<b>PART I:</b>	
<b>INTEGRATED VASCULAR SYSTEM: GENERAL PRINCIPLES</b>	
<b>Section 1: Epidemiology of Vascular Diseases . . . . .</b>	<b>1</b>
1 Epidemiology of Atherosclerotic Vascular Disease Christopher J. O'Donnell, William B. Kannel . . . .	3
<b>Section 2: Vascular Embryology . . . . .</b>	<b>17</b>
2 Molecular Vascular Embryology Steven A. Vokes, Paul A. Krieg . . . . .	18
3 Genetic Vascular Embryology Jeffrey A. Towbin, John Belmont . . . . .	36
<b>Section 3: Vascular Anatomy and Pathology . . . . .</b>	<b>49</b>
4 Integrated Vascular Anatomy Jörg Wilting . . . . .	50
5 Integrated Vascular Pathology William E. Stehbens . . . . .	76
<b>Section 4: Vascular Physiology . . . . .</b>	<b>115</b>
6 Principles of Vascular Physiology Patrick Segers, Pascal Verdonck . . . . .	116
7 Hemodynamics Ajit P. Yoganathan, George P. Chatzimavroudis . .	138
8 Arterial Wall Mechanics Alan J. Bank, Daniel R. Kaiser . . . . .	151
9 Microcirculation Function: Coronary Vasculature Gianmario Sambuceti, Mario Marzilli, Antonio L'Abbate . . . . .	162
10 Neurovegetative Regulation of the Vascular System Blair P. Grubb, Daniel J. Kosinski, Yousuf Kanjwal	175
<b>Section 5: Vascular Biology . . . . .</b>	<b>189</b>
11 Vascular Endothelium Zhihong Yang, Thomas F. Lüscher . . . . .	190
12 Vascular Smooth Muscle Cells Gordon R. Campbell, Johnny L. Efendy, Julie H. Campbell . . . . .	205
13 Vascular Extracellular Matrix Colin M. Fitzsimmons, Catherine M. Shanahan . .	217
14 Principles of Vascular Remodeling Seymour Glagov, Clifford Ko, Hisham S. Bassiouny, Christopher K. Zarins . . . . .	232
15 Molecular Biology of Vascular Remodeling Philip S. Tsao, Jay Wohlgemuth, Mehrdad Rezaee, Frances L. Johnson, Stephane C. Boutet, Bahaa M. Fadel, Thomas Quertermous . . . . .	242
16 Molecular Biology of Collateral Circulation Dimitri Scholz, Tibor Ziegelhöffer, Christian Friedrich . . . . .	265
17 Molecular and Cellular Angiogenesis Peter Carmeliet, Désiré Collen, Edward M. Conway	273

18 Molecular and Cellular Hemostasis and Fibrinolysis Kathleen E. Brummel, Nancy Swords Jenny, Kenneth G. Mann . . . . .	287
<b>Section 6: Atherosclerotic Lesions . . . . .</b>	<b>319</b>
19 Atherosclerotic Lesions: Evolution and Regression Herbert C. Stary . . . . .	320
20 Atherosclerotic Lesions: Vulnerability Trine-Line Korsholm, Line Graven Lyngdorf, Erling Falk . . . . .	327
21 Atherosclerotic Lesions: Mechanical Properties Tim Topoleski . . . . .	340
<b>Section 7: Vascular Immunobiology and Heterogeneity</b>	<b>353</b>
22 Vascular Immunobiology and Immunopathology Cora Jean S. Edgell, J. Charles Jennette . . . . .	354
23 Vascular Heterogeneity Maarten Bergwerff, Marco C. DeRuiter, Robert E. Poelmann, Adriana C. Gittenberger-de Groot . . .	366
<b>PART II:</b>	
<b>INTEGRATED VASCULAR DIAGNOSTIC EVALUATIONS</b>	
<b>Section 1: Clinical Examination . . . . .</b>	<b>377</b>
24 Coronary Artery Disease Kanu Chatterjee . . . . .	379
25 Cerebrovascular Disease Michael Hennerici, Michael Daffertshofer . . . . .	382
26 Peripheral Vascular Disease Peter Lanzer . . . . .	388
<b>Section 2: Vascular Laboratory . . . . .</b>	<b>397</b>
27 Peripheral Vascular Diagnostic Methods Todd D. Lovelace, Gregory L. Moneta . . . . .	398
28 Cerebrovascular Ultrasonography Stephen Meairs, Michael Hennerici . . . . .	420
<b>Section 3: Computed Tomography . . . . .</b>	<b>441</b>
29 Technical Principles of CT Bernd Ohnesorge, Andreas F. Kopp, Christoph R. Becker, Andreas Knez, Stephen Schröder, Thomas Flohr . . . . .	443
30 Coronary Artery Imaging Using CT Christoph R. Becker . . . . .	453
31 Peripheral and Visceral Vascular Imaging Using CT Everett Y. Lam, Robert A. Andrews, Gregory L. Moneta . . . . .	458
32 Pulmonary Vascular Imaging Using CT Christoph Engelke, Mathias Prokop . . . . .	466
33 Coronary Artery Imaging Using EBT Paolo Raggi . . . . .	496

