compression/decompression shareware programs	69

Chapter 3 Managing Your Filing Cabinet	71
Understanding AOL's Mail Center and Your Online Mailbox	71
1 AOL's Mail Center—using your control and command center	71
2 Understanding your Online Mailbox's mail retention features	72
3 Reading what's in your Online Mailbox	72
4 Sorting the contents of your Online Mailbox	72
Managing Your Filing Cabinet	73
5 Accessing your Filing Cabinet for the first time	73
6 Understanding screen names and individual Filing Cabinets	73
7 Adding folders to your Filing Cabinet	74
8 Saving e-mail automatically to your Filing Cabinet	74
9 Saving e-mail manually to your Filing Cabinet	74
10 Renaming a folder in your Filing Cabinet	75
11 Assigning a password to your Filing Cabinet	75
12 Accessing a Filing Cabinet when a password has been assigned	75
13 Sorting the contents of your Filing Cabinet	76
14 Deleting single pieces of e-mail from your Filing Cabinet	76
15 Deleting multiple pieces of e-mail from your Filing Cabinet	76
16 Undeleting deleted pieces of e-mail	77
17 Rearranging the contents of your Filing Cabinet	77
18 Locating files downloaded by the Download Manager	77
19 Downloading stored files to your Filing Cabinet at the end of your AOL session	78
20 Resuming an interrupted download	78
21 Marking stored files to be downloaded by the Download Manager	79
22 Scheduling Automatic AOL to download your stored files	79
23 Searching your Filing Cabinet for what you want to find	80
24 Controlling the size of your Filing Cabinet	80
25 Recovering unused space in your Filing Cabinet	81
26 Backing up your Filing Cabinet automatically	81
27 Restoring your Filing Cabinet from your most recent backup copy	82
Chapter 4 Cool AOL Tools and Features	85
Access AOL Anytime and Anywhere	85
1 Understanding AOL Anywhere and its features	85
2 Accessing your mail from AOL Anywhere	87
3 Managing your mail from AOL Anywhere	87
My Portfolio AOL's Financial Manager	87
4 Accessing My Portfolio	87
5 Setting up My Portfolio	89
6 Managing My Portfolio	90
News and Other Cool Stuff from AOL Anywhere	90
7 Viewing today's news	90
8 Getting weather conditions city-by-city	91
9 Customizing My AOL	91
My Calendar AOL's Electronic Scheduling Tool	93
10 Registering My Calendar	93
11 Checking your calendar from wherever you are	93
12 Adding appointments	94
13 Adding appointment reminders	95
14 Changing appointments	96

15	Deleting appointments	96
16	Setting recurring appointments	96
17	Notifying others about an appointment	97
18	Sending a calendar reminder via e-mail	97
19	Adding events to your Calendar	98
20	Adding holidays	99
21	Removing events from your Calendar	99
22	Printing My Calendar	100
23	Viewing your calendar with a different date	100
24	Notifying others about an event	100
25	Changing the font size on my calendar	101
26	Getting online help with your calendar	101
AOL Multimedia Features		102
27	Understanding AOL's Media Player feature	102
28	Supported sound and video files	102
29	Playing sound files stored on your PC	102
30	Playing video files stored on your PC	102
31	Playing audio files in a specific order using My Playlist(SM)	103
32	Downloading audio and video files from the Web	103
33	Managing your audio file playlists	104
Online Pictures with AOL		104
34	Accessing Picture Finder	104
35	Viewing pictures with Picture Finder	104
36	Editing pictures with Picture Finder	105
37	Understanding Capture Picture	105
38	Saving pictures on your computer	105
39	Adjusting picture quality with Capture Picture	106
 Chapter 5 Searching and Finding Information		107
Searching Databases and Folders		107
1	Making AOL your default Internet browser	107
2	Changing your default Internet software	107
3	Searching the Filing Cabinet	107
4	Searching open Filing Cabinet folders	108
5	Using a title search to search all Filing Cabinet folders	108
6	Locating downloaded files	108
7	Creating a Favorite Places folder	109
8	Bookmarking a favorite place	109
9	Returning to your Favorite Places	110
10	Organizing your Favorite Places	110
11	Deleting a favorite place from your folder	110
12	Sharing a favorite place in an e-mail message	110
13	Copying your Favorite Places to another screen name or computer	110
14	Replacing your Favorite Places on another screen name or computer	111
Using Search Engines, Directories, and Hybrids		111
15	Understanding the difference between search engines and directories	111
16	Using AOL Search	112
17	Finding what you're searching for- useful search tips	113
18	Narrowing your search results with Boolean search operators	113
19	Using advanced search operators	114
20	Searching by search categories	114
21	Other AOL search categories	114

