Introduction	1
1. Subject and Approach	1
2. Monetary Competition between Europe and America.....	2
3. Monetary Cooperation between Europe and America	5
4. Fiscal Competition between Germany and France	5
5. Fiscal Cooperation between Germany and France.....	7
6. Monetary and Fiscal Competition	8
7. Monetary and Fiscal Cooperation	9
Part One. Basic Models of a Monetary Union	11
Chapter 1. The Small Monetary Union of Two Countries	13
1. Introduction	13
2. The Market for German Goods	13
3. The Market for French Goods	14
4. The Money Market of the Union.....	15
5. The Model	16
6. The Total Differential.....	16
7. Fiscal Policy	18
8. Monetary Policy	19
Chapter 2. The World as a Whole	20
Chapter 3. The World of Two Monetary Regions	24
1. Introduction	24
2. The Market for European Goods.....	24
3. The Market for American Goods	25
4. The European Money Market	26
5. The American Money Market.....	26
6. The Model	27
7. The Total Differential.....	27

8. Fiscal Policy	29
9. Monetary Policy	31

Chapter 4. The Large Monetary Union of Two Countries	33
1. Introduction	33
2. The Market for German Goods	34
3. The Market for French Goods	35
4. The Market for American Goods	36
5. The European Money Market	37
6. The American Money Market	37
7. The Model	37
8. The Total Differential.....	38
9. Fiscal Policy	40

Part Two. Monetary Interactions between Europe and America.....	43
--	-----------

Chapter 1. Monetary Competition between Europe and America	45
1. The Dynamic Model.....	45
2. Some Numerical Examples	53
2.1. The Case of Unemployment.....	54
2.2. Europe and America Differ in Unemployment	57
2.3. The Case of Inflation	59
2.4. Unemployment in Europe, Inflation in America.....	61
3. Alternative Targets of the European Central Bank	64
4. The Anticipation of Policy Spillovers	68

Chapter 2. Monetary Cooperation between Europe and America	71
1. The Model	71
2. Some Numerical Examples	74
3. Alternative Targets of the European Central Bank	79

Part Three. Fiscal Interactions between Germany and France83

Chapter 1. Fiscal Competition between Germany and France85

1. The Dynamic Model.....85
2. Some Numerical Examples92
 - 2.1. Unemployment in Germany and France.....93
 - 2.2. Unemployment in Germany, Overemployment in France96

Chapter 2. Fiscal Cooperation between Germany and France99

1. The Model99
2. Some Numerical Examples101

Part Four. Monetary and Fiscal Interactions: Intermediate Models.....105

Chapter 1. Competition between European Central Bank, German Government, and French Government.....107

1. The Dynamic Model.....107
2. Some Numerical Examples109
 - 2.1. Unemployment in Europe, Full Employment in America110
 - 2.2. Inflation in Europe, Price Stability in America113
 - 2.3. First the Governments Decide, then the Central Bank Decides115

Chapter 2. Cooperation between European Central Bank, German Government, and French Government.....120

1. The Model120
2. Some Numerical Examples122
 - 2.1. Unemployment in Europe, Full Employment in America122
 - 2.2. Inflation in Europe, Price Stability in America124
 - 2.3. Alternative Targets of Policy Cooperation.....124

Chapter 3. Competition between**European Central Bank, American Central Bank,
German Government, and French Government.....127**

1. The Dynamic Model.....127
2. Some Numerical Examples129
 - 2.1. The Case of Unemployment.....130
 - 2.2. Europe and America Differ in Unemployment133

Chapter 4. Cooperation between**European Central Bank, American Central Bank,
German Government, and French Government.....137**

1. The Model137
2. Some Numerical Examples140
 - 2.1. The Case of Unemployment.....140
 - 2.2. Europe and America Differ in Unemployment142
 - 2.3. The Case of Inflation143
 - 2.4. Unemployment in Europe, Inflation in America.....144
 - 2.5. Alternative Targets of Policy Cooperation.....145

Part Five. Monetary and Fiscal Interactions:**Advanced Models147****Chapter 1. Cold-Turkey Policies: Simultaneous Decisions.....149****Chapter 2. Gradualist Policies: Simultaneous Decisions155****Chapter 3. Fast Monetary Competition and Slow Fiscal Competition161****Chapter 4. Monetary Cooperation between Europe and America,
Fiscal Competition between Germany and France165**

1. The Model165
2. Some Numerical Examples166
 - 2.1. The Case of Unemployment.....167
 - 2.2. The Case of Inflation170
 - 2.3. Unemployment in Europe, Inflation in America.....172

Chapter 5. Monetary Cooperation between Europe and America, Fiscal Cooperation between Germany and France.....	175
1. The Model	175
2. Some Numerical Examples	177
2.1. The Case of Unemployment.....	178
2.2. The Case of Inflation	180
2.3. Unemployment in Europe, Inflation in America	182
 Chapter 6. Policy Cooperation within Europe, Policy Competition between Europe and America	 184
1. The Model	184
2. A Numerical Example	186
 Part Six. Rational Policy Expectations	 191
 Chapter 1. Monetary Competition between Europe and America	 193
Chapter 2. Fiscal Competition between Germany and France	198
Chapter 3. Monetary and Fiscal Competition: Sequential Decisions.....	203
Chapter 4. Monetary and Fiscal Competition: Simultaneous Decisions.....	212
Chapter 5. Monetary Cooperation between Europe and America, Fiscal Competition between Germany and France.....	214
Chapter 6. Policy Cooperation within Europe, Policy Competition between Europe and America	219
 Synopsis	 227
 Conclusion	 231
1. Monetary Competition between Europe and America.....	231
2. Monetary Cooperation between Europe and America	236
3. Fiscal Competition between Germany and France	238
4. Fiscal Cooperation between Germany and France.....	241

5. Monetary and Fiscal Competition: Cold-Turkey Policies.....	243
6. Monetary and Fiscal Competition: Gradualist Policies.....	247
7. Monetary and Fiscal Cooperation	248
8. Monetary Cooperation and Fiscal Competition	250
9. Monetary Cooperation and Fiscal Cooperation	253
10. Rational Policy Expectations	256
