CHAPTER 1: INTRODUCTION	1
1. Outline	1
2. Tense and aspect	3
3. Contexts and temporal specifications	9
4. The tenses in German	9
5. Temporal interpretation and individuals	13
6. A formal semantic implementation of tense and aspect	14
6.1. Basic assumptions concerning temporal interpretation	14
6.2. Basic assumptions concerning the syntax-semantics interface	18
6.3. Semantic composition	18
7. Conclusion	20
CHAPTER 2: THE SEMANTICS OF THE PRESENT PERFECT	21
1. Perfectly compositional?	21
1.1. The problem	21
1.2. Some characteristics of the present perfect	23
2. The morphosyntactic source of the anteriority component	26
3. The stativity of perfect constructions	32
3.1. Application of standard tests	32
3.2. TS-specification and TT-specification by positional adverbials and the role of the present tense in present perfect constructions	35
3.3. The aspect in perfect clauses	38
3.4. Consequences for the theory of aspect	38
4. Identifying the synchronic anteriority component: an optimality approach to focus effects	39
5. Conclusion, formal semantic account, and refinements	53
5.1. Outline of the semantic composition of perfect constructions	53
5.2. Formal semantic interpretation	58
5.3. Brief comparison to Reichenbach (1947) and Klein (1992a, 1992b, 1994)	60
5.4. Conclusion	60
CHAPTER 3: THE MEANING EFFECTS OF THE PRESENT PERFECT	63
1. The problem	63
2. The effects of the present perfect	64
3. Previous accounts	67
4. How pragmatic principles operate on the semantics	73
4.1. Situation times of VP and post-state: informative contrasts	74
4.2. Values of times	75
4.2.1. Direct time values	75
4.2.2. Time values provided by noun phrases	77

4.2.3. A survey of the options for providing time values	81
4.3. The topical status of times	84
4.4. The proportion of situation times and their restrictors.....	87
5. Why past tense and present perfect often can be substituted by each other.....	88
6. Completedness effects	90
6.1. Momentary situations in the past	90
6.2. Completedness by implicature.....	91
6.3. Effects of the Principle of Informative Contrast (PIC).....	92
6.4. Effects by anteriority focus.....	93
7. Indefiniteness effects	94
8. Present relevance	95
8.1. Cause and result.....	95
8.2. Preferences for designated post-states	97
8.3. The time just before the time of utterance	98
9. Stage-level-to-individual-level switches: Mozart's lung disease	98
10. Individual-level-to-stage-level switches: temporary intelligence	100
10.1. Switches with the past perfect	100
10.2. No switches with the present perfect	103
11. English vs. German: Einstein and Princeton.....	105
12. Conclusion	106
CHAPTER 4: TYPES OF TEMPORAL ADVERBIALS	109
1. Introduction	109
2. Quantificational adverbials, position adverbials, and duration adverbials....	109
3. Duration adverbials and situation types.....	111
4. Distinguishing position and duration adverbials.....	112
5. The interpretation of nonquantificational temporal adverbials.....	115
CHAPTER 5: INTERACTIONS WITH TEMPORAL ADVERBIALS	117
1. Introduction	117
2. The formal integration of temporal adverbials in semantic representations	118
3. Temporal adverbials on the tense level, aspect level, and participle level....	118
3.1. Distinguishing tense level and aspect level	118
3.2. Position adverbials on the tense level and on the aspect level in simple tense clauses	120
3.3. Position adverbials on the tense level and on the aspect level in perfect clauses.....	120
3.4. Position adverbials on the participle level	121
3.5. Duration adverbials on the aspect level and on the participle level in perfect clauses	122
3.6. Duration adverbials on the tense level in perfect clauses?.....	122
3.7. Duration adverbials on the tense level in simple tense clauses.....	123
3.8. Quantificational adverbials on the tense level, aspect level, and participle level	123
3.9. Definite and indefinite adverbs of quantification	124
3.10. Conclusion	124
4. Temporal adverbials as frame-setting modifiers.....	125
5. Temporal adverbials as restrictors of nontemporal quantifiers.....	127
6. Temporal adverbials below the participle level	127

7. Temporal adverbials with quantificational and nonquantificational components	128
8. Iteration of adverbials on a single level	130
9. On universal perfect readings	130
10. Remarks concerning negation	131
11. Summary	134
CHAPTER 6: THE CONTRIBUTION OF PARTICULAR ADVERBIALS	137
1. Introduction	137
2. <i>Seit</i> -adverbials: 'up-to-TT' interpretations	141
2.1. Introduction	141
2.2. Up-to-TT adverbials: dependence on the tense time and specifications of the aspect time	143
2.3. What <i>seit</i> -position-adverbials can apply to	146
2.4. <i>Seit</i> -position-adverbials and <i>seit</i> -duration-adverbials	148
2.5. On the edges of <i>seit</i> -intervals	152
2.6. The semantics of <i>seit</i> and some applications	154
3. Extended now theories of perfect constructions: apparent evidence by up-to-TT-adverbials and why it is misleading	157
4. Existential and universal perfect readings	161
5. Temporal <i>bis</i> -adverbials: 'TT-independent' interpretations	167
5.1. Introduction	167
5.2. What <i>bis</i> -adverbials can apply to	171
6. Temporal <i>in</i> -adverbials	173
7. Adverbials of the type <i>x-lang</i>	179
8. Conclusion	180
CHAPTER 7: TEMPORAL SUBORDINATE CLAUSES, CONJUNCTIONS, AND MATRIX CLAUSES	183
1. Introduction	183
1.1. What the chapter is about	183
1.2. More about temporal subordinate clauses	188
2. 'Simultaneity' between main clause and subclause	189
2.1. <i>Als</i> (definite, past-oriented 'when') and general characteristics of the semantics of temporal subordinate clauses	189
2.2. <i>Wenn</i> ('when')	204
2.3. <i>Während</i> ('while')	208
2.4. Differences between <i>als</i> , <i>wenn</i> and <i>während</i>	212
3. Time parameters of the main clause before time parameters of the subclause	213
3.1. <i>Bevor</i> and <i>ehe</i> ('before')	213
3.2. <i>Bis</i> ('until')	220
4. Time parameters of the main clause after time parameters of the subclause	224
4.1. <i>Nachdem</i> ('after')	224
4.2. <i>Seit(dem)</i> ('since')	231
5. Durational subclauses: <i>solange</i> ('as long as')	236
6. Conclusion	239
CHAPTER 8: ON THE SYNTAX OF TEMPORAL ADVERBIALS	241
1. Introduction	241
2. The unmarked surface order of temporal adverbials of a single level	241

3. Preposing of temporal adverbials in English	243
4. 'Topicalization' of temporal adverbials in German	245
5. Scrambling of temporal adverbials	248
6. Summary: base positions and surface positions of temporal adverbials	250
CHAPTER 9: CONCLUSION	253