22	Top 10 AOL searches	114
23	Using search engines and directories outside of AOL—Do you Yahoo or Google?	114
24	Searching message boards	115
25	Searching online for software	117
26	Finding shareware files and programs	117
27	Searching online for books	117
28	Finding science journals and magazines	118
29	Shopping anyone?	118
30	Getting to know the other sites in the shopping category	118
Using the AOL White and Yellow Pages		119
31	Searching the AOL White Pages	119
32	Searching the White Pages	119
33	Finding celebrities	120
34	Adding your listing to the AOL White Pages	120
35	Searching international directories	121
36	Searching the online Yellow Pages	121
37	Searching the Yellow Pages	122
38	Performing simple Yellow Pages searches	122
39	Finding businesses by category in the Yellow Pages	122
40	Performing distance-based Yellow Pages searches	123
Exploring the Classifieds		124
41	Searching online for Classifieds with ClassifiedPlus	124
42	Getting familiar with classified categories	124
43	Featuring ClassifiedPlus ads	124
44	Placing your ad	124
45	Changing your ClassifiedPlus ad	125
46	Deleting your ad	126
Getting to Know the People Directory		126
47	Creating your own member profile	126
48	Modifying your existing member profile	126
49	Deleting your member profile	127
50	Searching the People Directory	127
51	Searching member names and profiles	127
52	Searching for members currently online	128
53	Getting help using the People Directory	128
54	Performing advanced searches	128
Understanding File Transfer Protocol (FTP)		128
55	Understanding how FTP sites work	128
56	Accessing My FTP Space	129
57	Accessing AOL's FTP services	129
58	Connecting to FTP sites	130
59	Typing FTP addresses	131
60	Using FTP to search for files	131
61	Downloading files with FTP	131
62	Unlocking zipped files	131
63	Uploading files with FTP	131
64	Exploring the best FTP sites	132
 Chapter 6 Chat, Instant Messaging, and Message Boards		 133
The World of Chatting		133
1	Finding a chat room—chat communities	133
2	Types of public chat rooms	134
3	Chat room etiquette	134

4	Viewing member profiles in chat rooms	134
5	Viewing a member's profile without entering a chat room	135
6	Creating a screen name for chatting	135
7	Setting chat preferences	135
8	Starting your own chat	136
9	Blocking hyperlinks in chat rooms	136
10	Blocking e-mail or selected e-mail	137
11	Setting Parental Controls	137
12	Saving chat room conversations to a log file	138
13	Reading saved chat room conversations	138
Using AOL Speaks		139
14	Making chatting easier with AOL Speaks—a voice recognition program	139
15	AOL Speaks system requirements	139
16	Before installing AOL Speaks	139
17	Installing and launching AOL Speaks on your computer	139
18	Configuring AOL Speaks audio settings	139
19	Testing AOL Speaks audio settings	140
20	Tips on using AOL Speaks	140
21	Using AOL Speaks for the first time—the New User Wizard	140
22	Creating new AOL Speaks speech files	140
23	Training AOL Speaks to recognize your speech patterns and sound of your voice	140
24	Personalizing your AOL Speaks vocabulary with Vocabulary Builder	141
25	Saving AOL Speaks speech files	141
26	Backing up AOL Speaks speech files	141
27	Restoring AOL Speaks speech files	141
28	Dictating your chat message with AOL Speaks	142
AOL's Instant Messenger (AIM) and Buddy Lists		142
29	Launching the Instant Message window	142
30	Chatting with non-AOL members in real time using Instant Messenger (AIM)	143
31	Sending and receiving Instant Message notes	144
32	Locating a buddy in your Buddy List	144
33	Viewing a buddy's profile	144
34	Using the timestamp for Instant Message notes	145
35	Formatting your Instant Message notes	145
36	Adding hyperlinks in Instant Message notes	146
37	Blocking Instant Message notes	146
38	Blocking Buddy List and Instant Message notes	146
39	Chatting with emotion using emoticons (smileys)	147
40	Inserting emoticons (smileys) in Instant Message notes	147
41	Selecting an icon to display on Instant Messages you send others	148
42	Displaying icons from other AOL members	148
43	Double-spacing incoming messages	149
44	Adding a buddy to your Buddy List	149
45	Creating a Buddy List group	149
46	Knowing when your buddies are online and other cool things	150
47	Displaying your Buddy List when you sign on	150
48	Changing the name of a Buddy List group	150
49	Removing names from a Buddy List group	150
50	Setting sounds to indicate when a buddy signs on or off	151
51	Using alternate Buddy List sounds	151
52	Displaying a "Gone Fishing" notice when out of the office	152
53	Deleting a Buddy List group	152
54	Security concerns with Instant Messages	152
Using Message Boards		153
55	Message board etiquette	153
56	Finding message board communities	153

