

Contents

1. Introduction	1
2. Harmonic functions on locally compact groups	5
2.1 Preliminaries and notation	6
2.2 Poisson representation of harmonic functions	11
2.3 Semigroup structures of the Poisson space	25
2.4 Almost periodic harmonic functions	31
2.5 Distal harmonic functions	39
2.6 Transitive group actions on Poisson spaces	43
2.7 Examples	46
3. Harmonic functionals on Fourier algebras	51
3.1 Fourier algebras	52
3.2 Harmonic functionals and associated ideals	54
3.3 Jordan structures of harmonic functionals	63
3.4 Classification of harmonic functionals	82
References	90
List of symbols	98
Index	99

Harmonic Functions on Groups and Fourier Algebras

Chu, C.-H.; Lau, A.T.-M.

2002, VII, 100 p., Softcover

ISBN: 978-3-540-43595-2
