I Esophagus

1	Squamous Cell Carcinoma of the Esophagus	3
	S.J. SPECHLER	
	Summary	3
	Epidemiology	3
	Etiology	3
	Symptoms and Clinical Signs	4
	Diagnostics	4
	Histological Classification and Molecular Genetics	6
	Staging	7
	Treatment	8
	Prognosis and Follow-Up	10
	Future Perspectives	11
2	Adenocarcinoma of the Esophagus	12
	O. PECH, A. MAY, L. GOSSNER, C. ELL	
	Summary	12
	Epidemiology	12
	Etiology and Pathogenesis	12
	Symptoms and Clinical Signs	12
	Diagnosis	13
	Histological Classification and Molecular Genetics	16
	Staging	16
	Treatment	17
	Prognosis	21
	Future Perspectives	21
3	Other Tumors of the Esophagus	22
	R. LAMBERT, J.Y. SCOAZEC	
	Summary	22
	Mesenchymal Tumors of the Esophagus	22
	Endocrine Tumors of the Esophagus	27
	Lymphoma of the Esophagus	30
	Secondary Tumors of the Esophagus	32
	Melanoma of the Esophagus	33

II Stomach

4 Gastric Cancer	37
A.T.R. AXON, M.F. DIXON, H.M. SUE-LING	
Summary	37
Epidemiology	37
Etiology and Pathogenesis	38
Symptoms and Clinical Signs	43
Diagnostics	44
Histological Classification and Molecular Genetics	47
Staging	49
Treatment	51
Prognosis	55
Follow-Up	55
Future Perspectives	57
5 Lymphoma of the Stomach	59
B.A. DRAGOSICS	
Summary	59
Epidemiology	59
Etiology and Pathogenesis	60
Symptoms and Clinical Signs	60
Diagnostics	61
Histological Classification and Molecular Genetics	64
Staging	65
Treatment	66
Prognosis and Follow-Up	68
Future Perspectives	69
6 Gastric Tumors Other than Adenocarcinoma and Lymphoma	70
N.C.T. VAN GRIEKEN, G.A. MEIJER, E.J. KUIPERS	
Summary	70
Epithelial Tumors	70
Mesenchymal Tumors of the Stomach	78

III Small Intestine

7 Neoplasms of the Small Intestine	83
K. GEBOES, C. DE WOLF-PEETERS	
Summary	83
Epidemiology	83
Etiology	85
Symptoms and Clinical Signs	86
Diagnostics	87
Histological Classification and Molecular Genetics	87

Staging	92
Treatment	93
Prognosis and Follow-Up	94
Future Perspectives	95

IV Colon and Rectum

8 Colorectal Cancer	99
R.S. BRESALIER, S.B. HO	
Summary	99
Epidemiology	99
Etiology and Pathogenesis	99
Symptoms and Clinical Signs	101
Diagnostics	103
Histological Classification and Molecular Genetics	104
Staging	109
Treatment	110
Future Perspectives	116
9 Sporadic Adenomas of the Large Intestine	117
S.B. HO, J.H. BOND	
Summary	117
Epidemiology	117
Etiology and Pathogenesis	117
Symptoms and Clinical Signs	118
Diagnostics	118
Histological Classification and Molecular Genetics	119
Treatment	121
Future Perspectives	123
10 Hereditary Polyposis Syndromes	125
J.M. CARETHERS	
Summary	125
Adenomatous Polyposis Syndromes	125
Hamartomatous Polyposis Syndromes	132
Juvenile Polyposis Syndrome (JPS)	138
Hereditary Mixed Polyposis Syndrome (HMPS)	139
11 Hereditary Nonpolyposis Colorectal Cancer (Lynch Syndrome)	142
H.T. LYNCH, J.F. LYNCH	
Summary	142
Epidemiology	142
Etiology and Pathogenesis	142
Symptoms and Clinical Signs	143
Diagnostics	143

	Histological Classification and Molecular Genetics	154
	Staging	154
	Treatment	155
	Prognosis	156
	Follow-Up	156
	Future Perspectives	158
12	Colorectal Cancer in Inflammatory Bowel Disease	160
	V. CROOG, S.H. ITZKOWITZ	
	Summary	160
	Epidemiology	160
	Etiology and Pathogenesis	161
	Symptoms and Clinical Signs	161
	Diagnostics	161
	Histological Classification and Molecular Genetics	162
	Staging	162
	Treatment	162
	Prognosis and Follow-Up	163
	Future Perspectives	165

V Anal Canal

13	Anal Carcinoma	169
	J.C. EGGENBERGER	
	Summary	169
	Epidemiology	169
	Etiology and Pathogenesis	169
	Symptoms and Clinical Signs	170
	Diagnostics	170
	Histological Classification and Molecular Genetics	170
	Staging	173
	Treatment	173
	Prognosis	175
	Follow-Up	176
	Future Perspectives	177

