DEDICATION	V
PREFACE	VII
CONTRIBUTORS	XI
COLOR PLATES	XIII
COMPANION DVD	XV
1 History of Surgical Management of Herniated Lumbar Discs From Cauterization to Arthroscopic and Endoscopic Spine Surgery <i>Parviz Kambin</i>	1
2 Arthroscopic and Endoscopic Anatomy of the Lumbar Spine <i>Parviz Kambin</i>	29
3 Instruments and Surgical Approaches for Minimally Invasive Spinal Surgery Via Posterolateral Access <i>Parviz Kambin</i>	49
4 Herniated Lumbar Disc and Lumbar Radiculopathy <i>Parviz Kambin</i>	61
5 Management of Discogenic Pain and Spinal Instability Using Minimally Invasive Surgical Techniques <i>Parviz Kambin</i>	119
6 Lateral Recess Stenosis of Lumbar Spine Foraminoplasty <i>Parviz Kambin</i>	145
7 Role of Epidural and Radicular Veins in Chronic Back Pain and Radiculopathy <i>Wesley W. Parke</i>	151
8 Diagnostic and Therapeutic Percutaneous Transpedicular Approaches to the Spine <i>Alexander G. Hadjipavlou, George M. Kontakis, Ioannis Gaitanis and Michael Tzermiadianos</i>	167
9 Selective Endoscopic Discectomy™: <i>Twelve Years of Experience</i> <i>Anthony T. Yeung</i>	205
10 Minimally Invasive Posterior Fusion and Internal Fixation With the Atavi® System <i>Richard D. Guyer and Terry P. Corbin</i>	227
11 Vertebral Augmentation for Osteoporotic Compression Fractures <i>Daisuke Togawa and Isador H. Lieberman</i>	239

12	Principles of Transthoracic, Transperitoneal, and Retroperitoneal Endoscopic Techniques in the Thoracic and Lumbar Spine <i>Geoffrey M. McCullen and Hansen A. Yuan</i>	251
13	Use of Laser in Minimally Invasive Spinal Surgery and Pain Management <i>John C. Chiu and Martin H. Savitz</i>	259
14	Minimally Invasive Techniques in Pain Management <i>James Reynolds and Garrett Kine</i>	271
15	Experience With Minimally Invasive Nucleus Replacement <i>Michele Marcolongo, Parviz Kambin, Anthony Lowman and Andrew Karduna</i>	295
16	Interspinous Process Implant for Treatment of Lateral and Central Spinal Stenosis: <i>Operative Technique and Results</i> <i>Douglas Wardlaw</i>	315
17	Frameless Stereotactic Imaging Techniques in Minimally Invasive Spine Surgery <i>Kern Singh, Laurence N. Fitzhenry, and Alexander R. Vaccaro</i>	335
18	The Rise and Fall of Chemonucleolysis <i>James W. Simmons, Jr. and Robert D. Fraser</i>	351
19	Lumbar Microendoscopic Discectomy <i>Trent L. Tredway and Richard G. Fessler</i>	359
