

CONTENTS

Preface	v
Contributors	ix
 PART I INTRODUCTION	 1
1 Cardiogenic Shock: <i>Clinical Features</i>	3
<i>David Hasdai</i>	
2 Cardiogenic Shock: <i>Physiological and Biochemical Concepts</i>	7
<i>Simon G. Williams, Bing Hsiean Tzeng, and Lip-Bun Tan</i>	
 PART II CARDIOGENIC SHOCK COMPLICATING ACUTE CORONARY SYNDROMES	 33
3 Cardiogenic Shock Complicating Non–ST-Segment Elevation Acute Coronary Syndrome	35
<i>David R. Holmes, Jr. and David Hasdai</i>	
4 Cardiogenic Shock Complicating ST-Segment Elevation Acute Coronary Syndrome	43
<i>Peter B. Berger and David Hasdai</i>	
 PART III CONTEMPORARY TREATMENT OF THE PATIENT WITH CARDIOGENIC SHOCK COMPLICATING ACUTE CORONARY SYNDROMES	 57
5 Medical Treatment for Cardiogenic Shock	59
<i>John K. French, Cheuk-Kit Wong, and Harvey D. White</i>	
6 Technical Approaches to Percutaneous Revascularization in the Patient with Cardiogenic Shock	73
<i>David R. Holmes, Jr.</i>	
7 Operative Strategies for Cardiogenic Shock Complicating Acute Coronary Syndromes	77
<i>Ehud Raanani, Aharon Avramovich, David Hasdai, and Bernardo A. Vidne</i>	
 PART IV MECHANICAL COMPLICATIONS OF ACUTE MYOCARDIAL INFARCTION CAUSING CARDIOGENIC SHOCK	 93
8 Mechanical Complications of Acute Myocardial Infarction Causing Cardiogenic Shock	95
<i>Yochai Birnbaum and Robert J. Siegel</i>	
9 Percutaneous Treatment of Acute Mechanical Complications of Myocardial Infarction	125
<i>Elchanan Bruckheimer and Kevin P. Walsh</i>	

10	Surgical Management of Mechanical Complications of Acute Coronary Syndromes Causing Cardiogenic Shock	135
	<i>Harold M. Burkhart and Joseph A. Dearani</i>	
PART V	CARDIOGENIC SHOCK RELATED TO VALVULAR	
	HEART DISEASE	151
11	Cardiogenic Shock Related to Valvular Heart Disease	153
	<i>Alex Sagie and Yaron Shapira</i>	
12	Percutaneous Valvuloplasty in Cardiogenic Shock	181
	<i>Alec Vahanian, Bernard Iung, and Olivier Nallet</i>	
13	Operative Management of Nonischemic Cardiogenic Shock	195
	<i>David G. Cable and Joseph A. Dearani</i>	
PART VI	CARDIOGENIC SHOCK RELATED TO OTHER	
	CARDIAC CONDITIONS	213
14	Myocarditis and Cardiogenic Shock	215
	<i>Mordehay Vaturi, David Hasdai, and Alexander Battler</i>	
15	Pericardial Disease and Cardiogenic Shock	227
	<i>Aviv Mager and David Hasdai</i>	
16	Heart Disease in the Child and Cardiogenic Shock	243
	<i>Amiram Nir, Azaria J. J. T. Rein, and David J. Driscoll</i>	
17	Congenital Heart Disease in the Adult and Cardiogenic Shock	271
	<i>Rafael Hirsch</i>	
PART VII	TRANSPORT, ASSIST DEVICES,	
	AND FUTURE PERSPECTIVES	287
18	Transport of the Patient with Cardiogenic Shock	289
	<i>Eric R. Bates, Michael J. Lim, and Mark J. Lowell</i>	
19	Percutaneous Mechanical Assist Devices for Severe Left Ventricular Dysfunction	303
	<i>Suresh R. Mulukutla, John J. Pacella, and Howard A. Cohen</i>	
20	Mechanical Alternatives to the Human Heart	325
	<i>Jacob Lavee</i>	
21	Treatment of Cardiogenic Shock: <i>Future Perspective</i>	357
	<i>Jonathan Leor, Israel M. Barbash, Alexander Battler, and Robert A. Kloner</i>	
	Index	373

Cardiogenic Shock

Hasdai, D.; Berger, P.B.; Battler, A.; Holmes Jr., D.R.
(Eds.)

2002, X, 381 p., Hardcover

ISBN: 978-1-58829-025-0