57	Finding messages	154
58	Viewing message board messages	155
59	Reading message board messages	155
60	Setting message board preferences	155
61	Posting a message to a message board	155
62	Replying to a message board message	156
63	Removing a post from a message board	157
 Chapter 7 AOL Newsgroups		159
Getting Started with Newsgroups		159
1	AOL newsgroups—communicating with like-minded people	159
2	Accessing popular newsgroup categories	159
3	Finding newsgroups of interest	160
4	Getting help with newsgroups	160
5	Searching for additional newsgroup communities with AOL Search	161
6	Acquiring good newsgroup netiquette	161
7	Subscribing to a newsgroup	161
8	Canceling or unsubscribing from a newsgroup	162
9	Selecting newsgroup messages to read offline	162
10	Searching for newsgroup posts	163
11	Setting personal newsgroup preferences	165
12	Setting global preferences	165
13	Limiting your child's access to newsgroups	166
14	Downloading from newsgroups	167
15	Blocking downloads	167
16	Unable to add a newsgroup	167
17	Reading postings offline	168
18	Viewing and reading newsgroup messages	168
19	Posting messages	168
20	Responding to postings offline	169
Advanced Topics		169
21	Lurking before contributing	169
22	Understanding moderated newsgroups	169
23	Posting pictures and sound	170
24	Adding a signature to your postings	170
25	Managing newsgroup posts	171
26	Threading your conversations	171
27	Throwing flames	172
28	Trolling at your own risk	172
29	Deleting your newsgroup posts	172
 Part Two AOL Services		173
 Chapter 8 AOL Shopping and Services		175
Shopping the Simple Way		175
1	Shopping convenience on AOL's Shop@AOL	175
2	Checking out—AOL's Quick Checkout	176
3	Locating your favorite stores	178
4	Finding your favorite products	178
5	Locating a favorite brand	179

6	Narrowing your search results with AND, OR, and NOT	179
7	Shopping local	179
8	Comparing prices as you shop	180
Specials, Discounts, and Bargains		180
9	Signing up for AOL newsletters, perks, and benefits	180
10	Shopping for clearance and discontinued items	182
11	Saving more with closeouts	182
12	Bidding for bargains online	183
Gift Buying		183
13	Finding a gift in every size	183
14	Purchasing gift certificates	183
15	Shopping at the last minute—gifts for every occasion	183
16	Sending money with AOL's QuickCash (SM)	184
Big Ticket Purchases		185
17	Shopping for luxury	185
18	Shopping for beauty and fashion	185
19	Shopping for a car, truck, or boat	186
20	Shopping for your next vacation or business trip	186
21	Shopping for Real Estate	187
Coupon Shopping		188
22	Saving big bucks with coupons	188
23	Registering and using ValuPage coupons for instant savings	188
24	Printing coupons for instant savings	189
25	Having coupons mailed directly to your home	191
AOL Reward and Savings Programs		191
26	Earning points while you shop	191
27	Saving a bundle on magazines	191
28	Exciting travel program with AOL Travelers Advantage	193
29	Protecting yourself while you drive with AOL AutoVantage	193
30	Signing up for newsletter alerts	193
Services, Security, Privacy, and Shipping		194
31	Accessing credit alert services	194
32	Receiving reminders	194
33	Protecting your online security and privacy	194
34	Preventing unauthorized online purchases	195
35	Filling out a shipping form once	195
Reaching Customer Service for Shopping Help		196
36	Getting help whenever you need it	196
37	Chatting with live customer service representatives	196
38	Contacting AOL by phone	197
39	Contacting customer service by e-mail	197
40	Having a problem with a purchase—contact ShopHelp	198
41	Checking on an order online	198
 Chapter 9 AOL for Kids and Teens		 199
Surfing Safely		199
1	Playing it safe online	199
2	Learning top safety tips for kids and teens	199
3	Getting a Kids Only account	200
4	Safe searching for kids and teens	200

