

Table of Contents

Information Interchange and Management Systems

Information Systems That also Project into the Future	1
<i>Gio Wiederhold</i>	
A Design Methodology for Workflow System Development	15
<i>Jaehyoun Kim, C. Robert Carlson</i>	
Adding Valid Time to XPath	29
<i>Shuohao Zhang, Curtis E. Dyreson</i>	
Communication Deadlock Detection of Inter-organizational Workflow Definition	43
<i>Jaeyong Shim, Dongsoo Han, Hongsoog Kim</i>	

Web Data Management Systems

Web Information Modeling: The Adjunction Space Model	58
<i>Tosiyasu L. Kunii</i>	
Advanced Storage and Retrieval of XML Multimedia Documents	64
<i>Jérôme Godard, Frédéric Andres, Kinji Ono</i>	
A New Query Processing Scheme in a Web Data Engine	74
<i>Zhiqiang Zhang, Chunxiao Xing, Lizhu Zhou, Jianhua Feng</i>	
An Approach to Modelling Legacy Enterprise Systems	88
<i>Janet Lavery, Cornelia Boldyreff</i>	

Data Management Systems

Explicit Representation of Constrained Schema Mappings for Mediated Data Integration	103
<i>C. Altenschmidt, J. Biskup</i>	
Xeena for Schema: Creating XML Data with an Interactive Editor	133
<i>Mark Sifer, Yardena Peres, Yoelle Maarek</i>	
Coding and Presentation of Multimedia for Data Broadcasting with Broadcasting Markup Language	147
<i>Hun Lee, Gun Ho Hong, Ha Yoon Song, Sang Yong Han</i>	

A Proposal for a Distributed XML Healthcare Record	161
<i>Francesco Barbera, Fernando Ferri, Fabrizio L. Ricci,</i> <i>Pier Angelo Sottile</i>	

Networked Information Systems: Applications

Some Experiences on Large Scale Web Mining	173
<i>Masaru Kitsuregawa, Iko Pramudiono, Yusuke Ohura, Masashi Toyoda</i>	
An Approach for Distance Learning via Internet and Its Evaluation	179
<i>Tomoyuki Sowa, Kotaro Hirano</i>	
A Graph Based Approach to Extract a Neighborhood Customer Community for Collaborative Filtering	188
<i>P. Krishna Reddy, Masaru Kitsuregawa, P. Sreekanth,</i> <i>S. Srinivasa Rao</i>	
An Interactive Programming Environment for Enhancing Learning Performance	201
<i>Mungunsukh Jambalsuren, Zixue Cheng</i>	

Networked Information Systems: Implementations

Business Operation Intelligence	213
<i>Fabio Casati, Umeshwar Dayal, Ming-Chien Shan</i>	
Peer-to-Peer File Sharing with Integrated Attribute Descriptions in XML and an Embedded Database Engine	225
<i>Shuichi Takizawa, Qun Jin</i>	
In Search of Torrents: Automatic Detection of Logical Sets Flows in Network Traffic	239
<i>Koide Kazuhide, Glenn Mansfield Keeni, Shiratori Norio</i>	
Dynamic Location Management with Caching in Hierarchical Databases for Mobile Networks	253
<i>Chang Woo Pyo, Jie Li, Hisao Kameda, Xiaohua Jia</i>	
An Experimental Study on Query Processing Efficiency of Native-XML and XML-Enabled Database Systems	268
<i>Atakan Kurt, Mustafa Atay</i>	
Author Index	285

Databases in Networked Information Systems
Second International Workshop, DNIS 2002, Aizu, Japan,
December 16-18, 2002, Proceedings
Bhalla, S. (Ed.)
2002, X, 288 p., Softcover
ISBN: 978-3-540-00264-2