<b>Section 4: Magnetic Resonance Angiography . . . . .</b>	<b>513</b>	51	Coronary Artery Revascularization: Percutaneous Approach Antonio Colombo, Bernhard Reimers. . . . .	820
34 Technical Principles of MRA René M. Botnar, Matthias Stuber, Kraig V. Kissinger, Warren J. Manning . . . . .	515	52	Coronary Artery Revascularization: Adjunctive Pharmacology in the Percutaneous Approach Dean J. Kereiakes, Thomas M. Shimshak . . . . .	841
35 Coronary Artery Imaging Using MRA Oliver M. Weber, Peter Boesiger. . . . .	526	53	Coronary Artery Revascularization: Surgical Approach – Standard Management Anno Diegeler, Francis G. Duhaylongsod, Friedrich Wilhelm Mohr . . . . .	854
36 Cerebrovascular Artery Imaging Using MRA Andreas Sommer, Michael Hennerici . . . . .	533	54	Coronary Artery Revascularization: Surgical Approach – Minimally Invasive Management Valavanur A. Subramanian, Nilesch U. Patel. . . . .	879
37 Peripheral Artery Imaging Using MRA Everett Y. Lam, Robert A. Andrews, Gregory L. Moneta . . . . .	546	55	Coronary Artery Disease and Endothelial Function Volker Schächinger, Andreas M. Zeiher . . . . .	887
<b>Section 5: Perfusion Measurements . . . . .</b>	<b>553</b>	56	Coronary Artery Spasm: Basic Aspects Hiroaki Shimokawa, Masahiro Mohri, Akira Takeshita . . . . .	912
38 Myocardial Blood Flow and Perfusion: Radionuclide Techniques Heinrich R. Schelbert . . . . .	555	57	Coronary Artery Spasm: Clinical Aspects Masahiro Mohri, Hiroaki Shimokawa, Akira Takeshita . . . . .	921
39 Cerebrovascular Blood Flow and Perfusion Peter Horn . . . . .	577	58	Coronary Artery Syndrome X Junbo Ge, Juying Qian, Raimund Erbel. . . . .	930
<b>Section 6: X-Ray, Angiography . . . . .</b>	<b>591</b>	59	Inflammatory Diseases of the Coronary Artery Joseph C. Shanahan, E. William St. Clair. . . . .	935
40 Technical Principles of X-Ray Angiography Frits Van der Meer . . . . .	593	60	Drug-Related Diseases of the Coronary Artery Shereif H. Rezkalla, Robert A. Kloner . . . . .	970
41 X-Ray Coronary Angiography Stephan Windecker, Bernhard Meier. . . . .	602	61	Hypertrophic Cardiomyopathy and Coronary Arteries Barry J. Maron. . . . .	980
42 X-Ray Peripheral and Visceral Angiography Peter M.T. Pattynama . . . . .	636	62	Dilated Cardiomyopathy and Coronary Arteries Kanu Chatterjee . . . . .	987