Using the Online Timer	200
5 Limiting time online with the Timer	200
6 Setting the Online Timer	200
7 Modifying the Online Timer	201
8 Setting the Timer for different times on different days	201
9 Checking the Timer	201
10 Running out of time	201
Exploring the Kids Channels	201
11 Getting to know the AOL Kids Only channel	201
12 Exploring the top 10 kids channels	201
13 Getting the KO newsletter	204
14 Finding other fun and entertaining Web sites	204
15 Checking out the PBS Kids Web site	205
16 Making believe	205
Finding the Coolest Teen Sites	206
17 Getting started with the AOL Teens channel	206
18 Accessing the top 10 Teen channels	206
19 Learning about chat and message boards	207
20 Accessing one of the teen chat rooms	207
Getting Educational	208
21 Learning and interacting online	208
22 Keeping up on the news at Time for Kids	208
23 Going to AOL@School	208
24 Learning online with homework helper	208
25 Digging into books and stuff	208
26 Discovering and learning	209
27 Exploring far away places and things	209
28 Exploring multimedia—pictures, sounds, and movies	209
29 Getting scientific	210
30 Getting wild in the animal kingdom	210
31 Researching natural history	210
32 Exploring our planet	210
33 Blasting into space and beyond	210
Using Acronyms and Smileys	210
34 Keeping it short and sweet with kids- and teens-only acronyms	210
35 Getting cute with kids- and teens-only smileys	211
Having Fun with Hobbies and Other Stuff	212
36 Finding all AOL games	212
37 Getting active indoors and out	212
38 Tuning into amateur radio	213
39 Visiting amusement and theme park sites	213
40 Signing on for sports stuff	213
41 Finding more fun stuff for kids and teens	213
 Chapter 10 AOL for Students	 215
Research & Learn Channels	215
1 Finding adventure	215
2 Discovering ancient history's peoples, places, and beliefs	215
3 Uncovering the secrets and mysteries of the past	216
4 Expanding your understanding of the artistic world	216
5 Exploring the lives of notable figures through their biographies	216
6 Accessing leading books and periodicals from around the world	217
7 Understanding the world through geography	217

8	Understanding history and world events for a better tomorrow	217
9	Getting help with your homework	217
10	Exploring the world's peoples, languages, and cultures	218
11	Learning games for the entire family to enjoy	218
12	Learning network for parents, teachers, and students	218
13	Stepping back in time with living history	219
14	Researching the Library of Congress	219
15	Getting help with math	220
16	Accessing references on virtually anything	220
17	Listening to the music of today and yesterday	220
18	Learning nature's secrets	220
19	Accessing our nation's news and politics	220
20	Getting today's happenings from a variety of publications	221
21	Reading and writing resources	221
22	Researching and learning from AOL's top sites	221
23	Discovering what's happening in the world of science	221
24	Exploring space and astronomy	222
25	Unlocking the events and stories that shaped U.S. History	222
26	Understanding world history	222
Student Tools		222
27	Accessing the Merriam-Webster Dictionary	222
28	Using the Merriam-Webster Thesaurus	223
29	Using correct grammar and style	223
30	Accessing the World Book Encyclopedia	223
31	Translating from one language to another	223
Student Aids and Other Resources		224
32	Getting high schoolers ready for the college lifestyle	224
33	Finding the information you need on colleges and universities	224
34	Planning resources for college entrance exams	224
35	Getting the most out of college	225
36	Determining what college or university is right for you	225
37	Preparing for college life	226
38	Searching for a college or university	226
39	Accessing your personal computer center anytime you like	227
40	Searching for financial aid and scholarship programs	227
41	Understanding personal finance for a brighter tomorrow	227
42	Thinking about going to graduate school	227
43	Accessing the White & Yellow Pages	228
Vocation and Career Resources		228
44	Finding a career you'll love	228
45	Connecting with career-minded people	228
46	Finding a job or career	228
47	Improving yourself for greater success	228
48	Interviewing and negotiating tips	229
49	Searching for that job of a lifetime	229
50	Researching a company	229
51	Getting help developing a resume	229
Entertainment and Miscellaneous Resources		230
52	Satisfying all your entertainment needs	230
53	Finding fun facts	230

