

# Contents

## I. HISTORICAL OVERVIEW

<b>1. The Emerging Science of Drug Abuse Prevention.....</b>	<b>3</b>
<i>William J. Bukoski</i>	
Introduction .....	3
Landmarks of Drug Abuse Prevention Science .....	4
The Future Direction of Drug Abuse Prevention Science:	
Bridging Neurobiological, Behavioral, and Prevention Sciences .....	10
The Public Health Model and Genetic Epidemiology .....	12
Prevention Research on Gene–Environment Interactions.....	13
The Importance of Basic Neurobiological Research for Prevention Science .....	15
The Interaction between Biology and Environment:	
Implications for Advancing Prevention Science .....	16
Summary .....	20

## II. SOCIAL CONTEXTS OF PREVENTION

<b>2. Effective Mass Media Strategies for Drug Abuse Prevention Campaigns.....</b>	<b>27</b>
<i>Philip Palmgreen and Lewis Donohew</i>	
Introduction .....	27
Effects of Televised Public Service Ads .....	29
What Works and Why .....	31
A Sensation-Seeking Approach to Drug Abuse Prevention .....	31
Sensation Seeking.....	32
Sensation Seeking and Substance Use.....	32
Message Sensation Value and SENTAR.....	34
Summary of SENTAR Principles .....	37
The Flexibility of SENTAR.....	38
Extensions to Nonmedia Settings.....	39

<b>3. Drug Abuse Prevention Curricula in Schools</b> .....	45
<i>Gilbert J. Botvin and Kenneth W. Griffin</i>	
Introduction .....	45
Traditional Prevention Approaches .....	46
Information Dissemination and Fear Arousal .....	46
Affective Education .....	48
Alternatives Programming .....	48
Social-Influence Approaches .....	50
Psychological Inoculation .....	50
Correcting Normative Expectations .....	50
Social Resistance Skills Training .....	51
Competence-Enhancement Approaches.....	60
Beyond Social Influences .....	60
Toward Generic Skills Training Approaches .....	61
Issues in School-Based Prevention .....	62
Program Development .....	62
Program Implementation .....	63
Program Evaluation .....	66
Program Dissemination .....	68
Conclusion .....	69
 <b>4. Dissemination of Research-Based Family Interventions for the Prevention of Substance Abuse</b> .....	75
<i>Karol L. Kumpfer and Steve Alder</i>	
Introduction .....	75
Adolescent Drug Abuse .....	76
Why Family-Strengthening Interventions Are Needed .....	76
Need To Improve the Dissemination of Effective Interventions.....	77
The Powerful Influence of Families on Youth .....	78
Family Protective and Resilience Factors .....	79
Literature and Practice Searches for Effective Family Interventions .....	79
Behavioral Parent Training .....	80
Family Skills Training or Behavioral Family Therapy .....	81
Family Therapy .....	82
In-Home Family Support .....	82
Family Interventions that Address Risk and Protective Factors .....	83
Principles of Effective Family-Focused Interventions .....	83
Dissemination of Effective Family-Focused Interventions .....	88
Recommended Future Family Intervention Research.....	89
Research on Effective Dissemination Strategies of Science-Based Family Programs.....	89
Applied Research on the Effectiveness of Science-Based Programs with Diverse Populations .....	90
Research on the Relative Effects of Family-Focused versus Child-Focused Interventions .....	90
Longitudinal Studies of Family Intervention Effectiveness .....	91
Cost-Benefit and Cost-Effectiveness Analyses .....	91
Conclusion .....	91

<b>5. Peers and the Prevention of Adolescent Drug Use</b> .....	101
<i>E. R. Oetting and R. S. Lynch</i>	
Introduction .....	101
The Paths to Drug Abuse .....	104
Developmental Stages in the Evolution of Drug Use .....	106
The Family .....	108
The School .....	109
Peers .....	110
Other Socialization Factors .....	111
Personality and the Formation of Deviant Peer Clusters.....	112
Deviant Norms .....	115
Sensation Seeking.....	115
Summary: Personality Traits and Deviance .....	116
Prevention and Peers.....	116
Changing Social Norms.....	118
Changing Risk Factors .....	119
Conclusion .....	119
 <b>6. Mobilizing Communities To Reduce Risk for Drug Abuse:</b>	
<b>A Comparison of Two Strategies</b> .....	129
<i>Michael W. Arthur, Charles D. Ayers, Kelly A. Graham, and J. David Hawkins</i>	
Introduction .....	129
Social Development Model .....	130
Community Mobilization .....	131
Overview of the Interventions .....	132
Method .....	133
Data Collection.....	133
Data Analysis .....	134
Results .....	134
Community Mobilization .....	134
Transfer of the Science-Based Prevention Technology .....	135
Completion of Community Risk Assessments .....	136
Completion of Risk-Reduction Action Plans.....	136
Implementation of Risk-Reduction Activities .....	138
Discussion .....	138
Implications for Science-Based Prevention Programming .....	140
Directions for Further Study.....	142
 <b>7. Community-Focused Drug Abuse Prevention</b> .....	145
<i>Barry M. Kibel and Harold D. Holder</i>	
Introduction .....	145
The Emergence of Coalitions.....	146
Beyond Simple System Solutions .....	147
Drug Abuse Prevention: What Works.....	150
Environmental Strategies .....	151
Oases of Stability .....	151
New Challenges for Community-Focused Planning .....	152
New Challenges for Community-Focused Evaluation .....	153