<b>Section 7: Intravascular Ultrasonography . . . . .</b>	<b>659</b>	63	Vascular Disease in Diabetes Mellitus Michael Poon, Elliot Rayfield. . . . .	995
43 Technical Principles of Intravascular Ultrasonography Nicolaas Bom, Anton F.W. van der Steen, Nico Bruining, Chris L. de Korte, Stephane G. Carlier, Charles T. Lancee . . . . .	661	64	Coronary Artery Function in Diabetes Mellitus Luis Afonso, Marcelo F. Di Carli. . . . .	1008
44 Coronary Intravascular Ultrasonography Peter Stähr, Yasuhiro Honda, Peter J. Fitzgerald, Paul G. Yock. . . . .	667	65	Systemic Hypertension Shawn A. Gregory, Suzanne Oparil . . . . .	1015
45 Peripheral Intravascular Ultrasonography Elma J. Gussenhoven, Tjebbe Hagenaars, Jeroen A. van Essen, Trude C. Leertouwer, Nicolaas Bom. . . . .	678			
<b>Section 8: Special Vascular Examination Techniques. . . . .</b>	<b>689</b>			
46 Clinical Assessment of Endothelial Function Joseph A. Vita . . . . .	691			
47 Functional Coronary Artery Diagnostic Evaluations Stuart T. Higano . . . . .	701			
<b>PART III</b>				
<b>CORONARY VASCULAR DISEASES</b>				
48 Integrated Coronary Physiology and Pathophysiology Eberhard Bassenge, Michael Schwemmer. . . . .	717			
49 Coronary Atherosclerosis: Acute Coronary Syndromes Peter Lanzer, Tilman Markert, Axel Frey, Rolf Weser . . . . .	746			
50 Coronary Atherosclerosis: Chronic Coronary Syndromes K. Lance Gould . . . . .	779			
<b>PART IV</b>				
<b>CEREBROVASCULAR DISEASES</b>				
<b>Section 1: Vascular Diseases of the Central Nervous System: Review and Special Considerations. . . . .</b>	<b>1065</b>			
66 Cerebrovascular Anatomy: Special Considerations Stephan Behrens, Oliver Sedlacek, Michael Hennerici. . . . .	1067			
67 Cerebrovascular Pathobiology and Pathophysiology: Special Considerations Michael Hennerici, Stephen Meairs. . . . .	1071			
68 Cerebrovascular Diseases Michael Daffertshofer. . . . .	1075			
<b>Section 2: Vascular Diseases of the Central Nervous System: Percutaneous and Surgical Therapy . . . . .</b>	<b>1113</b>			
69 Vascular Diseases of the Central Nervous System: Percutaneous Approach Peter J. Mitchell, Randall T. Higashida, Christopher F. Dowd, Van V. Halbach . . . . .	1115			

