

Table of Contents

Invited Paper

Databases in Grid Applications: Locality and Distribution	1
<i>Paul Watson</i>	

Spatio-temporal Databases

Spatial Hierarchies and Topological Relationships in the Spatial MultiDimER Model	17
<i>Elzbieta Malinowski and Esteban Zimányi</i>	
Multidimensional Structures Dedicated to Continuous Spatiotemporal Phenomena	29
<i>Taher Omran Ahmed and Maryvonne Miquel</i>	
TimeERplus: A Temporal EER Model Supporting Schema Changes	41
<i>Heidi Gregersen</i>	

Data Integration and Information Retrieval

Semantically Rich Materialisation Rules for Integrating Heterogeneous Databases	60
<i>M. Basel Al-Mourad, W. Alex Gray, and Nick J. Fiddian</i>	
Answering Queries Using Views in the Presence of Functional Dependencies	70
<i>Jun Hong, Weiru Liu, David Bell, and Qingyuan Bai</i>	
LAX: An Efficient Approximate XML Join Based on Clustered Leaf Nodes for XML Data Integration	82
<i>Wenxin Liang and Haruo Yokota</i>	
Exploitation of Referential Integrity Constraints for Efficient Update of Data Warehouse Views	98
<i>Carson Kai-Sang Leung and Wookey Lee</i>	
Correlation-Based Data Broadcasting in Wireless Networks	111
<i>Keke Cai, Huaizhong Lin, and Chun Chen</i>	
Hierarchical Group-Based Sampling	120
<i>Rainer Gemulla, Henrike Berthold, and Wolfgang Lehner</i>	
Using Schema Transformation Pathways for Data Lineage Tracing	133
<i>Hao Fan and Alexandra Poulouvassilis</i>	

XML

XDGL: XPath-Based Concurrency Control Protocol for XML Data 145
 Peter Pleshachkov, Petr Chardin, and Sergei Kuznetsov

Updating XML Using Object-Relational Database 155
 Pensri Amornsinlaphachai, M. Akhtar Ali, and Nick Rossiter

Applied Information Management

Image Retrieval Using Weighted Color Co-occurrence Matrix 161
 Dong Liang, Jie Yang, Jin-jun Lu, and Yu-chou Chang

Street Address Correction Based on Spelling Techniques 166
 Patricio Mois, Marcos Sepúlveda, and Humberto Proschle

Personalising Patient Information in the Real World 173
 Ben Sissons, W. Alex Gray, Anthony Bater, and David Morrey

Republishers in a Publish/Subscribe Architecture for Data Streams 179
 Alasdair J.G. Gray and Werner Nutt

Author Index 185

Database: Enterprise, Skills and Innovation
22nd British National Conference on Databases, BNCOD
22, Sunderland, UK, July 5-7, 2005, Proceedings
Jackson, M.; Nelson, D.; Stirk, S. (Eds.)
2005, XII, 185 p., Softcover
ISBN: 978-3-540-26973-1
