Progress in Turbulence

Springer Proceedings in Physics 101, pp. 113–114

Erratum

Due to an error during the data conversion the figures on page 113 and 114 are not correct. Please find here the corrected version:

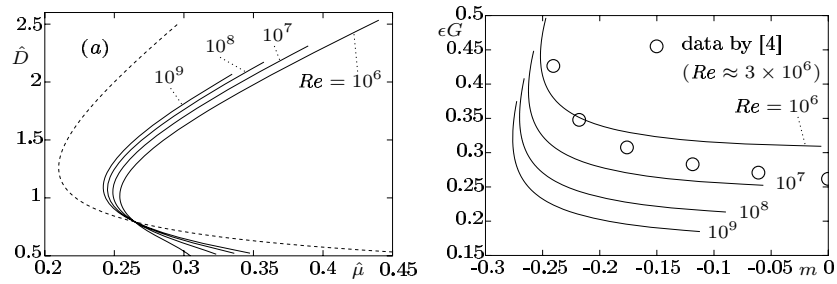

Fig. 1. (a) Canonical defect measure \hat{D} , (b) data for G by [4] taken from [3]

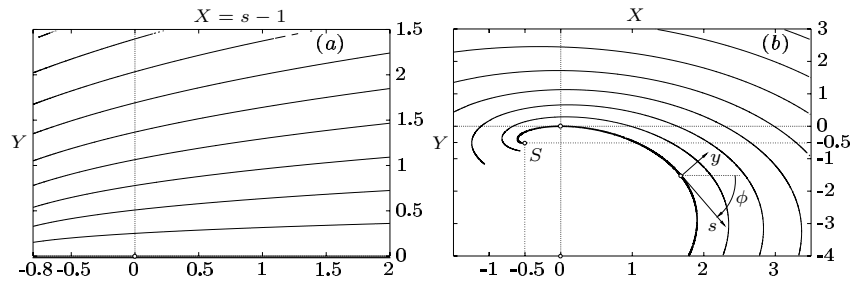

Fig. 2. Streamlines $\psi = 0, 0.25, 0.5, \dots$ and wall contour (bold): (a) $\Lambda = 0$, (b) $\Lambda = 1$

Progress in Turbulence