18	Finding reliable daycare for your children	253
19	Saving for your family's security	254
20	Understanding finance and money issues	254
21	Avoiding debt	254
22	Disciplining children	255
23	Understanding sibling rivalry	255
24	Preparing your kids for divorce	255
25	Bonding with stepchildren	256
26	Coping with elderly parents	256
27	Seeking help with elder care	256
28	Coping with loss	256
29	Sharing your sympathy with others	257
30	Communicating with people who share your spirituality	258
Family Living and Parenting		258
31	Parenting tips	258
32	Accessing the Parents Hotline for expert advice	258
33	Understanding baby's early years	258
34	Understanding the preschooler years	258
35	Understanding the grade school years	258
36	Understanding the teen years	259
37	Accessing a variety of parenting tools	259
38	Finding romance after baby	259
39	Learning to be a good dad	260
40	Being Mr. Mom	260
41	Teaching your kids to love sports	260
42	Homeschooling tips	260
43	Setting Internet parental controls for your children	260
44	Online safety tips	261
45	Understanding past generations	261
46	Considering adoption	262
Resources for Families—Family Services		262
47	Accessing Sesame Workshop	262
48	Reading as a family—the family newsstand	263
49	Learning to read	263
50	Becoming a great storyteller	263
51	Getting started with a family scrapbook	263
52	Learning for the whole family	263
53	Volunteering in your local PTA	264
54	Planning a party or other event	264
55	Accessing You've Got Pictures	265
56	Listening to Internet Radio	265

Part Three Advanced Topics	267
Chapter 13 Privacy and Security	269
E-mail Issues and Solutions	269
1 Ensuring e-mail privacy	269
2 Recognizing unsolicited bulk e-mail or junk mail	270
3 Reporting junk mail to America Online	271
4 Understanding e-mail scams and schemes	271
5 Keeping your identity anonymous	271
6 Understanding viruses and Trojan horses	271
7 Virus protection tips	272
8 Protecting yourself from Trojan horses	272
9 Understanding what you can do if you've been infected with a virus	272
10 Accessing anti-virus message boards	273
11 Using anonymous remailers	273
12 Contacting AOL Security with e-mail security violations	274
Parental Control Issues and Solutions	274
13 Watching the neighborhood—AOL Neighborhood watch	274
14 Setting privacy preferences	274
15 Understanding parental controls	275
16 Setting parental control levels	275
17 Changing parental controls for children	275
18 Restricting access to premium services	276
19 Kids' safety tips	276
20 Setting the online timer for your children	276
21 Turning off product and service offers to kids	277
Instant Messenger and Newsgroup Issues and Solutions	277
22 Understanding parental controls and Instant Messenger	277
23 Blocking Instant Messenger notes for privacy	277
24 Notifying AOL with Instant Messenger violations	278
25 Blocking buddy list displays for added privacy	278
26 Blocking others from knowing when your computer is in "idle" mode	279
27 Turning chat room preferences off for added privacy	279
28 Setting newsgroup parental controls	280
29 Creating a spam-free environment for your kids	280
Shopping & Banking Issues and Solutions	281
30 Shopping safely online	281
31 Accessing AOL's shopping guarantee	281
32 Contacting AOL about a shopping problem	281
33 Setting marketing preferences	281
34 Banking from the comfort of your own home	282
Chapter 14 AOL Customizations	285
AOL Interface Customizations	285
1 Setting Auto Start options	285
2 Setting automatic AOL preferences	285
3 Customizing parental control settings	286
4 Changing and saving your password	286
5 Removing a stored password	287
6 Customizing the Welcome screen	287

