

CONTENTS

VII	Preface <i>M. Teschler-Nicola</i>
IX	Foreword <i>J. H. Schwartz/I. Tattersall</i>
1	Chapter 1 Szombathy's excavations in the Mladeč Cave and the first presentations of the results <i>W. Antl-Weiser</i>
17	Chapter 2 In search of prototypes – historical soft-tissue reconstructions of Mladeč 1 <i>M. Teschler-Nicola</i>
27	Chapter 3 The structure of the cave, stratigraphy, and depositional context <i>J. A. Svoboda</i>
41	Chapter 4 The Upper Paleolithic finds from the Mladeč Cave <i>M. Oliva</i>
75	Chapter 5 Taphonomic aspects of the human remains from the Mladeč Caves <i>M. Teschler-Nicola</i>
99	Chapter 6 Large mammal remains from the Mladeč Caves and their contribution to site formation processes <i>M. Pacher</i>
149	Chapter 7 ¹⁴ C dating of Early Upper Palaeolithic human and faunal remains from Mladeč <i>E. M. Wild, M. Teschler-Nicola, W. Kutschera, P. Steier and W. Wanek</i>
159	Chapter 8 Inventory and photo-documentation of the Mladeč hominid remains <i>M. H. Wolpoff, D. W. Frayer, E. Trinkaus and M. Teschler-Nicola</i>
185	Chapter 9 Aurignacian male crania, jaws and teeth from the Mladeč Caves, Moravia, Czech Republic <i>D. W. Frayer, J. Jelínek, M. Oliva and M. H. Wolpoff</i>
273	Chapter 10 Aurignacian female crania and teeth from the Mladeč Caves, Moravia, Czech Republic <i>M. H. Wolpoff, D. W. Frayer and J. Jelínek</i>
341	Chapter 11 Electronic segmentation methods reveal the preservation status and otherwise unobservable features of the Mladeč 1 cranium <i>H. Prossinger and M. Teschler-Nicola</i>

357	Chapter 12 The Mladeč 3 infant <i>N. Minugh-Purvis, Th. Bence Viola and M. Teschler-Nicola</i>
385	Chapter 13 The human postcranial remains from Mladeč <i>E. Trinkaus, F. H. Smith, T. C. Stockton and L. L. Shackelford</i>
447	Chapter 14 Lost, destroyed or misidentified postcranial specimens from Mladeč <i>M. H. Wolpoff, D. W. Frayer and J. Jelínek</i>
453	Chapter 15 External geometry of Mladeč neurocrania compared with anatomically modern humans and Neandertals <i>G. W. Weber, P. Gunz, P. Mitteröcker, A. Stadlmayr, F. L. Bookstein and H. Seidler</i>
473	Chapter 16 Pathological alterations and traumas in the human skeletal remains from Mladeč <i>M. Teschler-Nicola, C. Czerny, M. Oliva, D. Schamall and M. Schultz</i>
491	Chapter 17 No evidence of Neandertal mtDNA contribution to early modern humans <i>D. Serre, A. Langaney, M. Chech, M. Teschler-Nicola, M. Paunovic, P. Mennecier, M. Hofreiter, G. Possnert and S. Pääbo</i>
505	Chapter 18 Non-destructive determination of $^{87}\text{Sr}/^{86}\text{Sr}$ isotope ratios in early Upper Paleolithic human teeth from the Mladeč Caves – preliminary results <i>T. Prohaska, M. Teschler-Nicola, P. Galler, A. Přichystal, G. Stinger, M. Jelenc and U. Klötzli</i>
515	List of contributors

Early Modern Humans at the Moravian Gate

The Mladec Caves and their Remains

Teschler-Nicola, M. (Ed.)

2006, XVI, 528 p., Hardcover

ISBN: 978-3-211-23588-1
