

CONTENTS

	Preface	v
	Contributors	ix
Part I	Pituitary	
	1 Diabetes Insipidus in Pediatrics	3
	<i>Donald Zimmerman and Greg Uramoto</i>	
	2 Treatment of Diabetes Insipidus in Adults	21
	<i>Andjela T. Drincic and Gary L. Robertson</i>	
	3 Growth Hormone Therapy in Children and Adults	39
	<i>Darrell M. Wilson</i>	
	4 Growth Hormone and Growth Hormone Secretagogues in Adults	63
	<i>George R. Merriam and David E. Cummings</i>	
Part II	Parathyroid and Vitamin D	
	5 Therapy of Hypoparathyroidism and Vitamin D Deficiency	97
	<i>Eric S. Orwoll</i>	
Part III	Thyroid	
	6 Recombinant Human Thyrotropin in the Management of Thyroid Carcinoma and Other Thyroid Disorders	113
	<i>Steven I. Sherman and Luis Lopez-Penabad</i>	
	7 Thyroid Hormone Replacement Therapy for Primary and Secondary Hypothyroidism	129
	<i>David S. Cooper</i>	
	8 Thyroid Hormone Therapy of Congenital and Acquired Hypothyroidism in Children	143
	<i>Stephen LaFranchi</i>	
	9 Thyroid Hormone Replacement During Pregnancy	155
	<i>Amy E. Sullivan and T. Flint Porter</i>	
Part IV	Diabetes	
	10 Diagnosis and Management of Diabetes in Children	167
	<i>Dana S. Hardin</i>	
	11 Treatment of Type 2 Diabetes: <i>Insulin and Oral Agents</i> <i>that Augment Hormone Synthesis and Action</i>	197
	<i>Donald A. McClain</i>	
	12 Management of Diabetes in Pregnancy	215
	<i>Kay F. McFarland, Laura S. Irwin, and Janice Bacon</i>	

	13	Insulin Pump Therapy in the Management of Diabetes	235
		<i>Raymond A. Plodkowski and Steven V. Edelman</i>	
	14	Detection and Management of Diabetes Mellitus During Glucocorticoid Therapy of Nonendocrine Disease	251
		<i>Susan S. Braithwaite</i>	
	15	Exercise and Managing Diabetes	273
		<i>Robert E. Jones</i>	
Part V		Adrenal	
	16	Glucocorticoid Treatment in Prenatal and Postnatal Life	285
		<i>Lynnette K. Nieman and Kristina I. Rother</i>	
	17	Mineralocorticoid Deficiency Syndromes	297
		<i>Robert G. Dluhy</i>	
	18	Dehydroepiandrosterone and Pregnenolone	307
		<i>Syed H. Tariq, Hosam Kamel, and John E. Morley</i>	
Part VI		Gonadal: Men	
	19	Androgen Replacement Therapy of Male Hypogonadism	333
		<i>A. Wayne Meikle</i>
