

---

## List of Contents

Making Myc . . . . .	1
<i>J. Liu and D. Levens</i>	
Transcriptional Activation by the Myc Oncoprotein . . . . .	33
<i>M. D. Cole and M. A. Nikiforov</i>	
Mechanisms of Transcriptional Repression by Myc . . . . .	51
<i>D. Kleine-Kohlbrecher, S. Adhikary, and M. Eilers</i>	
The Mad Side of the Max Network: Antagonizing the Function of Myc and More . . . . .	63
<i>S. Rottmann and B. Lüscher</i>	
Structural Aspects of Interactions Within the Myc/Max/Mad Network . . . . .	123
<i>S. K. Nair and S. K. Burley</i>	
Myc Target Transcriptomes . . . . .	145
<i>L. A. Lee and C. V. Dang</i>	
c-Myc, Genome Instability, and Tumorigenesis: The Devil Is in the Details . . . . .	169
<i>M. Wade and G. M. Wahl</i>	
Lessons Learned from Myc/Max/Mad Knockout Mice . . . . .	205
<i>M. Pirity, J. K. Blanck, and N. Schreiber-Agus</i>	
Myc/Max/Mad in Invertebrates: The Evolution of the Max Network . . . . .	235
<i>P. Gallant</i>	
The Mlx Network: Evidence for a Parallel Max-Like Transcriptional Network That Regulates Energy Metabolism . . . . .	255
<i>A. N. Billin and D. E. Ayer</i>	
Subject Index . . . . .	279

The Myc/Max/Mad Transcription Factor Network

Eisenman, R.N. (Ed.)

2006, VII, 282 p., Hardcover

ISBN: 978-3-540-23968-0
