

# *Contents*

<b>Chapter 1. Craft Production and the Development of Complex Societies in Ancient China . . . . .</b>	<b>1</b>
Prestige Goods and the Development of Complex Societies . . . . .	4
Reconsidering the Role of Prestige Goods in Social Change. . . . .	6
Change in Production and Use of Pottery Vessels as Complex Societies Develop . . . . .	8
Investigating Consumption of Pottery and Bronze Vessels in Northern China . . . . .	11
Methodological Approach . . . . .	13
Burials as Indicators of Changing Economic Relations. . . . .	15
The Plan of This Book . . . . .	16
 <b>Chapter 2. Sources of Data on Social Change during the Late Neolithic Period and Early Bronze Age . . . . .</b>	 <b>19</b>
The Yellow River Valley of Northern China . . . . .	21
Complex Societies during the Early Bronze Age . . . . .	25
Textual Data from the Shang Period, and the Importance of Descent Groups . . . . .	28
The Longshan Period (c. 2600–1900 B.C.) . . . . .	31
Longshan Economic Systems . . . . .	34
Concern for Ancestors . . . . .	37
The Late Yangshao Period (c. 4000–2800 B.C.) . . . . .	39
Late Yangshao Economic Systems . . . . .	41
The Dawenkou Period (c. 4100–2600 B.C.) . . . . .	41
Dawenkou Economic Systems . . . . .	44

<b>Chapter 3. Food, Craft Production, and Social Inequality: Cross-Cultural Perspectives . . . . .</b>	<b>47</b>
Integrative and Hierarchical Relations through Exchange of Food . . . . .	50
Variation in More Competitive Feasts . . . . .	53
Mortuary Feasts . . . . .	55
Giving Away Goods versus Burying Goods . . . . .	57
Exchange of Food Surplus for Craft Goods . . . . .	59
Summary of Expectations: Food, Craft Production, and Increase in Social Inequality . . . . .	60
<b>Chapter 4. The Gift of Food in Ancient China: The Role of Food, Drink, and Containers in Social Relations . . . . .</b>	<b>67</b>
Food, Containers, and Social Relations in China . . . . .	68
Mortuary Rituals in Late Historic and Modern China . . . . .	69
Early Historic China . . . . .	71
Texts from the Han and Eastern Zhou Periods . . . . .	73
Feasting and Political Relations . . . . .	75
Records from the Western Zhou Period . . . . .	78
Textual Data from the Shang Period . . . . .	81
Additional Expectations for the Late Neolithic Period and Early Bronze Age of Northern China . . . . .	84
<b>Chapter 5. The Dawenkou and Yangshao Periods . . . . .</b>	<b>89</b>
Ceramic Consumption during the Early Dawenkou Regional Phase (c. 4100–3500 B.C.) in Western Shandong . . . . .	92
Inferences about Ceramic Production . . . . .	100
Ceramic Consumption during the Later Dawenkou Regional Phases in Western Shandong . . . . .	104
Inferences about Ceramic Production in Western Shandong . . . . .	119
Consumption Patterns for Eastern Shandong during the Late Dawenkou Phase . . . . .	123
Inferences about Ceramic Production in Eastern Shandong . . . . .	126
Patterns of Ceramic Consumption for Yangshao Sites and Inferences about Production . . . . .	129
Organization of Ceramic Production . . . . .	132
Nonceramic Prestige Goods in Dawenkou and Yangshao Period Graves . . . . .	133
House Remains from Dawenkou and Yangshao Sites . . . . .	141
Conclusions: Food, Craft Production, and Social Inequality . . . . .	143

<b>Chapter 6. The Longshan Period . . . . .</b>	<b>147</b>
Consumption of Ceramics from Graves in Western Shandong . . . . .	148
Inferences about Ceramic Production in Western Shandong . . . . .	157
Mortuary Ceramics in Eastern Shandong . . . . .	162
Inferences about Production in Eastern Shandong . . . . .	168
Mortuary Ceramics in the Central Yellow River Valley . . . . .	171
Assessing Ceramics from Habitation Contexts at	
Hougang and Baiying . . . . .	174
Assessment of Standardization . . . . .	178
Direct Evidence for Ceramic Production . . . . .	182
Consumption Patterns for Nonceramic Prestige Goods and	
Inferences about Production: Mortuary and	
Residential Remains . . . . .	186
House Remains from Longshan Sites . . . . .	194
Conclusions: Food, Craft Production, and Changing	
Social Relations . . . . .	196
 <b>Chapter 7. The Early Bronze Age . . . . .</b>	 <b>201</b>
Bronze Vessels in Graves and Inferences about Production:	
The Early-Middle Bronze Age . . . . .	203
Bronze Vessels in Graves from the Late Shang Period and	
Inferences about Production . . . . .	206
Large Bronze Vessels from Shang Sites . . . . .	215
Ceramic Vessels and Other Containers in Graves . . . . .	220
Other Bronze Items in Graves . . . . .	225
Jade Items in Graves . . . . .	226
Direct Evidence for Bronze Production . . . . .	227
Direct Evidence for Ceramic Production at	
Early Bronze Age Sites . . . . .	231
The Political Economy of Early States in Northern China . . . . .	235
Remaining Questions about Regional Economic Organization . . . . .	237
Conclusions: Food, Craft Production, and Social Change . . . . .	238
 <b>Chapter 8. Craft Production and Social Change</b>	
<b>in Northern China . . . . .</b>	<b>241</b>
The Dawenkou and Yangshao Periods . . . . .	245
The Longshan Period . . . . .	248
The Early Bronze Age . . . . .	253
Closing Thoughts . . . . .	257