New Challenges for Community-Focused Research.....	154
Conclusion .....	155
<b>8. Drug Abuse Prevention in the Workplace .....</b>	<b>157</b>
<i>Royer F. Cook</i>	
Introduction.....	157
The Scope of the Problem: The Prevalence and Impact of Substance Abuse in the Work Force .....	158
Theoretical Perspectives.....	159
Programs, Practices, and Data .....	162
Employee Assistance Programs .....	162
Drug Testing Programs .....	163
Health Promotion Approaches .....	164
Conclusion.....	169
<b>9. Prevention Approaches in Methadone Treatment Settings:     Children of Drug Abuse Treatment Clients .....</b>	<b>173</b>
<i>Richard F. Catalano, Kevin P. Haggerty, and Randy R. Gainey</i>	
Introduction.....	173
Risk Factors for Teenage Drug Abuse .....	174
Prevention in a Treatment Context .....	178
Protective Factors .....	180
Principles for Treatment Programs for Children.....	180
Focus on Families .....	181
Parent Training .....	183
Home-Based Case Management .....	185
Program Implementation Issues.....	189
Outcome Summary .....	189
Benefits and Costs .....	190
Conclusion.....	190
 <b>III. PREVENTION AS SOCIAL CONTROL</b>	
<b>10. Drug Tests in Prevention Research.....</b>	<b>199</b>
<i>Robert L. DuPont and Keith E. Saylor</i>	
Introduction.....	199
Literature Review .....	200
Drug Testing in the Workplace .....	201
Drug Testing in the Criminal Justice System .....	202
Drug Testing in Athletic Programs .....	203
Drug Testing of Youth .....	203
Psychological Mechanisms of Drug Testing: A Social Cognitive Perspective .....	204
Outcome Expectations .....	204
Perceived Self-Efficacy .....	204
Why Use Drug Tests in Research?.....	205
Drug Tests and How They Work.....	208
Biology of Drug Use .....	208

Drug-Testing Technology .....	209
Other Methods .....	209
Samples Tested .....	209
Issues.....	211
Practical Questions .....	212
Conclusion.....	212
<b>11. Anti-Drug-Abuse Policies as Prevention Strategies .....</b>	<b>217</b>
<i>Mary Ann Pentz</i>	
Introduction.....	217
What is Prevention Policy?.....	218
Formal Regulations and Informal Directives.....	218
Supply and Demand Reduction .....	219
Levels of Prevention Policy: Federal, State, and Local .....	220
How Local Policy Change Fits the Federal Agenda .....	222
Theoretical Support for Local Policy Change .....	222
Research Support for Local Policy Change.....	224
Major Prevention Policy Research Issues.....	226
Proposed Research Methods .....	227
Formative Evaluation Research .....	227
Systemic Epidemiology .....	227
Content and Process of Policy Change.....	229
Developing Prevention Policy Typology .....	229
Developing Measures and Variables .....	231
Research and Measurement Designs .....	234
Development and Refinement of Analysis Methods.....	235
An Ideal Prevention Policy.....	235
Linking Compatible Policies .....	235
Implementation of Mutually Enhancing Policies .....	236
Use of Prevention Programs To Enhance Policy.....	237
Summary .....	237

#### IV. THEORETICAL AND EMPIRICAL FOUNDATIONS OF PREVENTION

<b>12. Forging a Relationship between Drug Abuse Epidemiology and Drug Abuse Prevention .....</b>	<b>245</b>
<i>Zili Sloboda</i>	
Introduction.....	245
The Roles of Epidemiology and Prevention .....	246
Epidemiology .....	246
Prevention.....	246
Defining Drug Abuse.....	246
Drug Use and Abuse in the United States .....	250
Prevalence (Existing Cases) of Drug Use .....	251
Incidence (New Cases) of Drug Use .....	252
Changing Trends in the Prevalence of Drug Use .....	253
Emerging Drug Abuse Patterns.....	255
