
CONTENTS

Prologue.....	1
1 Research Organization: Bell Telephone Laboratories	11
2 Grown Junction and Diffused Transistors	41
3 Shockley Semiconductor Laboratories.....	67
4 Fairchild Semiconductor Corporation – Subsidiary of Fairchild Camera and Instrument Company	103
5 Driving the Company Out of Business	155
6 Integrated Circuits outside Fairchild Semiconductor	175
7 Linear Integrated Circuits: Pre-Widlar Era Prior to 1963.....	229
8 Robert J. Widlar – The Genius, The Legend, The Bohemian	247
9 National Semiconductor – A New Type of Semiconductor Company	291
10 The MOS Transistor	317
Epilogue	375
Name Index	381
