Series Editor's Introduction .....	v
Preface .....	vii
Contributors .....	xi
Continuing Medical Education .....	xiii
1. Endothelial Cell–Leukocyte Interactions During CNS Inflammation .....	1
<i>J. Steven Alexander and Alireza Minagar</i>	
2. Multiple Sclerosis: A Disease of Miscommunication Between the Immune and Central Nervous Systems? .....	17
<i>Monica J. Carson, Crystal S. Anglen, and Corinne Ploix</i>	
3. Cytokines and Brain: <i>Health and Disease</i> .....	41
<i>Tammy Kielian and Paul D. Drew</i>	
4. Chemokines and Central Nervous System Disorders .....	81
<i>William J. Karpus</i>	
5. Circulating Cell-Derived Microparticles in Thrombotic and Inflammatory Disorders .....	91
<i>Wenche Jy, Lawrence L. Horstman, Joaquin J. Jimenez, Alireza Minagar, and Yeon S. Ahn</i>	
6. Multiple Sclerosis: <i>Clinical Features, Immunopathogenesis, and Clinical Management</i> .....	103
<i>William A. Sheremata</i>	
7. Neuroprotective Effects of Interferon- $\beta$ in Multiple Sclerosis .....	133
<i>Fabrizio Giuliani, Rana Zabad, and V. Wee Yong</i>	
8. Acute Disseminated Encephalomyelitis .....	147
<i>Sean J. Pittock and Dean M. Wingerchuk</i>	
9. Ingested Type I Interferon in Experimental Autoimmune Encephalomyelitis .....	163
<i>Staley A. Brod</i>	
10. Neuromyelitis Optica .....	203
<i>Dean M. Wingerchuk</i>	
11. Transverse Myelitis: <i>Clinical Manifestations, Pathogenesis, and Management</i> .....	217
<i>Chitra Krishnan, Adam I. Kaplin, Deepa M. Deshpande, Carlos A. Pardo, and Douglas A. Kerr</i>	
12. Optic Neuritis: <i>Pathogenesis, Immunology, Diagnosis, and Clinical Management</i> .....	237
<i>Robert Zivadinov and Rohit Bakshi</i>	
13. Central Nervous System Vasculitis: <i>Pathogenesis, Immunology, and Clinical Management</i> .....	257
<i>Shariq Mumtaz, Marjorie R. Fowler, Eduardo Gonzales-Toledo, and Roger E. Kelley</i>	

14. Neurosarcoidosis: <i>Pathogenesis, Immunology, and Clinical Management</i> .....	269
<i>Dakshinamurty Gullapalli and Lawrence H. Phillips, II</i>	
15. Neuropsychiatric SLE: <i>Pathogenesis, Immunology, and Clinical Management</i> .....	291
<i>Deborah Aleman-Hoey and Robin L. Brey</i>	
16. Gene Expression in HIV-Associated Dementia .....	305
<i>Paul Shapshak, Alireza Minagar, Elda M. Duran, Fabiana Ziegler, Wade Davis, Raman Seth, and Toni Kazic</i>	
17. Human T-Lymphotropic Virus-Associated Neurological Disorders: <i>Pathogenesis, Immunology, and Clinical Management</i> .....	319
<i>Michael D. Lairmore, Bindhu Michael, Lee Silverman, and Amrithraj Nair</i>	
18. West Nile Virus Infection of the Nervous System: <i>Pathogenesis, Immunology, and Clinical Management</i> .....	337
<i>Douglas J. Lanska</i>	
Index .....	349
