

**Table of Contents**

**List of Authors** ..... IX

**Executive Summary** ..... 1

**Zusammenfassung** ..... 14

**Introduction** ..... 31

**1 Nutrition and Health** ..... 39

    1.1 Introduction ..... 39

    1.2 Nutrition Related Diseases and Relevant Functional Foods. .... 40

        1.2.1 Atherosclerosis and Cardiovascular Disease. .... 41

        1.2.2 Cancer ..... 42

        1.2.3 Obesity ..... 45

        1.2.4 Osteoporosis ..... 48

    1.3 Bioavailability ..... 49

    1.4 Researching Functional Food ..... 49

        1.4.1 Biomarkers ..... 50

    1.5 Categories of Functional Foods ..... 53

        1.5.1 Natural Foods ..... 53

        1.5.2 Processed Foods, GM Foods ..... 53

    1.6 Specific Health Issues of Different Target Groups. .... 55

    1.7 New Developments in Biomedicine and Potential Impact  
        on Functional Food Research ..... 56

    1.8 Conclusion ..... 58

    1.9 Bibliography ..... 58

<b>2</b>	<b>Economic Aspects of Functional Foods</b>	61
2.1	Introduction	61
2.2	Market for Functional Foods	61
2.3	Will Markets for Functional Foods Operate Efficiently?	65
2.3.1	Externalities	68
2.3.2	Information	69
2.3.3	Consumer Decision-making	71
2.3.4	Transaction costs	72
2.3.5	Market Competition	72
2.3.6	Equity Issues	73
2.4	Costs and Benefits of Functional Foods	74
2.5	Regulation of Functional Foods	82
2.6	Research and Development	86
2.7	Other Issues	87
2.8	Conclusions	89
<b>3</b>	<b>Public Perceptions Aspects</b>	93
3.1	Introduction	93
3.2	Judging Food Quality	94
3.2.1	Total Food Quality Model	95
3.2.2	The Term “Functional Foods”	95
3.3	Health and Food Consumption	96
3.3.1	The Health Belief Model	96
3.3.2	Control and Self-efficacy	98
3.3.3	Related Models	99
3.4	Perceived Risk and the Role of Trust	100
3.4.1	Subjective Estimates of Risk	100
3.4.2	Perceived Risk and Risk Acceptance	101
3.4.3	The Media	103
3.4.4	The Role of Trust	103
3.4.5	Trust and Functional Foods	104
3.5	Attitudes toward Genetic Modified Foods	105
3.5.1	Relationship between Knowledge and Attitudes	107
3.6	Values and Food Preferences	107
3.6.1	Socio-demographic and Cultural Differences	108
3.6.2	Values and Attitudes towards Functional Foods	108
3.7	Willingness to Purchase Functional Foods	109
3.8	Conclusions	110

<b>4</b>	<b>Legal and Policy Aspects</b>	<b>115</b>
4.1	Introduction	115
4.2	Relevant EU Food Safety Regulation	116
4.2.1	Safety Aspects	116
4.2.2	Novel Foods	119
4.2.3	Food Supplements	121
4.2.4	Foods for Special Dietary Purposes	122
4.2.5	Medicinal Products	122
4.2.6	Precautionary Principle	123
4.2.7	Conclusions Relating to the Safety of Functional Food	124
4.3	Relevant EU-Regulations related to Marketing Claims	125
4.3.1	Medical Claims	125
4.3.2	Nutrition Claims	126
4.3.3	Functional Claims	126
4.3.4	Health Claims	127
4.3.5	Enhanced Function Claims	128
4.3.6	Reduction of Disease Risk Claims	128
4.3.7	Reliability of Health Claims	129
4.4	The Consumer and Governmental Intervention	132
4.4.1	Functional Foods, Consumer Safety and E-commerce	134
4.5	Existing Regulations in Japan and the US regarding Health Claims	134
4.5.1	Japan	134
4.5.2	USA	135
4.6	Concluding Remarks: Functional Foods and Specific Health Claims	138
<b>5</b>	<b>Ethical Issues</b>	<b>141</b>
5.1	Introduction	141
5.2	Analysing Ethical Issues with the Project Matrix	142
5.2.1	Utility	144
5.2.2	Rights	151
5.2.3	Justice	153
5.3	Freedom versus Responsibility – State Involvement in Food Consumption	155
5.4	Conclusion	167
5.5	Bibliography	168

