Foreword by <i>Daniel J. Murphy, Jr.</i> .....	v
Preface .....	vii
1 Septal Defects .....	1
1.1. Interatrial Communication .....	1
1.1.1. Secundum Atrial Septal Defect .....	1
1.1.2. Primum Atrial Septal Defect .....	8
1.1.3. Superior Vena Cava Defect .....	10
1.1.4. Inferior Vena Cava Defect .....	13
1.1.5. Coronary Sinus Defect .....	13
1.1.6. Confluent or Common Atrium .....	13
1.1.7. Management of Atrial Septal Defects .....	14
1.2. Ventricular Septal Defect .....	16
1.2.1. Classification .....	16
1.2.2. Complications of Ventricular Septal Defect .....	17
1.2.3. Management .....	21
1.2.4. Intraoperative Echocardiography .....	21
1.3. Atrioventricular Septal Defects .....	22
1.3.1. Echocardiography .....	22
1.3.2. Follow Up .....	24
2 Left Ventricular Inflow Obstruction .....	25
2.1. Cor Triatriatum .....	25
2.1.1. Echocardiographic Examination .....	25
2.2. Supramitral Valve Membrane .....	27
2.2.1. Management .....	27
2.3. Mitral Stenosis .....	27
2.3.1. Double Orifice Mitral Valve .....	27
2.3.2. Parachute Mitral Valve .....	27
2.4. Mitral Valve Prolapse .....	28
2.4.1. Assessment of Mitral Valve Regurgitation .....	29

2.5. Partial Anomalous Pulmonary Venous Connections .....	37
2.5.1. Subcostal Imaging .....	37
2.5.2. Parasternal Imaging .....	38
2.5.3. Suprasternal Imaging .....	38
2.6. Seimitar Syndrome .....	38
2.6.1. Management .....	38
 3 Left Ventricular Outflow Tract Lesions .....	39
3.1. Valvar Aortic Disease .....	39
3.1.1. Echocardiographic Examination .....	39
3.1.2. Management .....	42
3.1.3. Complications .....	43
3.2. Subvalvar Aortic Stenosis .....	45
3.2.1. Echocardiographic Examination .....	45
3.2.2. Management .....	45
3.3. Small Aortic Root .....	47
3.3.1. Associated Abnormalities .....	47
3.4. Supravalvar Aortic Stenosis .....	49
3.4.1. Echocardiographic Examination .....	49
3.5. Marfan Syndrome .....	50
3.5.1. Echocardiographic Examination .....	50
3.6. Aneurysmal Aortic Root .....	52
3.6.1. Sinus of Valsalva Aneurysms and Ruptured Sinus of Valsalva .....	53
3.7. Postoperative Aortic Valve .....	55
3.7.1. Xenograft .....	55
3.7.2. Aortic Homograft .....	56
3.7.3. Aortic Autograft (Ross Procedure) .....	57
3.7.4. Mechanical Valves .....	58
 4 Disease of the Aorta .....	59
4.1. Patent Ductus Arteriosus .....	59
4.1.1. Echocardiographic Examination .....	59
4.2. Coarctation of Aorta .....	60
4.2.1. Management .....	61
4.3. Interruption of the Aortic Arch .....	62
4.4. Common Arterial Trunk .....	62
 5 Tricuspid Valve Abnormalities .....	65
5.1. Ebstein Anomaly .....	65
5.2. Tricuspid Valve Prolapse .....	67
5.3. Tricuspid Valve Stenosis .....	67
5.4. Double Orifice Tricuspid Valve .....	71

6	Right Ventricular Outflow Tract Lesions .....	72
6.1.	Pulmonary Valve Stenosis and Regurgitation .....	72
6.2.	Double Chamber Right Ventricle .....	75
6.2.1.	Definition .....	75
7	Other Congenital Heart Diseases with Major Right Ventricular Involvement .....	77
7.1.	Tetralogy of Fallot .....	77
7.1.1.	Natural History and Surgical Management .....	77
7.1.2.	Echocardiographic Assessment .....	78
7.2.	Pulmonary Atresia with Ventricular Septal Defect .....	91
7.2.1.	Native Survivals (Unrepaired) .....	91
7.2.2.	Repaired Patients .....	92
7.3.	Transposition of the Great Arteries (Ventriculoarterial Discordance) .....	94
7.3.1.	Unoperated Transposition of Great Arteries .....	94
7.3.2.	Transposition of Great Arteries Post Surgical Repair .....	95
7.4.	Eisenmenger Syndrome .....	100
7.5.	Congenitally Corrected Transposition of Great Arteries .....	107
7.6.	Double Outlet Right Ventricle .....	111
8	Univentricular Heart (Single Ventricle) .....	112
8.1.	Unoperated Univentricular Heart .....	112
8.1.1.	Double Inlet Ventricle .....	112
8.1.2.	Atrioventricular Valve Morphology and Function .....	114
8.1.3.	Ventricular Morphology and Function .....	114
8.1.4.	Position of the Outlet Chamber and the Size of the Interventricular Communication .....	115
8.1.5.	Great Vessel Position and Ventriculoarterial Connection .....	115
8.2.	Postsurgical Palliation .....	115
8.2.1.	Single Ventricle and Atrial Arrhythmia .....	116
9	Congenital Anomalies of the Coronary Arteries .....	117
9.1.	Ectopic Origin of the Coronary Artery from the Aorta .....	117
9.2.	Anomalous Origin of the Left Coronary Artery from the Pulmonary Artery .....	117
9.3.	Coronary Arteriovenous Fistula .....	119
9.3.1.	Echocardiographic Examination .....	119
9.4.	Coronary Artery Aneurysm (Kawasaki Disease) .....	121

10	Infective Endocarditis .....	122
11	Others .....	126
11.1.	Myocarditis and Dilated Cardiomyopathy .....	126
11.2.	Constrictive Pericarditis and Restrictive Cardiomyopathy .....	126
11.3.	Ideopathic Pulmonary Arterial Hypertension .....	129
11.3.1	Assessing the Severity of Pulmonary Hypertension .....	130
	Further Reading .....	133
	Bibliography .....	135
	Glossary .....	139
	Index .....	179

Echocardiography in Adult Congenital Heart Disease

Li, W.; Henein, M.; Gatzoulis, M.A.

2007, XII, 185 p. 158 illus., 107 illus. in color.,

Hardcover

ISBN: 978-1-84628-815-9
