# Contents

|          |  |     |
|----------|--|-----|
| <b>1</b> | <b>Introduction</b>                            | 1   |
| <b>2</b> | <b>Facts on Measurements and Visualization</b> | 11  |
| 2.1      | Metrics and Thresholds                         | 13  |
| 2.2      | Visualizing Metrics and Design                 | 18  |
| 2.3      | Conclusions and Outlook                        | 21  |
| <b>3</b> | <b>Characterizing the Design</b>               | 23  |
| 3.1      | The Overview Pyramid                           | 24  |
| 3.2      | Polymetric Views                               | 33  |
| 3.3      | Metrics at Work                                | 40  |
| 3.4      | Conclusions and Outlook                        | 44  |
| <b>4</b> | <b>Evaluating the Design</b>                   | 45  |
| 4.1      | Detection Strategies                           | 48  |
| 4.2      | The Class Blueprint                            | 58  |
| 4.3      | Conclusions and Outlook                        | 70  |
| <b>5</b> | <b>Identity Disharmonies</b>                   | 73  |
| 5.1      | Rules of Identity Harmony                      | 73  |
| 5.2      | Overview of Identity Disharmonies              | 78  |
| 5.3      | God Class                                      | 80  |
| 5.4      | Feature Envy                                   | 84  |
| 5.5      | Data Class                                     | 88  |
| 5.6      | Brain Method                                   | 92  |
| 5.7      | Brain Class                                    | 97  |
| 5.8      | Significant Duplication                        | 102 |
| 5.9      | Recovering from Identity Disharmonies          | 109 |

|          |  |     |
|----------|--|-----|
| <b>6</b> | <b>Collaboration Disharmonies</b>            | 115 |
| 6.1      | Collaboration Harmony Rule                   | 115 |
| 6.2      | Overview of Collaboration Disharmonies       | 118 |
| 6.3      | Intensive Coupling                           | 120 |
| 6.4      | Dispersed Coupling                           | 127 |
| 6.5      | Shotgun Surgery                              | 133 |
| 6.6      | Recovering from Collaboration Disharmonies   | 137 |
| <b>7</b> | <b>Classification Disharmonies</b>           | 139 |
| 7.1      | Classification Harmony Rules                 | 139 |
| 7.2      | Overview of Classification Disharmonies      | 143 |
| 7.3      | Refused Parent Bequest                       | 145 |
| 7.4      | Tradition Breaker                            | 152 |
| 7.5      | Recovering from Classification Disharmonies  | 159 |
| <b>A</b> | <b>Catalogue of Metrics Used in the Book</b> | 163 |
| A.1      | Elements of a Metric Definition              | 163 |
| A.2      | Alphabetical Catalogue of Metrics            | 167 |
| <b>B</b> | <b><i>iPlasma</i></b>                        | 175 |
| B.1      | Introduction                                 | 175 |
| B.2      | <i>iPlasma</i> at Work                       | 175 |
| B.3      | Industrial Validation                        | 179 |
| B.4      | Tool Information                             | 180 |

Object-Oriented Metrics in Practice  
Using Software Metrics to Characterize, Evaluate, and  
Improve the Design of Object-Oriented Systems

Lanza, M.; Marinescu, R.

2006, XIV, 207 p., Hardcover

ISBN: 978-3-540-24429-5