7	Customizing the way your Web browser behaves	287
8	Changing local telephone access numbers	288
9	Setting toolbar preferences and customizations	288
10	Customizing font, text, and graphics preferences	289
11	Setting font and text preferences for the sight impaired	289
12	Setting sound preferences	289
13	Turning off modem sounds	290
	My AOL Customizations	290
14	Customizing My AOL	290
15	Adding content to My AOL	290
16	Removing content from My AOL	290
17	Personalizing content on My AOL	291
18	Moving content windows around on My AOL	291
19	Setting My AOL's data refresh rates	291
20	Refreshing My AOL anytime	292
21	Setting My AOL's connection speed	292
22	Adding your calendar and scheduler to My AOL	292
23	Getting help with My AOL	292
	AOL Mail and Download Customizations	292
24	Controlling how mail is read	292
25	Specifying the number of days to keep mail after it's been read	292
26	Requesting a reminder when e-mail contains pictures	293
27	Making e-mail easier to read with white mail headers	293
28	Displaying next e-mail when current one is deleted	293
29	Reading e-mail offline	293
30	Saving e-mail to a folder on a hard drive after it's been read	294
31	Reading e-mail sent to another screen name on your account	294
32	Requesting a return receipt on sent e-mail	294
33	Customizing spell preferences	294
34	Resizing pictures in e-mail	294
35	Controlling download preferences	295
36	Specifying when to decompress Zip files	295
	AOL Internet Properties Customizations	295
37	Changing the Web page to use as your home page	295
38	Setting parental controls	296
39	Setting how often your Web browser checks for newer versions of stored pages	296
40	Setting the number of days to keep Web pages in your history folder	296
41	Changing the space requirements for temporary Internet file folders	297
42	Displaying Web graphics more quickly using compression	297
43	Requesting the availability of AOL's Shopping Assistant while you shop online	297
	Automatic AOL Customizations	298
44	Sending mail with Automatic AOL	298
45	Getting unread mail with Automatic AOL	298
46	Scheduling when and how often Automatic AOL is to run	298
47	Specifying what screen names will run with Automatic AOL	299
48	Making Automatic AOL run immediately	299
49	Getting help using Automatic AOL	299
50	Specifying where files are to be downloaded with the Download Manager	300
	Chat Customizations	300
51	Customizing chat preferences	300
52	Requesting notification when AOL members come and go	300
53	Double-spacing incoming messages	301
54	Blocking hyperlinks in chat rooms	301
55	Displaying smiles as art	301
56	Enabling chat room sounds	301
57	Using alternate Buddy List sounds	302

Privacy, Marketing, and Association Customizations	302
58 Setting Buddy List privacy controls	302
59 Setting Instant Message preferences	302
60 Specifying marketing preferences	303
 Chapter 15 Create Your Own Web Page	305
 Web Page Basics	305
1 My own Web page—why and how?	305
2 Deciding what a Web page should contain	306
3 Understanding what is needed to build a Web page	306
4 Taking advantage of Web Publishing Tutorials Web page	307
5 Building a Web page is free!	307
6 Getting help—it's just a click away	308
Web Design & Templates for Beginners	308
7 Choosing AOL Web site building tools	308
8 Building a simple Web page with 1-2-3 Publish	309
9 Previewing your 1-2-3 Publish Web page	309
10 Publishing your 1-2-3 Publish Web page	310
11 Making changes to your 1-2-3 Publish Web page	311
12 Opening an existing 1-2-3 Publish page	311
13 Adding a chat room to your 1-2-3 Publish page	312
Web Page Building for More Advanced Users	312
14 Building a Web page with Easy Designer	312
15 Opening an existing Web page with Easy Designer	312
16 Making changes to your Web page with Easy Designer	313
17 Adding text to your Web page with Easy Designer	313
18 Adding graphics and art to your page with Easy Designer	314
19 Adding hyperlinks to your page with Easy Designer	317
20 Checking hyperlinks to see if they work	317
21 Avoiding the risks associated with hyperlinks	317
22 Changing your background color with Easy Designer	318
23 Linking text to a URL with Easy Designer	318
24 Adding a counter with Easy Designer	319
25 Adding music or sound with Easy Designer	320
26 Understanding sound file types and extensions	322
27 Adding animation with Easy Designer	322
Clip Art Graphics	323
28 Understanding graphic file types and extensions	323
29 Adding clip art to your Web page	324
30 Creating your own Web art	325
31 Downloading background art	325
32 Downloading banners and text images	326
33 Downloading animated art	326
34 Using care when borrowing someone else's work	327
35 Accessing graphic arts communities	327
Shareware Web Tools and Web Publishing	329
36 Deciding on PC publishing tools	329
37 Macintosh publishing tools	330
38 Uploading a template script file to your Web space	330

