PREFACE	V
ACKNOWLEDGEMENTS	VII
1 INTRODUCTION	1
1.1 Modern Software Markets	1
1.2 Research Motivation	2
1.3 Research Objective	4
1.4 Structure of the Thesis	4
2 CHARACTERISTICS OF SOFTWARE MARKETS	9
3 EMPIRICAL ANALYSIS OF SOFTWARE MARKETS	13
3.1 Design of the Empirical Study	13
3.2 The Status Quo and the Future of EDI Systems	17
3.2.1 Traditional EDI	17
3.2.2 The Future: WebEDI	25
3.2.3 Case Study: 3Com	27
3.2.4 Case Study: Karstadt	29
3.2.5 Case Study: Woolworth	31
3.3 The Use and Management of Enterprise Resource Planning Software	34
3.3.1 Standardized vs. Custom-made Business Software	36
3.3.2 Case study: Deutscher Fachverlag	38
3.3.3 Case Study: Heraeus	40
3.3.4 Case Study: Deutsche Bank	43

3.4	Office Communication Software	46
3.4.1	Spreadsheets	46
3.4.2	Word Processors	49
3.4.3	Office Suites	50
3.4.4	Case Study: Standardization of Office Communication Software at Deutsche Lufthansa AG	51
3.5	Comparison of Different Software Markets	56
4	MODELING DECISIONS ON SOFTWARE STANDARDS IN INFORMATION NETWORKS	63
4.1	Centralized Decisions on Communication Standards in Information Networks	64
4.2	Decentralized Decisions on Communication Standards in Information Networks	66
4.3	The Role of Intermediaries	68
4.3.1	Efficiency Increases Through Intermediaries in Information Networks	69
4.3.2	Optimum Number of Intermediaries in Information Networks and their Optimum Service Range	71
4.3.3	Example of Optimizing an Information Network	73
4.3.4	Empirical Evaluation of the Standardization Models	76
4.3.4.1	Heterogeneity and Compatibility Problems	77
4.3.4.2	Case Study: Guidelines for Standardization and Migration at Lufthansa AG	80
4.3.4.3	Centralized and Decentralized Networks	85
4.3.4.4	Model Parameter	88
4.3.4.5	Summary of the Evaluation	89
5	DIFFUSION OF INNOVATIONS AND NETWORK EFFECT THEORY	91
5.1	Diffusion Models	92
5.1.1	Diffusion of Innovations in Economic Literature	92
5.1.2	Network Models of the Diffusion of Innovations	95
5.2	Reconsidering Network Effect Theory	99
5.2.1	Existing Approaches	99
5.2.2	Common Drawbacks in Traditional Network Effect Models	104
5.2.2.1	Modeling Network Effects	105

5.2.2.2	Market Failure	105
5.2.2.3	The Bigger the Better	106
5.2.2.4	Homogeneous Network Effects	106
5.2.2.5	Costs of Network Size	107
5.2.2.6	Centralized and Decentralized Decision Making	107
5.2.2.7	Normative Implications	108
5.2.3	General Drawbacks of the Neo-Classical Paradigm	108
5.2.3.1	Absence of Externalities	109
5.2.3.2	Complete Rationality of the Homo Oeconomicus	109
5.2.3.3	Exclusion Principle	110
5.2.3.4	Consumption Paradigm	110
5.2.3.5	Separation of Consumers and Producers	110
5.2.3.6	Divisibility of Resources	111
5.2.3.7	Concave Utility Functions / no Complementarities	111
5.2.3.8	Absence of Transaction Costs	111
5.2.4	Towards an Interdisciplinary Theory of Network Effects	112
5.2.4.1	The Modeling Power Required of an Interdisciplinary Theory of Network Effects	112
6	SIMULATION MODEL OF THE SOFTWARE MARKET	115
6.1	Determinants of Diffusion Processes in Software Markets	116
6.2	Basic Model	118
6.3	Simulation Design	120
6.3.1	Network Structure	120
6.3.2	Preferences, Prices, and Network Effects	123
6.3.3	Dynamics of the Decision Process	124
6.4	Results of Simulating the Diffusion Process	125
6.4.1	Low Price Markets	125
6.4.2	High Price Markets	129
6.4.3	Varying Closeness and Centrality	133
6.4.4	Summary of the Results	136
6.4.5	Annotations to the Parameter Design	141
7	MARKETING IMPLICATIONS	145
7.1	Classifying Software Markets	146
7.1.1	Classifications in Recent Literature: The Myth of Unstable Monopolies	146
7.1.2	Market Scenarios and Vendor Roles	150

7.1.2.1	The Market for ERP Systems in the US	153
7.1.2.2	Market for ERP Systems in Germany	154
7.1.2.3	Market for EDI Solutions in Germany	154
7.1.2.4	The Market for EDI Solutions in the US	154
7.1.2.5	The Market for Office Communication Software	155
7.1.2.6	The Emerging Market for Web-EDI	155
7.1.2.7	Managerial Guidelines for Kings, Imperators, and Revolutionaries	156
7.2	Pricing in Software Markets	158
7.2.1	Literature Review	158
7.2.2	Simulation Design	159
7.2.3	Simulation Results	161
8	CONCLUSIONS AND FURTHER RESEARCH	169
8.1	Conclusions	169
8.2	Further Research	171
9	REFERENCES	177
10	APPENDIX	185
10.1	Appendix A: Questionnaire	185
10.2	Appendix B: Questions of the Field Study on EDI over the Internet	193
11	LIST OF FIGURES	195
12	LIST OF TABLES	201
13	LIST OF USED SYMBOLS	203
14	LIST OF ABBREVIATIONS	207
	CURRICULUM VITAE	209
