

Table of Contents

Assessing Component-Based Systems	1
<i>Alejandra Cechich, Mario Piattini, and Antonio Vallecillo</i>	

Part I COTS Selection

COTS-Based Requirements Engineering	21
<i>Carina Alves</i>	
Domain-Based COTS-Product Selection Method	40
<i>Hareton K.N. Leung and Karl R.P.H. Leung</i>	
STACE: Social Technical Approach to COTS Software Evaluation.....	64
<i>Douglas Kunda</i>	
SCARLET: Integrated Process and Tool Support for Selecting Software Components	85
<i>N.A.M. Maiden, V. Croce, H. Kim, G. Sajeve, and S. Topuzidou</i>	

Part II Testing and Certification

Component-Based Software: An Overview of Testing	99
<i>Auri Marcelo Rizzo Vincenzi, José Carlos Maldonado, Márcio Eduardo Delamaro, Edmundo Sérgio Spoto, and W. Eric Wong</i>	
Setting a Framework for Trusted Component Trading	128
<i>John Morris, C. Peng Lam, Gary A. Bundell, Gareth Lee, and Kris Parker</i>	
Component Integration through Built-in Contract Testing	159
<i>Hans-Gerhard Gross, Colin Atkinson, and Franck Barbier</i>	

Part III Software Component Quality Models

Quality Characteristics for Software Components: Hierarchy and Quality Guides	184
<i>Régis P.S. Simão and Arnaldo D. Belchior</i>	
Driving Component-Based Software Development through Quality Modelling	207
<i>Colin Atkinson, Christian Bunse, and Jürgen Wüst</i>	
Towards a Quality Model for the Selection of ERP Systems	225
<i>Pere Botella, Xavier Burgués, Juan P. Carvallo, Xavier Franch, Joan A. Pastor, and Carme Quer</i>	

Maturing Architectures and Components in Software Product Lines 246
Jan Bosch

Part IV Formal Approaches to Quality Assessment

Assessment of High Integrity Software Components
for Completeness, Consistency, Fault-Tolerance, and Reliability 259
Hye Yeon Kim, Kshamta Jerath, and Frederick Sheldon

Reasoning about Software Architectures
with Contractually Specified Components 287
Ralf H. Reussner, Iman H. Poernomo, and Heinz W. Schmidt

Reuse of Formal Verification Efforts of Incomplete Models
at the Requirements Specification Stage..... 326
*Rebeca P. Díaz-Redondo, José J. Pazos-Arias,
and Ana Fernández-Vilas*

Part V CBSD Management

Risk Management of COTS Based Systems Development..... 352
Louis C. Rose

A Metrics-Guided Framework for Cost and Quality Management
of Component-Based Software 374
Sahra Sedigh-Ali, Arif Ghafoor, and Raymond A. Paul
