

Contents

Preface	vii
1. The Square Root of 2	1
2. Problems Leading to Pell's Equation and Preliminary Investigations	16
3. Quadratic Surds	32
4. The Fundamental Solution	43
5. Tracking Down the Fundamental Solution	55
6. Pell's Equation and Pythagorean Triples	81
7. The Cubic Analogue of Pell's Equation	92
8. Analogues of the Fourth and Higher Degrees	113
9. A Finite Version of Pell's Equation	126
Answers and Solutions	139
Glossary	201
References	205
Index	211