70	Intracranial Aneurysms: Surgical and Endovascular Approach Erich Donauer, Hans Henkes, Johannes Reif, Sabine Fuhrmann, Klaus Terstegge, Dietmar Kühne . . . .	1154	88	Arterial Disease of the Lower Extremity: Surgical Approach Alexander D. Nicoloff, W. Kent Williamson, John M. Porter . . . . .	1433
71	Intracerebral Hemorrhage: Surgical Approach Frieder Cortbus, Wolf-Ingo Steudel . . . . .	1217	89	Peripheral Artery Disease: Aging and Comorbidity Christian F.A. Kügler . . . . .	1449
72	Cerebral Arteriovenous Malformations: Single-Step Combined Approach Ulrich Grzyska, Manfred Westphal . . . . .	1235	90	Hemodialysis Access Dysfunction Dierk Vorwerk . . . . .	1470
73	Aneurysms Associated with Cerebral Arteriovenous Malformations: Therapeutic Options Manfred Westphal, Ulrich Grzyska . . . . .	1240	91	Foreign Body Retrieval Haresh Mehta, Stephan Windecker, Bernhard Meier . . . . .	1480
74	Cranial Dural Arteriovenous Fistulas: Therapeutic Options Eva Neumaier Probst, Ulrich Grzyska, Manfred Westphal, Herman Zeumer . . . . .	1245	<b>PART VI PERIPHERAL VENOUS AND LYMPHATIC DISEASES</b>		
75	Spinal Vascular Malformations: Therapeutic Options Christoph Koch, Hermann Zeumer, Manfred Westphal . . . . .	1253	92	Peripheral Venous Anatomy and Physiology Sebastian Schellong, Thomas Schwarz . . . . .	1489
76	Intracranial Angiomas: Surgical Approach Erich Donauer, Hans Henkes . . . . .	1265	93	Peripheral Venous Pathomorphology and Pathophysiology Sebastian Schellong, Thomas Schwarz . . . . .	1491
77	Cerebral and Spinal Cavernomas: Surgical Approach Jürgen Meixensberger, Klaus Roosen . . . . .	1282	94	Peripheral Venous Diseases: Nonsurgical Therapy Sebastian Schellong, Thomas Schwarz . . . . .	1497
78	Moyamoya Disease: Surgical Approach Jürgen Meixensberger, Erich Donauer . . . . .	1292	95	Peripheral Venous Diseases: The Surgical Approach Gerhard Salzmann . . . . .	1526
79	Neurovascular Cross-Compression Syndromes: Surgical Approach Abolghassem Sepehrnia . . . . .	1297	96	Lymphatic Vascular Diseases Etelka Földi . . . . .	1538
80	Carotis Artery Disease: Percutaneous Approach Klaus Mathias, Hans Martin Gissler . . . . .	1302	<b>PART VII THORACIC VASCULAR DISEASES</b>		
81	Carotis and Vertebralis Artery Disease: Surgical Approach Brajesh K. Lal, Robert W. Hobson II . . . . .	1316	<b>Section 1: Diseases of the Thoracic Aorta . . . . .</b>		<b>1547</b>
<b>PART V PERIPHERAL ARTERIAL DISEASES</b>			97	Diseases of the Thoracic Aorta: Percutaneous Approach Christoph A. Nienaber . . . . .	1549
			98	Diseases of the Thoracic Aorta: Surgical Approach Magdi Yacoub . . . . .	1561
82	Peripheral Artery Physiology and Pathophysiology: Special Considerations Caroline Schmidt-Lucke, Jan André Schmidt-Lucke . . . . .	1333	<b>Section 2: Diseases of the Supra-aortic Great Vessels . . . . .</b>		<b>1573</b>
83	Peripheral Artery Tomographic Imaging: Special Considerations Mathias Goyen, Stefan G. Ruehm, Jörg F. Debatin . . . . .	1341	99	Supra-aortic Great Vessels: Surgical and Percutaneous Approach Manju Kalra, Kenneth J. Cherry . . . . .	1575
84	Prevention of Peripheral Artery Atherosclerosis Knuth Kröger . . . . .	1347	<b>Section 3: Vascular Diseases of the Lungs . . . . .</b>		<b>1597</b>
85	Peripheral Arterial Disease: Acute Ischemic Syndromes Gottfried Rudofsky . . . . .	1351	100	Pulmonary Vasculitides Richard A. DeRemee . . . . .	1599
86	Peripheral Arterial Disease: Chronic Ischemic Syndromes Gottfried Rudofsky . . . . .	1363	101	Hypertensive Pulmonary Vasculopathies: Pathological Findings Giuseppe G. Pietra, Enrico Dessy . . . . .	1609
87	Arterial Disease of the Upper Extremity: Special Considerations Edward B. Diethrich . . . . .	1423	102	Hypertensive Pulmonary Vasculopathies: Pathogenesis Alfred P. Fishman . . . . .	1618
			103	Hypertensive Pulmonary Vasculopathies: Diagnostic Evaluations Harold I. Palevsky, Alfred P. Fishman . . . . .	1632
			104	Hypertensive Pulmonary Vasculopathies: Clinical Management Tim Higenbottam . . . . .	1641

