List of Contributors.....	xi
----------------------------------	-----------

Part I. Trends in Technologies

1. A Systems Approach to Viable RFID Implementation in the Supply Chain	
<i>Can Saygin, Jagannathan Sarangapani and Scott E.Grasman</i>	<i>3</i>
2. Applications of RFID in Supply Chains	
<i>Gary M. Gaukler and Ralf W. Seifert</i>	<i>29</i>
3. A Tool Set for Exploring the Value of RFID in a Supply Chain	
<i>Ying Tat Leung, Feng Cheng, Young M. Lee, and James J. Hennessy.....</i>	<i>49</i>
4. The Effect of RFID on Inventory Management and Control	
<i>Uttarayan Bagchi, Alfred L. Guiffrida, Liam O'Neill, Amy Z. Zeng, and Jack C. Hayya</i>	<i>71</i>
5. Mobile Supply Chain Event Management Using Auto-ID and Sensor Technologies – A Simulation Approach	
<i>Frank Teuteberg and Ingmar Ickerott</i>	<i>93</i>
6. Impact of Information Technology on Supply Chain Management	
<i>Enver Yücesan</i>	<i>127</i>
7. An Agent-based Approach to Enhance Supply Chain Agility in a Heterogeneous Environment	
<i>Chun-Che Huang, Tzu-Liang (Bill) Tseng, Hong-Fu Chuang, and Yu-NengFan</i>	<i>149</i>

Part II. Trends in Methodologies

Supply Chain Design

8. **Design of Reverse Logistics Networks for MultiProducts, Multistates, and Multiprocessing Alternatives**
Marc Chouinard, Sophie D'Amours, and Daoud Aït-Kadi181
9. **Transforming the Government Value Chain: Emerging Business Models and Enabling Technologies**
Nikolaos A. Panayiotou, Stavros T. Ponis, and Sotiris P. Gayialis213
10. **Beyond Partnerships: The Power of Lean Supply Chains**
Leonardo Rivera, Hung-da Wan, F. Frank Chen, and Woo Min Lee241
11. **Diverse Production and Distribution Models in Supply Chains: A Semiconductor Industry Case**
Young Hoon Lee and Kyung Hwan Kang269

Decentralized Supply Chains

12. **Decentralized Supply Chain Planning for Two Classified Supply Chains**
Hosang Jung and F. Frank Chen289
13. **Multiagent System Approach for Dynamic Lot-sizing in Supply Chains**
Seokcheon Lee and Soundar Kumara311
14. **Integrating Transport into Supply Chains: Vendor Managed Inventory (VMI)**
Andrew Potter, Denis R. Towill, and Stephen M. Disney331

Supply Chain Uncertainty

15. Supply Uncertainty and Diversification: A Review
M. Mahdi Tajbakhsh, Saeed Zolfaghari, and Chi-Guhn Lee345

16. Quantitative Robustness Index Design for Supply Chain Networks
Ming Dong and F. Frank Chen369

17. Impact of Reducing Uncertainty in European Supply Chains
Paul Childerhouse and Denis R. Towill393

Available-To-Promise

18. Analyzing the Effectiveness of the Availability Management Process
Young M. Lee411