<b>6</b>	<b>Functional Foods and Intestinal Functions: The Case of Probiotics and Prebiotics</b> .....	161
6.1	Introduction .....	161
6.2	Intestinal Microflora and its Functions .....	162
6.2.1	Qualitative and Quantitative Composition of the Gastrointestinal Microflora .....	162
6.2.2	The Role of Microflora in Nutrition .....	163
6.2.3	Microflora-associated Chemical Conversions and Metabolic End Products .....	163
6.2.4	Direct Interactions with the Host .....	163
6.3	Probiotic and Prebiotic Foods .....	164
6.3.1	Types of Probiotic Foods and Criteria for Probiotic Strains ..	165
6.3.2	Prebiotics and Synbiotics .....	165
6.4	Documented Effects of Probiotics and Prebiotics .....	166
6.4.1	Survival and Intestinal Adhesion of Probiotic Strains in the Gastrointestinal Tract .....	166
6.4.2	Prebiotics and the Intestinal Flora .....	167
6.4.3	Health Effects of Probiotics .....	167
6.4.4	health Effects of Probiotics .....	169
6.4.5	Probiotics, Prebiotics and Normal State of Health .....	170
6.4.6	Safety Aspects .....	170
6.5	The Regulatory Status .....	171
6.6	Economic Aspects .....	172
6.7	Probiotics, Prebiotics and the Project Matrix .....	173
6.7.1.	Utility .....	174
6.7.2	Rights .....	174
6.7.3	Fairness .....	174
<b>7</b>	<b>Phytosterols Enriched Functional Foods</b> .....	181
7.1	Introduction .....	181
7.2	Characteristics of Phytosterols .....	183
7.3	Developments and Marketing of Phytosterols Supplemeted Foods	184
7.4	Cholesterol Levels and Related Diseases .....	186
7.5	Intestinal Absorption of Plant Sterols and Stanols .....	188
7.5.1	Phytosterolaemia, a Rare Disease .....	189

---

7.6	The Blood-cholesterol Level Lowering Effect of Phytosterols . . .	189
7.6.1	Efficacy of Plant Stanol Esters versus Plant Sterol Esters .	190
7.6.2	Intake of Plant Sterols and Stanols in Combination with other Cholesterol Lowering Agents (Diets and Drugs) . . .	191
7.6.3	Effects of Phytosterol Levels in Current Diets . . . . .	191
7.7	Potential Adverse Effects of Phytosterols – Safety Studies . . . . .	192
7.7.1	Toxicological Studies in Animals . . . . .	192
7.7.2	Clinical Studies in Humans . . . . .	194
7.8	Phytosterol-related Cholesterol-lowering Mechanisms . . . . .	198
7.8.1	Other Biological Effects of Phytosterols in Mammals . . .	199
7.9	Final Remarks . . . . .	200
7.10	References . . . . .	201
<b>8</b>	<b>Résumé and Policy Recommendations . . . . .</b>	<b>207</b>
8.1	Nutritional Physiology and Health Claims . . . . .	207
8.2	Economics and Health Claims . . . . .	208
8.3	Public Perceptions and Health Claims . . . . .	209
8.4	Law, Policy-making and Health Claims . . . . .	209
8.5	Ethics and Health Claims . . . . .	210
8.6	Recommendations for Policy Making . . . . .	211
	<b>Glossary . . . . .</b>	<b>217</b>
	<b>Appendix . . . . .</b>	<b>219</b>

Functional Foods

Chadwick, R.; Henson, S.; Moseley, B.; Koenen, G.;  
Liakopoulos, M.; Midden, C.; Palou, A.; Rechkemmer, G.;  
Schröder, D.; Wright, A. von  
2003, XVII, 221 p. 31 illus., Hardcover  
ISBN: 978-3-540-20120-5