VI Pancreas

14	Neoplastic Lesions of the Pancreas	181
	H.G. BEGER, M. SIECH	
	Summary	181
	Adenocarcinoma of the Pancreas	181
	Cystic Carcinoma of the Pancreas	188
	Other Tumors	190

VII Neuroendocrine Gastro-Entero-Pancreatic Tumors

15 Neuroendocrine Gastro-Entero-Pancreatic (GEP)	
Tumors	195
R. ARNOLD, R. GÖKE, M. WIED, TH. BEHR	
Summary	195
Definition	195
Classification	197
Epidemiology	198
Etiology	199
General Pathophysiology	199
Histopathology	199
Molecular Pathogenesis	202
Growth Characteristics and Metastatic Spread and Secondary Non-Endocrine Malignancies	204
Staging of Endocrine GEP Tumors	206
Clinical Entities: Symptoms and Laboratory Findings	206
General Aspect of Management	229

VIII Biliary System and Papilla of Vater

16 Carcinoma of the Gallbladder and Bile Ducts	237
K. SCHOPPMAYER, K. CACA, J. MÖSSNER	
Summary	237
Epidemiology	237
Etiology	237
Symptoms and Clinical Signs	238
Diagnostics	238
Histological Classification and Molecular Genetics	241
Staging	242
Treatment	244
Prognosis and Follow-Up	246
Future Perspectives	246
17 Benign Tumors of the Biliary System	248
K. SCHOPPMAYER, K. CACA, J. MÖSSNER	
Summary	248
Epidemiology	248
Etiology	248
Symptoms and Clinical Signs	248
Diagnostics	248
Histological Classification and Molecular Genetics	249
Staging	250
Treatment	250
Prognosis and Follow-Up	250
Future Perspectives	251

18 Malignant Tumors of the Ampulla of Vater	252
W. SCHEPPACH, H.-J. GASSEL, J. G. MUELLER	
Summary	252
Epidemiology	252
Etiology	252
Symptoms and Clinical Signs	252
Diagnostics	253
Histological Classification and Molecular Genetics	254
Staging	255
Treatment	256
Prognosis and Follow-Up	257
Future Perspectives	258

IX Liver

19 Hepatocellular Carcinoma	261
M. SCHEURLIN, H.-J. BRAMBS, H.-J. GASSEL	
Summary	261
Epidemiology	261
Etiology and Pathogenesis	261
Symptoms and Clinical Signs	262
Diagnostics	263
Histological Classification	267
Staging	268
Treatment	269
Prognosis	276
Follow-Up	277
Future Perspectives	278
20 Colorectal Liver Metastases	280
H.-J. GASSEL, M. GASSER, A.M. WAAGA-GASSER, W. TIMMERMANN	
Summary	280
Epidemiology	280
Etiology and Pathogenesis	280
Symptoms and Clinical Signs	281
Diagnostics	281
Histological Classification and Molecular Genetics	283
Treatment	284
Prognosis	287
Follow-Up	288
Future Perspectives	288

21	Liver Metastases of Noncolorectal Cancer	289
	W. TIMMERMAN, R. KELLERSMANN, H.-J. GASSEL	
	Summary	289
	Epidemiology	289
	Symptoms and Clinical Signs	289
	Diagnostics	289
	Histological Classification and Molecular Genetics	291
	Treatment	291
	Prognosis and Follow-Up	291
	Future Perspectives	292
	Appendix (W. SCHEPPACH)	293
22	Benign Liver Tumors	295
	E. BIECKER, H.P. FISCHER, H. STRUNK, T. SAUERBRUCH	
	Summary	295
	Epidemiology	295
	Etiology	296
	Symptoms and Clinical Signs	297
	Diagnostics	298
	Histological Classification and Molecular Genetics	304
	Treatment	308

X **Appendix**

23	Supportive Care of Patients with Gastrointestinal and Liver Tumors	315
	W. SCHEPPACH	
	Summary	315
	Nutritional Support	315
	Analgesic Therapy	320
	Antiemetic Therapy	322
	Management of Malignancy-Related Ascites	324
	Management of Bowel Obstruction Due to Peritoneal Carcinomatosis	326
	End-of-life Care	327

XI **Addendum**

Index	331
--------------------	-----

Calculation of Body Surface Area

Gastrointestinal and Liver Tumors

Scheppach, W.; Bresalier, R.S.; Tytgat, G.N.J. (Eds.)

2004, XVIII, 335 p. 969 illus., 933 illus. in color.,
