

Contents

Preface	vii
Contributors	ix
 Section 1 - Nasal Cavity	
1. Fungal Sinusitis	1
<i>Tobias E. Rodriguez, Jack R. Harkema, and Gary B. Huffnagle</i>	
 Section 2 - Oral Cavity	
2. Innate Defense Mechanisms in Oral Candidiasis	13
<i>Anna Dongari-Bagtzoglou</i>	
3. Humoral Factors in the Protection of the Oral Cavity against Candidiasis	37
<i>Stephen J. Challacombe, Durdana Rahman, Mukesh Mistry, and Julian R. Naglik</i>	
4. Oral Candidiasis: Clinical Manifestations and Cellular Adaptive Host Responses	59
<i>Robert B. Ashman and Camile S. Farah</i>	
 Section 3 - Lungs	
5. The Innate and Adaptive Immune Response to Pulmonary <i>Histoplasma capsulatum</i> Infection	85
<i>George S. Deepe, Jr.</i>	
6. Lung Immunity to <i>Blastomyces dermatitidis</i> Infection	113
<i>Marcel Wüthrich and Bruce S. Klein</i>	

7. Innate Immunity in the Lungs to Cryptococcal Infection	135
<i>Kazuyoshi Kawakami</i>	
8. Pulmonary Cell-Mediated Immunity (CMI) to <i>Cryptococcus neoformans</i>	157
<i>Dennis M. Lindell and Gary B. Huffnagle</i>	
9. Antibody-Mediated Immunity to Fungi in the Lungs	181
<i>Marta Feldmesser and Arturo Casadevall</i>	
10. Pulmonary Paracoccidioidomycosis	201
<i>Vera L. G. Calich and Maria H. S. L. Blotta</i>	
11. The Innate and Acquired Pulmonary Immune Response to <i>Aspergillus fumigatus</i>	229
<i>Jane M. Schuh and Cory M. Hogaboam</i>	
12. Fungal Hypersensitivity in the Lungs	241
<i>Viswanath P. Kurup and Alan P. Knutsen</i>	
13. Immunology of Pulmonary <i>Pneumocystis</i> Infection: Cell-Mediated Immunity	265
<i>Judd E. Shellito and James M. Beck</i>	
14. Antibody-Mediated Immunity to <i>Pneumocystis</i> in the Lungs . . .	291
<i>Beth A. Garvy and Francis Gigliotti</i>	
Section 4 - Gastrointestinal Tract	
15. Innate and Adaptive Immunity against <i>Candida</i> species Infections in the Gastrointestinal Tract	303
<i>Robert D. Wagner</i>	
Section 5 - Vaginal Tract	
16. Innate and Adaptive Cell-Mediated Immunity against Vaginal Candidiasis	323
<i>Paul L. Fidel, Jr.</i>	

17. The Role of Humoral Immunity against Vaginal *Candida* Infection 345

Flavia De Bernardis, Maria Boccanera, and Antonio Cassone

Section 6 - Blood

18. Role of Complement in Fungal Infections 357

Thomas R. Kozel

19. Innate and Adaptive Immunity to Systemic *Candida albicans* Infection 377

Luigina Romani

20. Interactions of Fungi with Endothelial Cells 403

Scott G. Filler and Donald C. Sheppard

Section 7 - Skin

21. Immunology of Cutaneous Candidiasis 421

Srividya Srinivasan, David K. Wagner, and Peter G. Sohnle

22. Immune Surveillance against Dermatophyte Infection 443

Tetsuya Koga

23. Immune Surveillance against *Sporothrix schenckii* Infection . . . 453

Takeshi Uenotsuchi, Tetsuo Matsuda, Masutaka Furue, and Tetsuya Koga

Section 8 - Central Nervous System

24. Innate and Acquired Immunity in *Cryptococcus neoformans* Infections of the Central Nervous System 459

Kent Buchanan

Index 489

Fungal Immunology:

From an Organ Perspective

Fidel, P.L.; Huffnagle, G.B. (Eds.)

2005, XV, 507 p., Hardcover

ISBN: 978-0-387-24092-3