## PART VIII

## ABDOMINAL VASCULAR DISEASES

<b>Section 1: Diseases of the Abdominal Aorta.....</b>	<b>1651</b>
105 Diseases of the Abdominal Aorta: Percutaneous Approach Frank Arko, R. Scott Mitchell.....	1653
106 Abdominal Aorta: Surgical Approach Friedrich Kallinowski, Jens-Rainer Allenberg ...	1668
<b>Section 2: Gastrointestinal Vascular Diseases .....</b>	<b>1681</b>
107 Gastrointestinal Vascular Anatomy: Special Considerations Amindra S. Arora, Piet C. de Groen.....	1683
108 Gastrointestinal Vascular Physiology Vijah H. Shah, Patrick S. Kamath, Piet C. de Groen .....	1688
109 Gastrointestinal Vascular Diseases Piet C. de Groen, Patrick S. Kamath .....	1695
110 Gastrointestinal Vascular Diseases: Endoscopic Treatment Todd H. Baron, Piet C. de Groen .....	1712
111 Gastrointestinal Vascular Diseases: Percutaneous Approach Christoph Engelke, Robert A. Morgan, Anna-Maria Belli. ....	1725
112 Gastrointestinal Vascular Diseases: Surgical Approach Paul J. DiMuzio .....	1740
<b>Section 3: Renal Vascular Diseases.....</b>	<b>1749</b>
113 Renal Vascular Diseases David W.P. Lappin, Hugh R. Brady.....	1751
114 Renal Vascular Diseases: Percutaneous Approach Robert A. Morgan, Anna-Maria Belli. ....	1787
115 Renal Vascular Diseases: Surgical Therapy James C. Stanley .....	1798

## PART IX

## ENDOCRINE SYSTEM AND VASCULAR DISEASES

<b>Section 1: Endocrine Vascular Diseases: Basic Principles.....</b>	<b>1809</b>
116 Vascular Anatomy of the Endocrine Organs Susan M. Webb, Ana M. Wagner, Xavier Matas-Guiu.....	1811
117 Endocrine Regulatory Mechanisms of Blood Flow Susan M. Webb, Ana M. Wagner .....	1813

## Section 2: Endocrine Vascular Diseases:

<b>Nosologic Considerations .....</b>	<b>1817</b>
118 Thyroid Dysfunctions Ana Wagner, Susan M. Webb .....	1819
119 Acromegaly Susan M. Webb, Ana M. Wagner .....	1823
120 Hypopituitarism and Growth Hormone Deficiency Eva Marie Erfurth.....	1826
121 Hyperandrogenism, Polycystic Ovarian Disease Mahesh Sathivageeswaran, John A.H. Wass ....	1829
122 Hormone Replacement Therapy and Cardiovascular Disease in Women Mahesh Sathivageeswaran, John A.H. Wass ....	1832
123 Hormone Replacement Therapy with Testosterone Mahesh Sathivageeswaran, John A.H. Wass ....	1837
124 Adrenal Gland Hormones and the Vascular System Ana M. Wagner, Susan M. Webb .....	1839
125 Parathyroid Hormone and the Vascular System Ana M. Wagner, Susan M. Webb .....	1843
126 Carcinoid Syndromes Susan M. Webb, Ana M. Wagner .....	1844
127 Vasoactive Peptides Ana M. Wagner, Susan M. Webb .....	1847
128 Vascular Diseases of the Endocrine Organs: Special Considerations Susan M. Webb, Ana M. Wagner .....	1849
129 Therapeutic Use of Hormonal Analogs in Vascular Diseases Susan M. Webb, Ana M. Wagner .....	1853

## PART X

## GENITOURINARY VASCULAR DISEASES

130 Retroperitoneal Vascular Diseases Michael H.H. Sohn .....	1857
131 Acute Scrotal Vascular Diseases Michael H.H. Sohn .....	1861
132 Varicocele Testis Michael H.H. Sohn .....	1863
133 Vascular Erectile Dysfunction Michael H.H. Sohn .....	1867
<b>Subject Index.....</b>	<b>1875</b>
