

# Table of Contents

<b>Introduction</b> .....	1
<b>Prologue: A Computer Pioneer's Talk</b> .....	9
Pioneering Work in Software During the 50s in Central Europe .....	11
Friedrich L. Bauer	
<b>Part 1: Software as Science</b> .....	23
Software as Science—Science as Software .....	25
Michael S. Mahoney	
Commentary on Michael S. Mahoney .....	49
David Edge	
Software as Science? Commentary on Michael S. Mahoney .....	55
Gerhard Goos	
Discussion following “Software as Science” .....	61
Thomas Haigh	
<b>Part 2: Software as Engineering</b> .....	63
Software as Engineering .....	65
James E. Tomayko	
Commentary on James E. Tomayko .....	77
Albert Endres	
Commentary on James E. Tomayko .....	83
Bruce E. Seely	
Discussion following “Software as Engineering” .....	93
Mary Croarken	
<b>Part 3: Software as Reliable Artefact</b> .....	95
A View from the Sonnenbichl: On the Historical Sociology of Software and System Dependability .....	97
Donald MacKenzie	
Commentary on Donald MacKenzie .....	123
Bernd Mahr	
Dependability Then and Now: Commentary on Donald MacKenzie .....	127
Victoria Stavridou	

Discussion following “Software as Reliable Artefact” .....	135
Mary Croarken and David Grier	
<b>Part 4: Software as Labor Process</b> .....	137
Software as Labor Process.....	139
Nathan Ensmenger and William Aspray	
Are Programmers Oppressed by Monopoly Capital, or Shall the Geeks Inherit the Earth? Commentary on Nathan Ensmenger & William Aspray	167
David A. Hounshell	
A Commentary on David A. Hounshell’s Commentary on “Software as Labor Process” .....	177
Nathan Ensmenger and William Aspray	
Discussion following “Software as Labor Process” .....	179
Mary Croarken	
<b>Part 5: Software as Economic Activity</b> .....	183
Software as an Economic Activity .....	185
Martin Campbell-Kelly	
Commentary on Martin Campbell-Kelly .....	203
Pierre-E. Mounier-Kuhn	
Commentary on Martin Campbell-Kelly .....	211
David C. Mowery	
A Note on Martin Campbell-Kelly’s “Software as an Economic Activity” and David Mowery’s “Commentary” .....	219
David A. Hounshell	
Discussion following “Software as an Economic Activity” .....	223
Thomas Haigh	
<b>Part 6: Museums and Exhibitions</b> .....	225
Collecting Software: Preserving Information in an Object-Centred Culture	227
Doron Swade	
Commentary on Doron Swade .....	237
Joachim Fischer	
Towards a Software Museum: Challenges and Opportunities .....	245
Ernst Denert and Klaus-Peter Löhr	
Towards a Software Museum: Challenges and Opportunities .....	261
Friedrich L. Bauer	
Preserving Software in History Museums: A Material Culture Approach ..	263
David K. Allison	
Commentary on David K. Allison, “Preserving Software in History Museums” .....	273
Hartmut Petzold	
<b>Epilogue</b> .....	275
Probing the Elephant: How Do the Parts Fit Together? .....	277
Michael S. Mahoney	

History of Computing: Software Issues

International Conference on the History of Computing,

ICHC 2000 April 5-7, 2000 Heinz Nixdorf MuseumsForum

Paderborn, Germany

Hashagen, U.; Keil-Slawik, R.; Norberg, A.L. (Eds.)

2002, VIII, 283 p., Hardcover
