

CONTENTS

Preface	v
Contributors	ix
1 Neuroendocrine Control of Testicular Function <i>Stephen J. Winters and Alan C. Dalkin</i>	1
2 Leydig Cell Function in Man <i>Qiang Dong and Matthew P. Hardy</i>	23
3 Spermatogenesis and Its Regulation in Higher Primates <i>Gary R. Marshall</i>	45
4 Normal and Delayed Puberty <i>Leo Dunkel</i>	63
5 Congenital Hypogonadotropic Hypogonadism: <i>Clinical Features</i> <i>and Pathophysiology</i> <i>William F. Crowley and Nelly Pitteloud</i>	81
6 Male Hypogonadism Resulting From Mutations in the Genes for the Gonadotropin Subunits and Their Receptors <i>Ilpo T. Huhtaniemi</i>	101
7 Hypogonadism in Males With Congenital Adrenal Hyperplasia <i>Barto J. Otten, Nike M. M. L. Stikkelbroeck,</i> <i>and Ad R. M. M. Hermus</i>	125
8 Male Hypogonadism Resulting From Disorders of the Pituitary and Suprasellar Region <i>Annamaria Colao, Giovanni Vitale, Michele De Rosa,</i> <i>and Gaetano Lombardi</i>	139
9 Klinefelter's Syndrome <i>John K. Amory and William J. Bremner</i>	159
10 Cryptorchidism <i>Peter A. Lee, Barry A. Kogan, and Michael T. Coughlin</i>	171
11 Hypogonadism in Men With HIV-AIDS <i>Shalender Bhasin</i>	207
12 Hypogonadism in Men With Chronic Renal Failure <i>Peter Y. Liu and David J. Handelsman</i>	227
13 Male Hypogonadism Resulting From Cancer and Cancer Treatments <i>Simon J. Howell and Stephen M. Shalet</i>	247

14	An Ensemble Perspective of Aging-Related Hypoandrogenemia in Men	
	<i>Johannes D. Veldhuis, Ali Iranmanesh, and Daniel Keenan</i>	263
15	Environmental Causes of Testicular Dysfunction	
	<i>Richard M. Sharpe</i>	287
16	Exercise and Male Hypogonadism: <i>Testosterone, the Hypothalamic–Pituitary–Testicular Axis, and Physical Exercise</i>	
	<i>Anthony C. Hackney and Jennifer Dobridge</i>	305
17	Testosterone, SHBG, and the Metabolic Cardiovascular Syndrome	
	<i>Joseph M. Zmuda and Stephen J. Winters</i>	331
18	Androgen Replacement Therapy in Hypogonadal Men	
	<i>Christina Wang and Ronald S. Swerdloff</i>	353
19	Stimulation of Spermatogenesis in Hypogonadotropic Men	
	<i>Marion Depenbusch and Eberhard Nieschlag</i>	371
	Index	387