Chapter 16 Problem Solving and Errors	333
Detecting and Dealing with Errors	333
1 Decoding error messages	333
2 Analyzing an error message	333
3 Understanding error types	334
Connecting Problems	335
4 Connecting using local numbers	335
5 Diagnosing modem problems	335
6 Detecting a dial tone	335
7 Losing your AOL connection	335
8 Dealing with “No carrier signal”	336
9 Coping when the host fails to respond	336
10 Diagnosing HTTP 500 internal server errors	336
11 Dealing with modem hang ups at Step 4	337
12 Disconnecting modems—electromagnetic interference	337
13 Diagnosing the problem when the modem won’t initialize	338
14 Troubleshooting tips for the modem	338
Explaining E-mail Issues	338
15 Fixing long e-mail truncation and large attachments	338
16 Compressing or decompressing file problems	339
17 Dealing with an overflowing mailbox	339
18 Dealing with disappearing e-mail	339
19 Coping when e-mail delivery is slow	339
20 Receiving the “Internet e-mail cannot be sent at this time” message	340
21 Temporarily unable to list or access e-mail during down times	340
22 Checking unrecognized or unknown E-mail addresses	340
23 Receiving e-mail from mailer_daemon	340
Troubleshooting Instant Messenger, Mailing Lists, Telnet, and FTP	341
24 Dealing with an invalid screen name message in IM	341
25 Receiving too many mailing list messages	341
26 Understanding why mailing list messages stop coming	341
27 Determining when your online mailbox is full	341
28 Suspending mailing list messages	341
29 Dealing with subscribing or unsubscribing difficulties	342
30 Connecting to telnet:domain.edu	342
31 Timing out of a telnet connection	342
32 Coping with FTP/Word errors	343
33 Troubleshooting FTP upload errors	343
34 Session interrupted during upgrade download	343
35 Connecting to FTP sites	343
36 Dealing with “Permission denied”	343
37 Getting an I/O error message	344
38 Learning more about My FTP Space	344
Diagnosing Web Problems	344
39 Clearing your browser cache	344
40 Difficulty accessing a previously visited Web pages	344
41 Trouble connecting to a Web site	345
42 Determining why you got a blank Web page	345
43 Dealing with too much network traffic	345
44 Checking why a requested URL was not found	345
45 Getting the L2TP Connection error message	346
46 Getting the 401—Authorization Required message	346
47 Decoding the 403—Forbidden message	346
48 Determining why you got a 404—Not Found message	347
49 Coping with Server-related Error messages	347

50	Understanding the 501–Not Implemented message	347
51	Dealing with Can't Parse HTTP messages	347
52	Getting MSIE connection to the server not established	348
Miscellaneous Errors		348
53	Understanding No helper application defined	348
 Chapter 17 Miscellaneous Tips		 349
1	Finding what's new in AOL Version 7.0	349
2	Finding out what version of AOL you're using	349
3	Assessing AOL 7.0 System Requirements under Windows	349
4	Obtaining the latest AOL software	351
5	Quitting other programs before installing Version 7.0	352
6	Installing AOL	352
7	Copying your address book and filing cabinet to Version 7.0	352
8	Troubleshooting installation/upgrade problems	352
9	Keeping earlier versions of AOL software	352
10	Upgrading MS Internet Explorer during the installation process	353
11	Getting the latest version of MS Internet Explorer anytime	353
12	Removing earlier versions of AOL from my computer	353
AOL Accessibility Tips		353
13	Improving accessibility with AOL Version 7.0	353
14	Accessing local AOL and international access numbers	353
15	Accessing surcharged access numbers	354
16	Determining international access costs	354
17	Using AOL and Globalnet—for the foreign traveler	354
18	Contacting international technical support	354
19	Accessing AOL e-mail without AOL software	355
20	Sending an access number request to AOL	355
AOL Connection Options		355
21	Changing modem sound settings	355
22	Disabling call waiting	355
23	Identifying a modem manufacturer	356
24	Upgrading a modem's firmware	356
25	Upgrading a modem's hardware and driver	356
26	Understanding AOL and cable modems	356
27	Finding out if AOL's cable modem service is available in your neighborhood	357
28	Assessing AOL cable modem system requirements	357
29	Understanding what AOL Plus DSL is	357
30	Assessing AOL Plus™ DSL system requirements	357
31	Connecting to AOL with your current DSL service	358
32	Understanding AOL Plus DirecPC satellite system	358
33	Assessing AOL's high speed satellite system requirements	358
AOL Wireless, Mobile Communications, and AOL TV		358
34	Using an Internet-enabled phone	358
35	Accessing AOL with the Mobile Communicator	359
36	Accessing AOL on a PDA	359
37	Sending and receiving e-mail and Instant Messages without a PC	359
38	Accessing AOL TV™	360
39	Assessing AOL TV™ system requirements	360
